**Let's Get Together**

Nothing is truer than that "there is a tide in the lives of men which taken at the flood leads on to fortune." The history of individuals in all ages has demonstrated this truism written by the great English Bard. But it is as true of communities as it is of the individual. The community reflects the grit, nerve and business ability of the men in whose hands its prosperity lies. If nature has stored great wealth for us, we must develop or grow moss instead. Often one man alone has built up great structures of wealth around him and paved the way for others to live. This is the exception and not the rule. There is strength in united action. Organization among live, active men can force the wheels of progress to turn this way.

Last week we urged this people here to stand together for the establishment of proposed industries. The A. C. L. Railroad was a factor without whose cooperation nothing could be done that would result in good. A petition was written and signed by a large number of citizens. Now comes the news that the road officials are giving favorable consideration to the building of a track to the river over the old bed. This had been examined by an engineer, and it looks like the breaking of a new dawn for a better and brighter day in the town.

But we must not stop here. Keep moving. Don't sit down and breathe easy, thinking that all things are ready. Such is not the case. Organize a Chamber of Commerce and talk the town in a business-like way. Get in line with other progressives and advertise. Go into this business of town-building with every enterprising citizen as a partner and results will flow. Don't wait but organize NOW. CALL A MEETING TONIGHT, IF NOT TO-NIGHT, THEN MONDAY NIGHT.

THE ENTERPRISE is standing by every movement to help our town. We see the opportunity is ours—grasp it NOW!

There is so much difference in the campaign being made by the Democratic aspirants for the Presidential nomination and that of the Republicans that it is almost a sacrilege to mention both contests in the same letter. Nearly everybody in the political world in Washington is contrasting the decency and dignity of the Democratic candidates with that of the Republicans. When any patriotic citizen sits down quietly and figures on the vituperative, disgusting and abhorrent campaign made by the Republicans and the quiet, decent and statesmanlike attitude of such men as Woodrow Wilson, Champ Clark and Oscar Underwood, they can but come to one conclusion; that is, there is not a Democratic candidate who would not make a better President than either of the candidates on the Republican ticket.

**DOCTORS AFRAID TO GIVE CALOMEL**

**After-Effects Uncertain and Often Dangerous. Dodson's Liver-Tone, a Mild Medicine, Takes Its Place**

The use of calomel has been stopped in thousands of homes. Dodson's Liver-Tone, a pleasant, vegetable liver tonic that is a perfect substitute for calomel in curing constipation and biliousness, is taken instead. Dodson's Liver-Tone is absolutely harmless and its use is not followed by nausea and another attack of constipation as often happens after taking calomel. Saunders & Fowden drug store has sold so much Dodson's Liver-Tone and it has been so satisfactory wherever taken, that they guarantee to give any person his money back if he does not find it a perfect substitute for calomel. No restriction of habits or diet is necessary.

The nomination of Albion Dunn of Pitt, for Elector from the First District, was a wise course for the District Democrats to pursue. Mr. Dunn is a good campaigner and an attractive speaker, and can assist largely in carrying the banner for the man whom the party will nominate at Baltimore.

**In Memoriam**

Jennie Augusta, daughter of John and Sudie Burroughs, was born near Everetts, Nov. 17th, 1879, and died August, 27th, 1912. She was 32 years, 6 months and 10 days old at the time of her decease. Some 15 years ago she embraced faith in Jesus and was baptized by Rev. G. L. Fitch into the fellowship of Everetts Baptist Church. She possessed those winning virtues and Christian graces which are appreciated by all good people. She adorned the profession she made in God our Saviour. Much beloved, her departure is a sore bereavement. What a blessing her life in the home, the Church, the community. Her mother preceded her to the spirit land several years ago, but the father, six brothers and a sister still linger on the shores of time, and long for the touch of a vanished hand and mourn for the voice which is still.

But why should we weep? She is not dead but sleepeth and will awake in the likeness of Jesus and then she shall be satisfied. She wore the white flower of a blameless life and was faithful unto death. She has joined the mother where all is peace, happiness and Heaven. She gave many evidences of her faith during her last illness and her last words were "Jesus is with me." Rev. T. L. Vernon said the words of comfort at the home and Rev. G. J. Dowel spoke at the grave.

Thus after a long and tedious illness this good young woman passed away and rests in sight of the home she loved so well. Her loved ones sorrow most of all that they shall in this life see her face no more.

"Her toil is past, her work is done, And she is fully blest, She fought the fight, the victory won And entered into rest."

"Is not even death a gain to thee, Whose life to God was given, Gladly to earth their eyes they close To open them in Heaven."

**Eids Hunt for Rich Girl**

Often the hunt for a rich wife ends when the man meets a woman that uses Electric Bitters. Her strong nerves tell in a bright brain and even temper. Her peach-bloom complexion and ruby lips result from her pure blood; her bright eyes from restful sleep; her elastic step from firm, free muscles, all telling of the health and strength Electric Bitters give a woman, and the freedom from indigestion, backache, headache, fainting and dizzy spells they promise. Everywhere they are woman's favorite remedy. If weak or ailing try them. 50c at Saunders & Fowden.

**KICKS GIRL'S DOG AROUND**

**Landlord Says Tenant's Cur, Not His Own, Scratched Door—Court to Decide.**

New York.—Klekin' Miss Blanche Altman's fox terrier around' got Mike Mogal before Magistrate Voorhees in the New Jersey avenue court on a charge of cruelty to animals. He was paroled, pending trial.

Miss Altman, with her family, occupies part of a two-family house at 675 Snediker avenue, which is owned by Mogal. He lives in the other part. When the Altman moved into the house eight months ago Miss Altman found a half-starved dog penned in the back yard. She learned the dog belonged to Mogal, but she took care of it and kept it. Mogal had another dog.

One of the dogs contracted the bad habit of scratching the varnish off the hall doors, and Mogal places the blame on the fox terrier. Miss Altman said it might just as well have been Mogal's hound. Mogal didn't think so, and at 6:30 o'clock in the morning he walked quietly into Miss Altman's bedroom, looking for the terrier. It was under the bed, and when he yanked it out by a leg the dog set up a howl. Miss Altman awoke suddenly and was terrified at finding a man in her room.

The fox terrier escaped for a time and Mogal chased it around the house until he finally cornered it. Then, with a club, it is alleged, he broke one of its hind legs and then he pitched it out the second-story window.

Miss Altman called Officer McMahon of the S. P. C. A., who killed the dog. Then she got out a warrant for Mogal.

To determine whether it was Miss Altman's dog or the one belonging to Mogal that scratched the doors, Magistrate Voorhees said he would have detectives measure the claw marks. They may be able then to say which dog was guilty.

**LIVES IN HOLE UNDER BARN**

**Mourning Wife, Retired Jerseyite With Ample Income, Spurns Society.**

Denville, N. J.—Since the death of his wife, four years ago, John D. Cooper has gradually withdrawn from the sight of men. He now lives like a hermit in a hole he has dug underneath the floor of his barn. He has given his farmhouse over to tenants, sees them only when compelled to, and dwells as much out of their sight as possible.

At last Cooper let out a few rooms of his house. One by one he surrendered the remaining rooms to tenants, until last fall, when he migrated to the barn. He found himself unable to keep warm in the barn, yet, spurning the kindly offers of his tenants, he set to work to solve the problem by himself.

Patterning after hibernating animals, Cooper dug a deep hole in the ground and lined it with straw, where he seems to be perfectly satisfied, though he never discusses his own affairs.

Cooper is seventy-one years old. He served the Lackawanna railroad as section foreman for fifty years, and was retired last August on a pension. He is also in receipt of a comfortable independent income from the real estate he owns.

**JOY RIDERS DESTROY AUTO**

**One of Party Taken Out by Chauffeur Without Owner's Consent Will Die as Result of Smash.**

New York.—Four persons were injured when a \$12,000 automobile known as one of the three finest cars in New York city crashed into a telephone pole on Jerome avenue, the Bronx. The machine was owned by Mrs. J. Maxwell of Fifth avenue, and occupied by her chauffeur and three of his friends.

The police say it was a "joy ride" party to which Mrs. Maxwell had not given her sanction. One of the injured, Miss Adeline Callias, a stenographer, will die.

The police say the automobile was making more than 45 miles an hour when it hit the pole. The chauffeur explained the accident by saying that he had temporarily lost control of the wheel. The car is a total loss.

**TRAIN ESCAPED BIG SLIDE**

**Engineer of Passenger Saw a Mountain Slide in Washington Just in Time.**

Ellensburg, Wash.—Barely five minutes before the Chicago, Milwaukee & Puget Sound "Olympian" train from Chicago was due to pass the point an avalanche swept down the mountain between Lacenia and Rockdale, burying the tracks, destroying a bridge and damming a creek. The engineer of the train saw the obstruction and brought his train to a standstill.

**"Moonshine" Starts Fire.**

Vancouver, Wash.—Sun shining through a round bottle containing "moonshine" whisky started a fire in a local liquor store show window. The rays were concentrated by the lens-like liquor contained on crepe tissue paper with which the window was adorned and a merry blaze was under way when discovered by B. H. Wolfe. The paper was burning nicely when snuffed out by the proprietor. The fact that the liquor was pure white permitted the passing of the sun's rays and the generation of the heat.
