HAVE YOU EVER TAKEN CALOMEL?

Next Time Don't Do It, It's Dangerous. Try Dodson's Liver-Tone Instead—It's Safe

You ought to know what a dangerous and uncertain drug the chemical, calomel, is. Perhaps you know several people who have been salivated by what they thought was a very light dose of calomel.

Next time you have an attack of biliousness, or when your liver has gotten sluggish, come to Saunders & Fowden drug store and ask for a bottle of Dodson's Liver-Tone. You will find it a pleasant tasted liquid and a perfect substitute for calomel in every respect and without the dangerous after effects of calomel.

Dodson's Liver-Tone gives the liver just the amount of gentle stimulation it needs to induce it to do its work properly and thoroughly. Saunders & Fowden drug store will give you your money back any time Dodson's Liver-Tone fails to prove itself a perfect substitute for calomel.
