FIRST BALLOT TAKEN

A dispatch from Editor W. C. Manning at Baltimore received just before nine o'clock this morning reads:

"First ballot at 7:10 a. m. Clark 440; Wilson 324; Underwood 117; Harmon 148; Marshall 32; Baldwin 23. Adjourned till 4 p. m."

This would indicate that the Convention held an all night session and took the first ballot in the early hours today.

An Agricultural Train

The Agricultural & Mechanical College, West Raleigh, N. C., the United States Department of Agriculture and the Atlantic Coast Line announce that they will operate an Agricultural Train over the Coast Line in North Carolina this summer the itinerary of which will be published later.

This train will consist of six cars, and will carry types of dairy and beef cattle; Percheron horses; Berkshire, Duroc and Jersey hogs; improved farm machinery of various kinds, and a well assorted lot of drain tile, and modern tools for ditching and to use in laying tile. A corps of experts will give lectures at each stop, on the breeds, selection, feeding and management of live stock; and when practicable to do so, practical demonstrations will be given in the use of improved farm implements and laying of tile.

Mrs. Lela Love wife of Wiley Love, a farmer living near Covena, Ga., says: "I have taken Foley Kidney Pills and find them to be all you claim for them. They gave me almost instant relief when my kidneys were sluggish and inactive. I can cheerfully recommend them to all sufferers from kidney troubles Saunders & Fowden."

For Register of Deed

At the solicitation of a number of my friends, I have decided to announce myself a candidate for the office of Register of Deeds of Martin County, subject to action of the Democratic Convention.

Very respectfully,
S. S. BROWN.

Prospects for Road

Attorney Harry W. Stubbs, who in company with A. R. Dunning and J. G. Staton, held conferences with some of the officials of the A. C. L., at Rocky Mount and Norfolk on Monday, wired here Tuesday morning that things were satisfactory. This means that the road will be built to the river and the erection of the Pennypacker mill and, perhaps, another mill much larger which will utilize the extensive timber holdings of J. Davis Read. With the coming of these industries, the town can stand for larger things. It will mean new citizens, an enlarged population and a revival of trade along all lines. The Chamber of Commerce should get active and bring other enterprises here. Advertise the town in a business like manner.

When Buying Buy Only the Best

Costs no more but give the best results
H. L. Blomquist, Esdaile, Wis., says his wife considers Foley's Honey and Tar Compound the best cough cure on the market. "She has tried various kinds but Foley's gives the best result of all." Saunders & Fowden.

The Giants at the Bat

The season in base ball opened with the Williamston giants in contest with the Robersonville Highs on the latter's diamond last Friday. It was not a test struggle but just a "limbering up," and the Giants won. Bob Biggs, the substitute for the Giants, painted the ball lurid several times and brought home all the honors of the day. He was the man who tried not to bat but just could not help putting out two baggers.

Score:— R H E
Williamston 9 14 4
Robersonville 7 6 7
Batteries. Ward, Brown, Jordan, Stubbs; Arnheim and Cherry; Umpire, H. H. Pope.

Monday and Tuesday there was something doing in ball circles here for Aurora, which rises up and will not down, came with her aggregation of invincibles—at least, when the Giants are up for battle—and dealt out goose eggs by the peck. Those down the country boys are just built that way, and are trained veterans, for theirs is the best team, perhaps, in Eastern Carolina. Last year Williamston played them and liked the style with which they can win, and so this season the Giants met them and went down. The first game was an easy victory for visitors, because the locals had not been in the game long enough this season to get the swing of the bat. Aurora had batting luck and found Brown easy. Later in the game Ward, though a little shakey, held them down.

Score:— R H E
Williamston 0 2 2
Aurora 8 10 2

Batteries: Ward, Brown, Stubbs; Bland and R. S. Thompson; Umpire, Martin and Ewell.

The second game on Tuesday was not so soft for the visitors, for the Giants had caught some snap and ginger, and Ward's pitching for the locals was the chief feature of the game. But the support was not as good as need and so Aurora won again, but they had to fight hard, for the game was intensely interesting after the second inning, the fans dubbing it good playing.

Score:— R H E
Williamston 0 6 2
Aurora 4 3 2

Batteries: Ward, Jordan, Stubbs; Lanier, Thompson; Umpires, Wheeler Martin, Jr., J. G. Godard, Jr.

They Put An End To It

Charles Sable, 30 Cook St., Rochester, N. Y., says he recommends Foley Kidney Pills at every opportunity because they gave him prompt relief from a bad case of kidney trouble that had long bothered him. Such a recommendation coming from Mr. Sable, is direct and convincing evidence of the great curative qualities of Foley Kidney Pills. Saunders & Fowden.

Reentered Here

The body of Mrs. Thomas J. Latham was brought here Wednesday from near Laurel, Md., and reentered in the plot where the body of her son, Harry B. Latham, is buried.

Mrs. Latham died on June 3rd, 1909, in a hospital in Washington City. At that time one son, Samuel Latham, was living near Laurel and having a little child resting there, Mrs. Latham expressed a wish to be buried near the little mound of her grandchild. The remoteness of the cemetery, which was located in the country, made the family desire to reenter the body here where other loved ones repose. The casket was taken to the cemetery from the station on the arrival of the train and deposited in the grave.

To the Democratic Voters of Martin County:—

Permit me to thank you very kindly for the consideration and confidence so generously manifested by your support and cooperation during my continuance in office as Sheriff of your county, and to assure you that I most heartily and keenly appreciate the same.

Not being aware of any complaint and not having heard anything derogatory to my performance of the duties pertaining to the office, and thinking that my services and experience might probably merit your further consideration, confidence and support, and assuring you that the best and all that is, of and in me, are at your command, I take the liberty of seeking further consideration at your hands, and hereby announce myself as a candidate for the office of Sheriff of Martin County, subject, however, to the wishes of the County Democratic Convention.

This 20th day of June, 1912.

J. C. CRAWFORD.

Eads Hunt for Rich Girl

Often the hunt for a rich wife ends when the man meets a woman that uses Electric Bitters. Her strong nerves tell in a bright brain and even temper. Her peach-bloom complexion and ruby lips result from her pure blood; her bright eyes from restful sleep; her elastic step from firm, free muscles, all telling of the health and strength Electric Bitters give a woman, and the freedom from indigestion, backache, headache, fainting and dizzy spells they promote. Everywhere they are woman's favorite remedy. If weak or ailing try them. 50c at Saunders & Fowden.

For Representative

At the request of a number of my friends, I hereby announce myself a candidate for the House of Representatives subject to the action of the Democratic Convention of Martin County.

This May 28th, 1912.
A. Corey.

Helped to Keep Down Expenses

Mrs. J. E. Henry, Akron, Mich., tells how she did so: "I was bothered with my kidneys and had to go nearly double. I tried a sample of Foley Kidney Pills and they did me so much good that I bought a bottle and feel that they saved me a big doctor's bill." Saunders & Fowden.

In Splendid Condition

The first annual meeting of the stockholders of the Bank of Jamesville was held in the banking house at Jamesville on June 15th, with all the stock represented. The report of the president was a splendid showing of the condition of the bank. It showed that the earnings for the first year were seven and one-half per cent. This statement is highly satisfactory and very flattering to the management. The people of the section are giving the institution substantial support, and no recently established bank can make a better showing.

All the old officers were reelected and another year opens for greater things. The statement called for on the 14th appears in this issue. The institution adds another to the list of Martin County's strong bank.

Move on Now!

says a policeman to a street crowd, and whacks heads if it don't. "Move on now," says the big, harsh mineral pills to bowel congestion and suffering follows. Dr. Ring's New Life Pills don't bulldoze the bowels. They gently persuade them to right action, and health follows. 25c at Saunders & Fowden.

Justus Everett for Legislator

In selecting a man to represent Martin County in the Lower House as a voter I think, the Democrats could not make a better choice than Justus Everett. He will come from a section of the county that has never had this honor, but one that gave a Democratic majority even in radical days.

Mr. Everett is a successful farmer and a prudent business man. A farmer to my mind is pre-eminently the one to represent this county in the Legislature, since its population for the most part is made up of farming people. He is an up-right, public spirited citizen and a true gentleman in every sense of the word. I have lived by him for twenty years and I can truthfully say that there is no better man or neighbor in this section and I venture to say, not in this county. He is well-informed, abreast with the times, and backed by fifty years of business experience. He has lived in this county all of his life, knows its peculiar needs, and is eminently fitted to act on any issue that may arise. He will make a legislator this whole county shall be proud to call its law-maker.

H. C. Harrington,
Palmyra, N. C.

Insects in Peanuts

Until recently the peanut was considered practically immune from insect injury, the growing plants suffering no noticeable damage, while the "nuts" are protected by their shells from the usual insect enemies of stored products. With the advent of the mechanical thrasher or "peanut picker" this injury has greatly increased, amounting to as high as 30 per cent. This is due to the tendency of operators to feed the nuts too quickly through the machine, resulting in practice of piling nuts high in storage warehouses, and climbing upon the sacks, thus breaking the shells, and increasing the percentage of infestation. The insect principally concerned in injury to the stored product is the Indian-meal moth. It is caterpillar, which, when fully grown, measures about half an inch in length, develops with great rapidity and if not checked does consequent serious injury. The moth which lays the eggs which produce this destructive caterpillar appears in the Virginia peanut-growing region in March and April, and by June the first new generation or "brood" of moths first becomes noticeable in numbers. Later, other generations are produced—as many as four in ordinary temperatures and still more in heated buildings.

Two effective methods of control may be employed with excellent results—heat and fumigation. Heat is applicable only to mills or storage rooms heated by steam. By employing steam at a pressure of 75 to 100 pounds a temperature of 120 degrees F. may be easily produced on a hot day in summer. This temperature, if maintained for about six hours, readily penetrates the bags and destroys the insects. The temperature should not be raised above 125 degrees F, as experiments have shown that blanching and slipping of the skin are apt to take place at higher temperatures, especially with shelled Spanish nuts.

Makes The Nation Gasp

The awful list of injuries on a Fourth of July staggers humanity. Set over against it, however, is the wonderful healing, by "Bucklen's Arnica Salve, of thousands, who suffered from burns, cuts, bruises, bullet wounds or explosions. Its the quick healer of boils, ulcers, eczema, sore lips or piles. 25 cts at Saunders & Fowden.

OAK CITY ITEMS

N. C. Worsley was thrown from his buggy the latter part of last week, and severely hurt, having struck a stump in his fall.

Mrs. T. W. Davenport left for Roper and Edenton Tuesday for a visit of a week.

Mrs. Church Crisp and little son spent Saturday and Sunday with Jesse Crisp and wife.

Mr. and Mrs. Worsley returned from Hamilton last Sunday evening after a visit of a few days.

Little Miss Bellamy, of Hamilton, is visiting Mrs. Ben Casper.

Ben Worsley drove to Hamilton Saturday remaining over Sunday.

Messrs. Ralph and Wilmer House spent Sunday evening in Hamilton.

Wheeler Daniels and Marvin Everett are spending a couple of weeks with relatives in Robersonville.

L. J. Davenport and little daughter have gone to Bath for the benefit of the latter's health.

Eber Jenkins from Flat Swamp spent Sunday here.

Miss Hilda Knight, of Hassell, was the guest of Miss Bessie Casper last Sunday.

Miss Arlet Bascom, daughter of Mrs. J. L. Hines, left Saturday for Baltimore.

Wilmer House spent a few days last week in the lumber district of Hyde County.

The residence of J. L. Hines narrowly escaped being burned last Friday through the burning of waste paper in the fire-place of one of the upper rooms, which was badly burned.

Ray House returned from Buie's Creek Tuesday.

Mackie Savage left for Seven Springs Monday where he will recuperate after an attack of fever.

A Card

This is to certify that Foley's Honey and Tar Compound does not contain any opiates, any habit forming drugs, or any ingredients that could possibly harm its users. On the contrary, its great healing and soothing qualities make it a real remedy for coughs, colds and irritations of the throat, chest and lungs. The genuine is in a yellow package. Ask for Foley's Honey and Tar Compound and accept no substitute. Saunders & Fowden.

For Register of Deeds

I hereby announce myself a candidate for the office of Register of Deeds of Martin County, and ask my friends and fellow Democrats to give me their support, which I assure them will be appreciated. And if elected I promise to fill the office to the best of my ability and to render to each and every one the proper courtesy due them.

Respectfully,
D. J. MEERS.

Man Coughs and Breaks Ribs

After a frightful coughing spell a man in Neenah, Wis., felt terrible pains in his side and his doctor found two ribs had been broken. What agony Dr. King's New Discovery would have saved him. A few teaspoonful ends a late cough, while persistent use routs obstinate coughs, expels stubborn colds or heals weak, sore lungs. "I feel sure its a Godsend to humanity," writes Mrs. Effie Morton, Columbia, Mo. "for I believe I would have consumption today if I had not used this great remedy." Its guaranteed to satisfy, and you can get a free trial bottle or 50-cent or \$1.00 size at Saunders & Fowden.
