

## WHAT WILL CURE MY BACK?

Common sense will do more to cure backache than anything else. "Will tell you whether the kidneys are sore, swollen and aching. It will tell you in that case that there is no use trying to cure it with a plaster. If the passages are scant or too frequent, proof that there is kidney trouble is complete. Then common sense will tell you to use Doan's Kidney Pills, the best recommended special kidney remedy."

### A TYPICAL CASE—

Fred A. Campbell, Atlantic Ave., Boothbay Harbor, Me., says: "I cannot describe the awful pain I endured. The kidneys were in terrible condition; pain in voiding urine was intense and often passed blood. For weeks I was laid up in bed. Doan's Kidney Pills permanently cured me after I had doctored without relief."

AT ALL DEALERS 50c. a Box  
**DOAN'S Kidney Pills**

## MEXICAN MUSTANG LINIMENT

### CURED A BAD SPAVIN.

Mr. B. H. Ivey, Marion, N.C., writes: "My horse had a very bad case of spavin and nothing did any good until I tried your Mustang Liniment. I rubbed the spavin frequently with the liniment and soon saw an improvement. I did this three or four times a day and my horse was completely cured. It is sure to cure if properly used."

### PRIVILEGED CLASS.

Cholly—This is leap year, Mrs. Twicewed. Great time for widows. Mrs. Twicewed—Oh! We widows don't have to wait for leap year to propose.

### Another Use for Medicine.

A Chicago family which employs as its butler an old-fashioned negro was constantly annoyed by the doorbell of the house getting out of order. On several occasions an electrician, who used some sort of white powder in his work, had been called in to fix the bell.

One evening when there were guests at dinner, one of them complained of a sore throat. The mistress of the house turned to the butler and said: "Sam, when dinner is over, go to the drug store and get a small bottle of Dobell's solution."

"Before de Lawd!" exclaimed the negro in genuine distress. "Is dat do-bell out of ordah ag'in?"—Popular Magazine.

### COFFEE HURTS One in Three.

It is difficult to make people believe that coffee is a poison to at least one person out of every three, but people are slowly finding it out, although thousands of them suffer terribly before they discover the fact.

A New York hotel man says: "Each time after drinking coffee I became restless, nervous and excited, so that I was unable to sit five minutes in one place, was also inclined to vomit and suffer from loss of sleep, which got worse and worse."

"A lady said that perhaps coffee was the cause of my trouble, and suggested that I try Postum. I laughed at the thought that coffee hurt me, but she insisted so hard that I finally had some Postum made. I have been using it in place of coffee ever since, for I noticed that all my former nervousness and irritation disappeared. I began to sleep perfectly, and the Postum tasted as good or better than the old coffee, so what was the use of sticking to a beverage that was injuring me?"

"One day on an excursion up the country I remarked to a young lady friend on her greatly improved appearance. She explained that some time before she had quit using coffee and taken to Postum. She had gained a number of pounds and her former palpitation of the heart, humming in the ears, trembling of the hands and legs and other disagreeable feelings had disappeared. She recommended me to quit coffee and take Postum and was very much surprised to find that I had already made the change."

"She said her brother had also received great benefits from leaving off coffee and taking on Postum." "There's a reason."

Never read the above letters? A new one appears from time to time. They are genuine, true, and full of human interest.

## NEW LAWS FOR MARINE SERVICE

### CONGRESS TO MAKE INVESTIGATION IN MANNER OF EQUIPPING SHIPS.

### THE VESSELS ARE TOO LARGE

Inquiry to Be Made by Merchant Marine and Fisheries Committee—Government Control of the Wireless Telegraph Will Be Urged at Once.

Washington.—A searching investigation by the House into the sinking of the Titanic was provided in a resolution offered by Representative Mott of New York (Republican), with a view to the enactment of legislation providing for proper safeguards for human life on board all vessels arriving at or leaving United States ports.

The inquiry will be made by the merchant marine and fisheries committee, which will be endowed with all the powers of a high court.

Representative Alexander, chairman of the committee, declared this catastrophe should stop the building of such enormous vessels, for which there was no commercial need. This could be accomplished, he said, by legislation to limit the size of ocean-going vessels admitted to American ports. "This committee will soon report a bill to regulate radio-communication," said Mr. Alexander.

"There should be an international agreement for protection of sea traffic, regulation of the size of ships and designation of what routes vessels should travel at different seasons. If the Titanic had taken a longer southern route the disaster would not have occurred."

The necessity of some sort of governmental control over the operation of radio-telephony was forcibly brought home to government officials by the Titanic disaster.

President Taft was in conference at the White House for nearly two hours with some of his Cabinet officers whose functions cover the operations of this new system of telephony.

### Final Roll of Rescued Made Up.

New York.—That the final roll of the rescued from the Titanic disaster had practically been made up was the impression that grew almost into conviction as the hours wore on without the revision of lists adding measurably to the total of known survivors.

Of definite news of the disaster little has been added. Down the Atlantic coast, fog enveloped in many places as the report showed, crept the Cunarder Carpathia, bearing on her the 868 lives that had been snatched from the water when the Titanic's twenty boats, laden to their limit, one by one made their way from the giant liner as it became known that she was soon to take her fatal plunge.

### Rebels Capture Important City.

Washington.—Culcan, capital of Sinaloa, has been captured by the Mexican rebels, according to state department advices. Guerrero was added to the list of states where the insurrecto movement is growing. It is now denied from Salina Cruz, the western terminus of the Tehuantepec railroad that this line is menaced.

### Provides Funds to Protect Levees.

Washington, D. C.—The senate passed the house bill to appropriate \$300,000 in addition to the \$350,000 already provided to maintain and protect the levees on the Mississippi river against the impending flood. The bill now goes to the president, who urged this action in a special message.

### Delegation Froms Taft.

Dover, Del.—The republican state convention, in session here elected a national convention delegation which was not pledged, but which favors President Taft.

### Bailey Off Finance Committee.

Washington.—Senator Bailey, ranking member of the Senate finance committee, notified his colleagues on the committee that he would not be able to perform his duties in connection with the consideration of the tariff bills now before the Senate. He suggested that Senator Simmons be selected to do the work he was to have done, and at a meeting of the Democratic members of the committee it was unanimously agreed that Senator Simmons should take charge of the floor of the Senate.

### Mrs. Opie Grace on Trial.

Atlanta, Ga.—At her preliminary hearing, Mrs. Daisy Opie Grace was bound over to the grand jury on a charge of shooting her husband, Eugene H. Grace, with intent to murder. Her bond of \$7,500 was continued. The hearing had been set for earlier in the day but was reset to escape a large crowd which filled the court room. What appeared to be the most damaging testimony to the defendant was given by the negro cook at the Grace home.

## TRESPASSERS ON RAILROADS

Many Lives Lost Every Year From This Cause—Reasons Why Trempassing Should be Stopped.

Washington, D. C.—Statistics compiled by the Interstate Commerce Commission are directing popular attention strongly to the large number of people who are annually killed and injured while trespassing on the property of the railways of the United States. Referring to this subject in an address delivered before the Railroad Club of Richmond, Va., President Finley, of the Southern Railway Company, said:

"While speaking on the subject of preventable accidents, let me call attention to the great loss of life on American railways by trespassers on railway property. I will make no mention of the thousands of cases of personal injuries sustained annually by persons trespassing on railway property, in connection with which the railways are called upon to pay out annually large sums, or of the great damage done to railway property caused by acts of trespassers. I will simply refer to the loss of life."

"The statistics of the Interstate Commerce Commission show that no less than 51,083 people were killed while trespassing on the property of the railways of this country during the ten years, 1902-1911, and that out of the total number of people, 16,396, killed for the year ended June 30, 1911, 5,284, or more than 50 per cent, were trespassers. The railways, at an expense of millions of dollars for the installation of block signals, have carried the prevention of collisions so far that the total number of passengers and employees killed in such accidents annual is about 400. While we should aim, through greater efficiency of operation, to eliminate these accidents entirely, it is not worth while, for the governments to take some action to stop the evil of trespassing which costs an average of over 5,000 lives annually."

"If for no other reason than for the protection of those who participate in it, trespassing should be abolished in some way. I mention this in the hope that not only those interested in the welfare and prosperity of our railways, but in the welfare of the nation, will do everything that is within their power to aid in bringing about the enactment of such reasonable and helpful legislation as will result in a great saving of life, and, at the same time, relieve the railways of the country of considerable trouble and expense."

### Recreation of Authors.

Emerson Hough, author of The Mississippi Bubble, 54-40 or Fight, The Purchase Price, etc., spends several weeks each year hunting and fishing.

Frederic Isham is a confirmed globe-trotter. The Social Buccaneer and other novels from his pen have been written as he traveled.

James Whitcomb Riley is a lover of nature. Now he spends much of his time in a big motor car.

Wells Hastings, who wrote The Man in the Brown Derby, is an art critic. Much of his leisure time is passed in the galleries.

Harold MacGrath is fond of travel and visiting with friends. He says: The Carpet From Bagdad gave him a fine excuse to go to the Orient.

Kate Trible Sharber, who can claim At the Age of Eve as her very own, is a great reader of serious things.

William Johnston wrote The Yellow Letter for recreation. During work hours he is a practical newspaper man.

Lloyd Osborne is an enthusiastic member of the Lambs' Club. A Person of Some Importance was partly written in the club-house writing room.

Miss I. A. R. Wylie studies international questions. The Germans admirably sets forth her ideas on this subject.

Howard Chandler Christy, the artist is fond of out-of-door life, plays tennis and takes an active interest in the work about his farm.

Henry Russell Miller cultivates a back-yard garden. The Man Higher Up was written for recreation, but His Rise to Power was a serious effort.

Harris Dickson, who has made Old Reliable famous, visits New York City and his college at Washington, once a year.

Mrs. May Futrelle, author of Secretary of Frivolous Affairs, cultivates rare flowers.

### Leaders Stand by Economy Idea.

Washington.—Democratic leaders of the house have determined to stand by their plans for economy in the appropriation supply bills and have served notice that the first clash will soon come in conference on the army appropriation bill. The senate committee on military affairs added to the house bill \$7,537,463. The house Democrats declare that if anything will delay an adjournment of Congress in time for the national conventions it will be a refusal of the senate conferees to yield on the supply bills.

### A Rich Young Grand Duchess.

London.—The new Grand Duchess Marie of Luxemburg will be very rich for she succeeds to nearly all the immense fortune of her father, the late grand duke, who was very wealthy and spent large sums on the duchy. He used to pay the diplomatic representatives whom he maintained at Berlin, Paris, Vienna, Brussels and The Hague. In London Luxemburg is represented by the Netherlands minister. The grand duchess has been very carefully brought up. She has learned many languages.

## What is Castoria.

**CASTORIA** is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, all Teething Troubles and Diarrhoea. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher, and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

Exact Copy of Wrapper.

## Letters from Prominent Physicians addressed to Chas. H. Fletcher.

Dr. Albert W. Kohl, of Buffalo, N. Y., says: "I have used Castoria in my practice for the past 26 years. I regard it as an excellent medicine for children."

Dr. Gustave A. Eisengraeber, of St. Paul, Minn., says: "I have used your Castoria repeatedly in my practice with good results, and can recommend it as an excellent, mild and harmless remedy for children."

Dr. E. J. Dennis, of St. Louis, Mo., says: "I have used and prescribed your Castoria in my sanitarium and outside practice for a number of years and find it to be an excellent remedy for children."

Dr. S. A. Buchanan, of Philadelphia, Pa., says: "I have used your Castoria in the case of my own baby and find it pleasant to take, and have obtained excellent results from its use."

Dr. J. E. Simpson, of Chicago, Ill., says: "I have used your Castoria in cases of colic in children and have found it the best medicine of its kind on the market."

Dr. R. E. Eskildson, of Omaha, Neb., says: "I find your Castoria to be a standard family remedy. It is the best thing for infants and children I have ever known and I recommend it."

Dr. L. R. Robinson, of Kansas City, Mo., says: "Your Castoria certainly has merit. Is not its age, its continued use by mothers through all these years, and the many attempts to imitate it, sufficient recommendation? What can a physician add? Leave it to the mothers."

Dr. Edwin F. Pardee, of New York City, says: "For several years I have recommended your Castoria and shall always continue to do so, as it has invariably produced beneficial results."

Dr. N. B. Sizer, of Brooklyn, N. Y., says: "I object to what are called patent medicines, where maker alone knows what ingredients are put in them, but I know the formula of your Castoria and advise its use."

If a girl really wants a man's love she returns it.

Since it is worth while to be well, take Barfield Tea, Nature's Medicine.

The deserving poor do not always deserve to be.

## A BLOOD MEDICINE WITHOUT ALCOHOL.

Recently it has been definitely proven by experiments on animals that alcohol lowers the germicidal power of the body and that alcohol paralyzes the white corpuscles of the blood and renders them unable to take up and destroy disease germs. Disease germs cause the death of over one-half of the human race.

A blood medicine, made entirely without alcohol, which is a pure glyceric extract of roots, such as Bloodroot, Queen's root, Golden Seal root, Mandrake and Stone root, has been extensively sold by druggists for the past forty years as Dr. Pierce's Golden Medical Discovery. The refreshing influence of this extract is like Nature's influence—the blood is bathed in the tonic which gives life to the blood—the vital fires of the body burn brighter and their increased activity consumes the tissue rubbish which has accumulated during the winter.

Dr. R. V. Pierce, the founder of the Invalids' Hotel and Surgical Institute, and a physician of large experience and practice, was the first to make up an ALTERNATIVE EXTRACT of roots, without a particle of alcohol or narcotic.

"It is with the greatest pleasure, that I write to let you know of the great benefit I received from the use of your medicines and self-treatment at home," writes Mrs. Wm. H. Hays, of Lady Smith, E. C. "I suffered for three years from a running sore. Consulted four doctors but they failed to mend or give relief. Finally I was told I was in consumption and would have to consult a specialist concerning my ear, that the dead bone must be cut out before the wound would heal. A kind friend advised me to write to Dr. Pierce, which I did, and after seven months of the treatment the sore is healed, and I enjoy better health than I ever did. I dressed the wound with Dr. Pierce's All-Healing Salve and took the 'Golden Medical Discovery' and 'Pleasant Pellets' for my troubles. I shall always recommend your medicines."

Dr. Pierce's Pleasant Pellets regulate liver and bowels.

## W. L. DOUGLAS SHOES

\$2.25 \$2.50 \$3.00 \$3.50 \$4.00 & \$5.00
