The Demons of the Swamp

are mosquitos. As they sting they put deadly malaria germs in the blood. Then follow the icy chills and the strength fails; also malaria often paves the way for deadly typhoid. But Electric Bitters kill and cast out the malaria germs from the blood; give you a fine appetite and renew your strength. "After long suffering," wrote Wm. Fretwell, of Lucama, N. C., "three bottles drove all the malaria from my system, and I've had good health ever since." Best for all stomach, liver and kidney ills. 50 cts. at Saunders & Fowden.

LOCAL ITEMS

All notices published in this column, where revenue is to be derived, will be charged at the rate of 10 cents a line, (count six words to a line), each issue. Special rate will be made on long contracts.

—Ain't you going tonight?

—Rub My Tism will cure you

—Full moon on the 30th.

—Thursday next is Decoration Day and is a National Holiday.

—Swat the flies before summer begins.

—The river has been soaring along with high prices this week.

—LOST.—Gold bar pen with letters C. T. J. engraved on it. Return to Miss Clara Jones.

5 or 6 doses 666 will break any case of Chills & Fever; it acts on the liver better than Calomel, and does not grip or sicken.

—Rub My Tism will cure you.

—Prof. Jerome, who has accepted the principalship of the school here, has been in town several days this week.

—A Civic League could do great things for the town in the way of cleaning and beautifying lots and streets. Other towns have them, why not have one here?

—The angle worms are having a time of it now—no rest, even on Sundays.

—Sunday is Whit Sunday or Pentecost, recognized by religious bodies as the birthday of the Church.

—There was a special session of the Board of County Commissioners here Monday. Important business connected with the bonds for township roads was transacted.

—Sunday night some animal ate nine pigs belonging to Mr. Daniel, who lives at the Clary place. The pigs were several weeks old and the supposition is that a bear did the job for the little porkers. But there were no signs of bruin other than the remains of the midnight revel he engaged in.

—Rumor has it that Northern capitalists are making arrangements to locate a big pulp mill here. The Coast Line has been asked to extend a track to the river. The old roadbed still is in evidence and an engineer is to be sent to examine same. It is hoped that the mill will be built here.

—Sunday morning, A. D. Mizell

and Misses Smith and Fowden left here in a car driven by S. R. Biggs in time to connect with the N. S. train at Plymouth. But the creek was swollen and three attempts were made before they could get across. Without further mishap they arrived ten minutes late for the train. So the party secured a motor boat and had a pleasant passage over the sound to Edenton where they attended the Council.

—People contemplating buying cars should consider the business end of the proposition—should select good cars at fair prices. The Studebaker cars are advertised this week—note what they have to say in another column.

—The Passion Play in moving pictures was seen Tuesday night and was one of the finest exhibitions ever presented here in films. Numbers of people saw it and were pleased. It could be seen the whole story of the Man of Sorrows and it carried with it a lesson which touched the hearts of the audience.

—S. H. Ellison had the misfortune to break his left leg on Saturday last. While working at the Buggy Factory several weeks ago, his leg was struck by the crank of a gas engine and he suffered intensely with it. Last Saturday feeling well enough to walk around, he went out to collect for the factory. In stepping from the pavement to the street below, he fell and found that the bone had broken. Dr. Knight put the limb in splints and Mr. Ellison is resting comfortably.
