Notice

The Democratic Senatorial Convention for the Second Senatorial District of North Carolina is hereby called to meet at the court house in Plymouth, N. C., on Thursday, August 15th, at 12 m.

By order: This 24th day of July, 1912.

WILLY C. RODMAN,
Chairman Democratic Executive Committee Second Senatorial District.

Williamston and Tobacco

Sunshine and rain combined with man's muscle and brain have produced another splendid crop for Martin County. All crops are "looking up" and in the history of man, there has never been such a wonderful growth of that staple product, corn. Cotton is in fine condition, peanuts and grain, too. Tobacco, that product for man's solace when the brain and heart are weary, grows to its best in this soil. For several years the rains discouraged the farmers fitted to cultivate the weed, and so the acreage grew gradually smaller. This year the number of pounds has been largely increased, and in this immediate section there are acres and acres of as fine tobacco as can be found anywhere. With proper curing, it will bring good money to the pockets of the producers. This attention and the best market upon which to offer it, will bring safe returns.

For years Williamston has handled large quantities of the weed and maintained throughout each season the standard of best prices and fair dealing. Men of experience have been in charge of the warehouses, which were perfectly equipped for the handling of any amount brought here. This season with the best crop for years, the market has an activity which will count for the farmer who sells here. With two large boxes, plenty of storage room and an abundance of accommodation for the farmer and his team, Williamston is the place for the tobacco raisers in this and adjacent counties to bring their crops. Grading rooms and graders are maintained for the convenience of those who are unable to put their weed in proper shape.

The management of the warehouses has never been better since the market opened here years ago. The Roanoke Warehouse has always had a reputation for the very best in everything. This season it will be run by Messrs. Eli Gurganus, Will A. James and H. T. Beasley. The two farmer need no introduction to the people in and around Martin County. They have been in the business and know every detail of it, and they "will please while you wait." Mr. Beasley comes here with 35-years of experience in the raising and selling of tobacco. No cleverer trio of men can be found on any market in the State.

J. G. Staton, himself an extensive planter, and with years of experience in the business, will secure for his farmer friends the highest prices at the famous Dixie Warehouse. He has with him a splendid crop of assistants and will give all "a square deal." Every tobacco farmer in this part of Eastern Carolina knows that Jim Staton wants the best for his customers and will see that they get it from the buyers, and then he is attentive to the comforts of the farmers who bring their loads to him.

All the big companies will have buyers on the market, as well as the independent purchasers. This will insure the top-match prices, which has always been the pride of the Williamston warehousemen. Farmers should not go from home to sell their crops—give the home town a fair show for here it is where all must live and work together. Bring your tobacco here on the 15th of August to a good market and a good town with splendid business houses, banks and other attractive features to all of which visitors will be welcomed.

For Sheriff

I hereby announce myself a candidate for Sheriff of Martin County subject to the action of the Democratic Convention.

Respectfully,
Harmon F. Roberson, Jr.

Lodged in Jail

People on Main street on Saturday night were alarmed by the screaming of a woman, who walked down the center of the street crying that her brother was killed. Upon investigation it was found that John Henry Rogers, who was drunk and disorderly, had resisted arrest by both Sheriff Crawford and Policeman Ward and had been knocked down by the policeman's billie. Rogers was flourishing a pistol and it is thought tried to fire upon officers but cartridge failed to fire, as a cap was found in the pistol with an indentation on it. He was taken to the Mayor's office and upon refusing to be handcuffed, had to be reduced to submission again. The officers took him to jail, where he grew cool by morning and denied any knowledge of trying to shoot the officers. He put the blame, of course, on old booze which, however, did not force him down his throat. The negro was the driver of Dr. Warren's Buick car, but has always been rowdy when drunk. He will await the September term of court unless bailed out, which is hardly probable.

Hay fever and asthma make August a month of intense suffering to many people. Foley's Honey and Tar Compound gives prompt relief and is soothing and healing to the inflamed membranes. Wm. M. Merthwe, N. Searnsport, Me., says: "A few doses of Foley's Honey and Tar Compound relieved me of a severe attack of asthma and less than a bottle caused a complete cure." Refuse substitutes. Saunders & Fowden.
