

The straight and narrow path doesn't look good to the rounder.

If your appetite is not what it should be perhaps Malaria is developing. It affects the whole system. OXIDINE will clear away the germs, rid you of Malaria and generally improve your condition. Adv.

And it might be well to take a course in physical training before you start out to show a man the error of his ways.

**DOES YOUR HEAD ACHE?**  
Try Hicks' CAPUDINE. It's liquid—pleasant to take—effects immediate relief—prevents Sick Headaches and Nervous Headaches also. Your money back if not satisfied. 10c, 25c, and 50c. at medicine stores. Adv.

**Too High.**  
"There is nothing higher than a king in a monarchical country."  
"What? Not even an ace?"

Regular practicing physicians recommend and prescribe OXIDINE for Malaria, because it is a proven remedy by years of experience. Keep a bottle in the medicine chest and administer at first sign of Chills and Fever. Adv.

**Bad Luck.**  
"They oughtn't to call that railroad special the Comet."  
"Why not?"  
"Because comets nearly always have their trains telescoped."

**A Household Remedy.**  
Which works from outside. CHESTOL (Chest Ointment) will relieve quickly croup, coughs, colds, pneumonia and all affections of chest and throat. Use freely and RUB! RUB! RUB! Now sold by all medicine dealers. Should be in every home. Burwell & Dunn Co., Mrs., Charlotte, N. C. Adv.

**The Farmer's Search.**  
While plowing, a Crawford county farmer near Elper had the misfortune to lose a small part from his cultivator in the plowed ground. Soon a neighbor came by. "Lost something?" he asked. "Lost another came by and asked the same question. And then another. Pretty soon a man he didn't like anyhow approached. "Lost something?" he asked. The farmer looked up in supreme disgust. "Oh, no; just digging worms for my pet buzzard," he replied.—Kansas City Star.

**Liquid Measure.**  
It was the time of the singing lesson at the local council school, and the teacher was explaining to the young hopefuls that if a "treble," and "alto," a "tenor" and a "bass" sung together, their united efforts would constitute a quartet.

There seemed no trouble about that, and the teacher thought the class was getting on very nicely.  
"Now, Jimmy, leave off pinching your brother's leg and listen to me," said she. "If a bass and tenor sang together, what would you call that?" Jimmy was the son of the local milkman, and a bright lad withal. His answer was not long in coming.  
"Please, miss," said he, "that would be a 'pintette'."

**Accelerated Brain Activity.**  
In the early days of Wisconsin, two of the most prominent lawyers of the state were George B. Smith and I. S. Sloan, the latter of whom had a habit of injecting into his remarks to the court the expression, "Your honor, I have an idea." A certain case had been dragging along through a hot summer day when Sloan sprang to his feet, with his remark, "Your honor, I have an idea."  
Smith immediately bounded up, assumed an impressive attitude, and in great solemnity said:  
"May it please the court, I move that a writ of habeas corpus be issued by this court immediately to take the learned gentleman's idea out of solitary confinement."—Popular Magazine.

**A DOCTOR'S TRIALS.**  
He Sometimes Gets Sick Like Other People.

Even doing good to people is hard work if you have too much of it to do. An overworked Ohio doctor tells his experience:

"About three years ago as the result of doing two men's work, attending a large practice and looking after the details of another business, my health broke down completely, and I was little better than a physical wreck.

"I suffered from indigestion and constipation, loss of weight and appetite, bloating and pain after meals, loss of memory and lack of nerve force for continued mental application.

"I became irritable, easily angered and despondent without cause. The heart's action became irregular and weak, with frequent attacks of palpitation during the first hour or two after retiring.

"Some Grape-Nuts and cut bananas came for my lunch one day and pleased me particularly with the result. I got more satisfaction from it than from anything I had eaten for months, and on further investigation and use, adopted Grape-Nuts for my morning and evening meals, served usually with cream and a sprinkle of salt or sugar.

"My improvement was rapid and permanent, in weight as well as in physical and mental endurance. In a word, I am filled with the joy of living again, and continue the daily use of Grape-Nuts for breakfast and often for the evening meal.

"The little pamphlet, 'The Road to Wellville,' found in pkgs., is invariably saved and handed to some needy patient along with the indicated remedy."

"There's a reason."  
Name given by Postum Co., Battle Creek, Mich.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest. Adv.

# POULTRY

## NEW INDUSTRY IN PHEASANTS

Interest Becoming Widespread and Thousands of Birds Now Scattered Throughout Country.  
(By W. L. M'ATEE.)  
Conservation of the fauna including the game birds of the United States requires the strict enforcement of laws intended to control the shooting and marketing of wild birds, and necessarily limits both the period during which they may be hunted and the number available to supply the increasing demands of those who desire those table luxuries.

This lack may be remedied by the product of aviaries, preserves, and private parks, devoted to rearing of domesticated game, the marketing of which under suitable safeguards is already permitted in several of the states, indicating that American markets will open more and more to these domesticated substitutes to the fast disappearing wild game.

At present there is no lack of demand for pheasants for various purposes. Owners of private preserves, and state game officials, pay profitable prices for certain species for stocking their covers, zoological and city parks and owners of private aviaries are ready purchasers of the rarer and more beautiful species, and large

Ringneck Pheasant.

numbers of dead pheasants are annually imported from Europe to be sold for several times the price they bring in European countries. The demand for pheasants is increasing.

Ringneck pheasants have long been established in Oregon, Washington and British Columbia, and are less common in the wild state in Massachusetts, New York, Indiana and Kansas.

Efforts to acclimatize pheasants in the United States are of comparatively recent origin, though earlier than is popularly supposed.

The few pheasant stomachs examined indicate that these birds are very fond of grain. Oats and wheat composed about 34 per cent. of the food of 12 ringneck pheasants collected in Oregon and Washington and 82.5 per cent. of the stomach contents of two English pheasants from British Columbia. But all of these birds were taken in September, October and December; hence it is probable that all of this grain was waste. The next largest item of food in these stomachs was insects, consisting entirely of larvae of March flies. One stomach contained no fewer than 360 of these larvae and another 432. The remainder of the food included acorns, pine seeds, browse, peas, rose hips, lupine, bur clover, black mustard and chickweed.

From 200 to 960 kernels of wheat and oats were taken by various birds; about 200 peas were found in one stomach, but it was evident that these were the old and partly decomposed refuse of the harvest. Twenty-three acorns and 200 pine seeds were taken by the birds which ate the largest amount of mast, and about 800 capsules of chickweed, containing more than 8,000 seeds, were in the stomach of the best weed seed eater.

What is most evident is that pheasants are gross feeders; their capabilities for good or harm are great. If a number of them attack a crop they are likely to make short work of it, or if they devote themselves to weed seeds or insect pests they do a great deal of good. It seems therefore that the question of the economic value of pheasants is peculiarly a local one. Much depends on the proportion of land under cultivation, the kind of crops raised, and the quantity of wild food available. Apparently the chances are about even that imported pheasants will or will not become useful economic factors.

**Clover for Fowls.**  
Clover is better than any other hay for fowls for the reason that it possesses egg making nutriment, as well as fiber to separate the particles of grain. It is not bulk (mere quantity) that is needed, but coarse fiber to separate the concentrated feed in the stomach, that the gastric juices can circulate through the mass.

# MARSHALL OPPOSED TO UNFIT ALIENS

ASSERTS ONLY THOSE FIT FOR CITIZENSHIP SHOULD BE ADMITTED.

## GOVERNOR GIVES REASONS

Says That There Are Thousands of Republicans in California That Are Denied a Vote By An Un-American Law—Should Remedy Matter.

San Francisco, Cal.—Gov. Thomas R. Marshall of Indiana, Democratic vice presidential candidate, wound up a flying two days' campaign in California by advocating the exclusion from the United States of all aliens who are not of a character to amalgamate with the American people. The argument was accepted with noisy approval by the audience which the Indiana Executive addressed in San Francisco before his departure for Oregon.

"I am unalterably opposed," said Governor Marshall, "to the granting of citizenship to any race of aliens which by habit and by nature are unfitted to amalgamate with the American people."  
"I believe in encouraging the immigration to this country of those people who will not alone understand and appreciate our institutions but who, more than that, are eager to adopt these institutions as their own. For such peoples we mingle in politics, in business or in a social way with Americans, I say, don't grant them citizenship."

Governor Johnson, Progressive candidate for Vice President, should be in California remedying the state election law instead of campaigning in the East.

"We are spending \$6,000 in Indiana," said Governor Marshall, "as extra expense to give a place on the ballot to a party that will not poll a thousand votes. Yet here in California, thousands of your Republicans are being prevented from casting their votes for Mr. Taft by a law which is neither decent nor American."

## Export Trade Through Canal.

Washington.—The Latin American division of the State Department is observing closely export trade from the United States to South American countries on the Pacific Coast with a view to determining the probable volume of such traffic through the Panama Canal. The value of goods exported to the countries along the West coast of South America last year was \$24,349,241, of which Chile took about 61 per cent, Peru 24 per cent and Ecuador the remainder. Five-sevenths of the cotton cloth exported to South America went to countries which would be directly affected by the Panama Canal.

## Aviator Had Narrow Escape.

Washington, D. C.—Flung from a speeding aeroplane and miraculously escaping instant death, William Kabitzke, an aviator, was receiving the congratulations of friends at the army aviation field at College Park, Md. The accident occurred when Kabitzke in demonstrating a machine ordered for the signal corps flew too close to the ground and when one of the wings struck was hurled from his seat into a pile of soft sand. The machine, which was traveling at a speed of approximately 55 miles an hour, was demolished.

## Steamer Sinks With Members of Crew

Corpus Christi, Tex.—The tramp steamer Nicaragua, which sailed light from Tampico, Mexico, October 2, for Port Arthur, Tex., was caught in the Gulf storm of October 16 and sank off Padre Island, 60 miles south of Corpus Christi in the Gulf of Mexico. Six members of the crew were drowned. Captain Echeverra and the six others aboard were rescued by the Port Aransas life-saving crew and brought to Corpus Christi. The Nicaragua was of 462 tons and was valued at \$20,000.

## An Earthquake Shock.

Macon, Ga.—A distinct earthquake shock was felt in central Georgia No damage to property or loss of life has been reported. In Dublin, Ga., 60 miles southeast of Macon, the shock was most severe and was accompanied by a loud noise. It was believed that the earthquake was caused by an explosion at that place, but none has been located. The Dublin city council was in session at the time the tremor was felt. The city hall shook noticeably and the councilmen rushed into the street in a panic.

## Colonel Returns to Sagamore Hill.

Syosset, L. I.—Theodore Roosevelt and party arrived here from New York. This place is four miles south of Oyster Bay and the train was routed thither in order to avoid any crowd. Only a handful of persons were on hand when the colonel stepped from his car and walked unassisted to an automobile. He was driven at once to Sagamore Hill. A week of absolute rest is all that is required, in the opinion of his physicians, to put Colonel Roosevelt in the best of condition.

# DR. CALDWELL'S GUIDE TO GOOD HEALTH

The natural tendency of people in this busy age to demand of the digestive organs more than nature intended they should perform, frequently results in throwing the entire digestive system into disorder. When the stomach fails to freely digest and distribute that which is eaten, the bowels become clogged with a mass of waste and refuse which ferments and generates poisonous gases that are gradually forced into the blood, causing distress and often serious illness.

Dr. W. B. Caldwell says that if the bowels are kept regular there will be much less sickness, and prescribes a combination of simple laxative herbs with pepsin that is most effective in relieving any congestion of matter in the bowels. This compound can be bought in any drug store under the name of Dr. Caldwell's Syrup Pepsin, and costs only 50 cents a bottle. It is mild in its action, pleasant to the taste and positive in effect, a dose at night bringing relief next morning, naturally and without griping or other discomfort. A bottle of Dr. Caldwell's Syrup Pepsin in the house will save many times its cost in doctor bills. Your name and address on a postal to Dr. W. B. Caldwell, 203 West St., Monticello, Ill., will bring a free trial bottle by return mail. Adv.

## GREAT OPPORTUNITY.

"Hi, Eddie! Come an' help me select a cent's worth of candy, an' I'll let you stand by and watch me eat it."

## ITCHING, BURNING ECZEMA

317 S. Wolfe St., Baltimore, Md.—"My trouble was caused by a severe sprained ankle; the bruised blood not having been drawn off caused a skin affection which the doctors pronounced eczema. It first started with an itching and burning, with very dry skin. Constant scratching, especially during the night finally broke the skin, and during the day the watery fluid that came from it would dry and peel off like fish scales. My stocking would stick to my ankle as if it were glued. I also had it on my fingers.

"I was treated without getting any benefit. I began using Cuticura Soap and Ointment as directed and then applied the Cuticura Ointment and bound the ankle with a soft bandage, after bathing it with Cuticura Soap. They cured me in about two months." (Signed) T. W. Henderson, Dec. 2, '11. Cuticura Soap and Ointment sold throughout the world. Sample of each free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. L, Boston." Adv.

## Out of Fashion.

"I see where fluffy skirts saved a girl from drowning in the Chicago river recently. The old styles were the best styles after all."

"Huh, she probably tried to drown herself because she had to wear the fluffies."

## Important to Mothers

Examine carefully every bottle of CASTORIA, a safe and sure remedy for infants and children, and see that it bears the Signature of *Dr. J. C. Fletchler*. In Use For Over 30 Years. Children Cry for Fletcher's Castoria

A high priced box at the opera seems less expensive to some people than the cheapest church pew.

As a summer tonic there is no medicine that quite compares with OXIDINE. It not only builds up the system, but taken regularly, prevents Malaria. Regular or Tasteless formula at Druggists. Adv.

Most people would rather take advice from strangers.

Mrs. Winslow's Soothing Syrup for Children teething, softens the gums, reduces inflammation, allays pain, cures wind colic, 25c a bottle. Adv.

A man will never reach the top who is too lazy to move until he is pushed.

# USUALLY THE CASE.

Wickson—I have been working night and day for the last month.  
Dickson—Because why?  
Wickson—In order to get enough money ahead to pay for a week's rest in the country this summer.

## Serious Lack.

An old Englishwoman, who was extremely stout, was making vain efforts to enter the rear door of an omnibus. The driver leaned over good-naturedly, and cried:  
"Try sideways, mother, try sideways!"  
The old woman looked up breathlessly, and replied:  
"Why, bless ye, James, I ain't got no sideways!"—Youth's Companion.

## AFTER THE DOCTOR FAILED.

Even the most stubborn cases of malaria yield to Elixir Babek.  
"In the summer of 1896, I contracted the disease known as Malaria. After a year's fruitless treatment by a prominent Washington physician, I was entirely cured by your Elixir Babek."—Bessie O'Hagan, 7000 E. 6th St., Wash. D. C.  
It is equally good for bilious disorders. Elixir Babek, 50 cents, all druggists, or Kloczewski & Co., Washington, D. C. Adv.

## At a Distance.

"She certainly tries to obey her mother's injunction not to let the young men get too near."  
"Why, I saw a young man with his arm around her last night."  
"I know but she had a faraway look in her eyes."

## Burruco Liver Powder.

Nature's remedy for biliousness, constipation, indigestion and all stomach diseases. A vegetable preparation, better than calomel and will not salivate. In screw top cans at 25c each. Burwell & Dunn Co., Mrs., Charlotte, N. C. Adv.

## For the Sake of Variety.

Customer—This, I suppose, is a folding bed.  
Merchant—No, sir; we call this an unfolding bed. I'll show you. (Unfolds it.)

A great majority of summer ills are due to Malaria in suppressed form. Lassitude and headaches are but two symptoms. OXIDINE eradicates the Malaria germ and tones up the entire system. Adv.

## Of Course.

"Her husband is a self-made man."  
"She's sure to insist on alterations."  
—Boston Transcript.

## TO DRIVE OUT MALARIA AND BUILD UP THE SYSTEM

Take the Old Standard Tonic, "OXIDINE," CHILL TONIC. You know what you are taking. The formula is plainly printed on the bottle, showing it is a purely vegetable and iron tonic, and the most effective form. For grown people and children, 50 cents. Adv.

## At the Opera.

"That singer has a powerful voice."  
"I should say so. I can't hear myself speak when he's singing."

## FOR SUMMER HEADACHES

Hicks' CAPUDINE is the best remedy—no matter what causes them—whether from the heat, sitting in draughts, feverish condition, etc. 10c, 25c and 50c per bottle at medicine stores. Adv.

## The fountain of beauty is the heart.

And every generous thought illustrates the walls of your chamber.—Smiles.

# WOMAN SICK TWELVE YEARS

Wants Other Women to Know How She Was Finally Restored to Health.

Louisiana, Mo.:—"I think a woman naturally dislikes to make her troubles known to the public, but complete restoration to health means so much to me that I cannot keep from telling mine for the sake of other suffering women."

"I had been sick about twelve years, and had eleven doctors. I had dragging down pains, pains at monthly periods, bilious spells, and was getting worse all the time. I would hardly get over one spell when I would be sick again. No tongue can tell what I suffered from cramps, and at times I could hardly walk. The doctors said I might die at one of those times, but I took Lydia E. Pinkham's Vegetable Compound and got better right away. Your valuable medicine is worth more than mountains of gold to suffering women."—Mrs. BERTHA MUFF, 508 N. 4th Street, Louisiana, Mo.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

# 63 FARMS BROWNDALE

Including the famous POPE BROWN HOMESTEAD at fertile PULASKI COUNTY, GEORGIA

# W.L. DOUGLAS SHOES

\$3.00 \$3.50 \$4.00 \$4.50 AND \$5.00 FOR MEN AND WOMEN  
Bays wear W. L. Douglas \$2.00, \$2.50 & \$3.00 School Shoes, because one pair will positively outwear two pairs of ordinary shoes, same as the man's shoes. W.L. Douglas makes and sells more \$3.00, \$3.50 & \$4.00 shoes than any other manufacturer in the world.

THE STANDARD OF QUALITY FOR OVER 30 YEARS.  
The workmanship which has made W. L. Douglas shoes famous the world over is maintained in every pair.

Ask your dealer to show you W. L. Douglas latest fashions for fall and winter wear, notice the short pamps which make the foot look smaller, points in a shoe particularly desired by young men. Also the conservative styles which have made W. L. Douglas shoes a household word everywhere.

If you could visit W. L. Douglas large factories at Brockton, Mass., and see for yourself how carefully W. L. Douglas shoes are made, you would then understand why they are warranted to fit better, look better, hold their shape and wear longer than any other makes for the price.

CAUTION—To protect you against inferior shoes, W. L. Douglas stamps his name on the bottom. Look for the stamp. Beware of substitutes. W. L. Douglas shoes are sold in 78 own stores and shoe dealers everywhere. No matter where you live, they are within your reach. If your dealer cannot supply you, write direct to factory for catalog showing how to order by mail. Shoes sent everywhere, delivery charges prepaid. W. L. Douglas, Brockton, Mass.

## There's Health For You In

Brief Extracts From Strong TESTIMONIALS

Mr. C.T. Burksdale, P.M., at Danville for many years, writes: "My wife suffered for many years with uric acid rheumatism. . . . She took six bottles of Milam with the happiest results. I regard her as being entirely relieved."

Mr. R. L. Wallace, of Charleston, West Va., writes: "I have been a sufferer from Gout for twenty years when I decided to take Milam. I bought three bottles and am now on my fourth. My catarrh is entirely gone and I have not felt so well in years."

C. H. Williams, Salesman for Claxton-Peabody & Co., Huntington, W. Va., says: "You can keep your money. My wife is entirely well. Am finishing my sixth bottle of Milam and think after 26 years of excruciating pain."

Rev. D. P. Tate, a Methodist Minister, of Danville, Va., writes: "I took six bottles of your Milam which proved of incalculable benefit to me."

## MILAM

Our Testimonials are From People of Intelligence and High Standing

Mr. Green Williams, Manager Crystal Ice and Power Co., Danville, Va., Ex-Chief of Police, writes: "For the past five years, following an attack of erysipilis my foot and ankle inflamed for several months at the same time every year. Last year, when the symptoms began to appear, I took some of your Milam and was entirely relieved. No return of the trouble since."

Mr. W. E. Griggs, Sec'y & Treas. Westbrooks Elevator Co., former Cashier Bank of Danville, writes: "About ten years ago my right leg began to fail. . . . I consulted several specialists with no relief until about two years ago, was advised nothing else could be done. . . . I consented to take Milam—did not think it could hurt me. . . . About six weeks noticed improvement which has been steady ever since. . . . No read newspapers at night with ordinary glasses. . . . No trouble in attending to my duties as executive of a large corporation."
