### A WONDERFUL DISCOVERY.

In this age of research and experiment, all nature is being explored for the comfort and happiness of man. Science has indeed made great strides in the past century, and among the by no means least important discoveries in medicine is that of Therapion, which has been used with great success in French Hospitals and it is worthy the attention of those who suffer from chronic diseases, nervousness, chronic weakness, neuralgia, skin eruptions, etc. There is no doubt. In fact it is so evident from the big size created. It is of course impossible to tell sufferers all we should like to tell them in this short article, but like any other medicine, you should send addressed envelope for FREE book to Dr. G. H. Fesperman, 1100 North Main Street, Charlotte, N. C. This book is "THE RAPID CURE" No. 1, No. 2 or No. 3. It tells you how to get relief from all ailments in a few days of misery, suffering, ill health and all ailments. Therapion is sold by druggists or mail B. C. Fesperman Co., 900 North Main Street, New York.

# WILL PLAN ITS WORK

CONSTITUTIONAL COMMISSION

TO MEET EARLY NEXT MONTH  
AT RALEIGH.

## TO PRINT AMENDMENT BILLS

Fifteen Amendments Are Proposed in Bills Introduced in Senate and House and Referred to Committees For the Extra Session.

Raleigh.—Now that the regular session of the general assembly of 1913 has passed into history, attention now turns toward the special session to be called by the governor and convened for twenty days within the next twelve months. The preliminary and reorganization meeting of the constitutional amendments commission will be held on Wednesday, April 2, in Raleigh, this date having been decided upon at a conference of the members of the commission and the governor since the legislature adjourned. Governor Craig desired that this preliminary meeting should be held on March 26, but several members having been away from their homes and business since January 8, could not be present at such an early date, so the first Wednesday in April was decided upon.

The commission, constituted under a resolution proposed by the joint senate and house committee on constitutional amendments and adopted by both branches of the general assembly, is composed of a committee of five members of the senate appointed by Lieutenant-Governor E. L. Doughty, a similar committee of eight members of the house appointed by Speaker George W. Connor, and a commission of five members appointed by Governor Craig. This commission was constituted by the general assembly to act during the interim between the regular and extra sessions to consider all bills introduced in both branches of the legislature at the regular session proposing amendments to the constitution and to propose other amendments, all to be considered by the general assembly at the extraordinary session and by it submitted to a vote of the people, if its judgment so directs.

Under the resolution providing for this commission and prescribing its duties, it is required to prepare its report and submit the same to the governor at least sixty days prior to the convening of the extra session. And under a resolution introduced by Representative M. A. Griffin and adopted by both branches of the legislature the commission is required to have all bills proposing constitutional amendments, introduced at the regular session, printed in pamphlet form and a thousand copies distributed, including three copies to each member of the general assembly. It is understood this will be done in the near future, probably immediately after the organization meeting in April.

### Two New Steel Bridges.

Raleigh.—Two new modern and improved steel bridges are soon to be built in Wake county and the commissioners has advertised for bids. The bids will be received and opened at the next regular meeting of the board in April. One of the bridges will be built at Rand's mill in Swift Creek township and will have a 60-foot span. The other one, which will be 120-foot span and twice as large as the one at Rand's mill, will be built on the site of the old Baucum bridge on Neuse river.

### Many Farmers Are Enlisted.

Raleigh.—Sixteen hundred and ninety-seven boys who will grow corn as members of the North Carolina branch of the Boys' Corn Club of the country, are enlisted in the 1912 contest. Of the list of 100 counties there are only nine which do not have one or more members of the club. The department of agriculture in Washington has not compiled the general figures that would show what results the boys last year had in the space of general average.

### Farm Improvements in Mecklenburg.

Charlotte.—While here to attend the meeting of the farm demonstrators from many counties in the state several of the visitors were taken over the county in an automobile to see what was being done in the way of farm improvements in Mecklenburg. The demonstrators were well pleased with the trip, and stated that this county was making vast strides towards a great future for the farming in this section. The climate here in the Piedmont section of the state was thought by the men to be ideal.

### Dr. Alexander Speaks in McDowell.

Charlotte.—As the result of a stirring and practical speech by Dr. H. Q. Alexander, March 7, in McDowell county, there was organized at Garden City, a farmers' union with an enrollment of 20 members, with George M. Carson, one of our progressive farmers, as president. There are several other farmers' unions in the county and the movement is gaining the influence and respect never accorded to the Alliance and Populist parties. We need more good speakers among our successful farmers.

# EXPERT LIVE STOCK MEN

Are Employed by the Southern Railway to Aid the Farmers Along Its Many Lines.

Atlanta, Ga.—To give practical aid to live stock growers along its lines, the Southern Railway Company has secured the services of two experts in animal husbandry: Dr. Walter Sorrell, who will be stationed at Greensboro, N. C., and will work in Virginia, North and South Carolina; and Dr. C. D. Lowe, who will be stationed at Chattanooga, Tenn., and will work in Tennessee, Alabama, Georgia, Kentucky, and Mississippi. They will be known as assistant live stock agents and will report to Mr. F. L. Word, live stock agent, Atlanta, Ga.

Both Dr. Sorrell and Dr. Lowe have had years of practical experience in animal husbandry work. Both have been in the service of the United States government and are thoroughly conversant with conditions throughout the Southeastern states.

The duties of these men will be to advise farmers as to feeding, breeding and caring for live stock under conditions that exist in the territory along the Southern Railway, to assist farmers in organizing live stock clubs and associations, to give practical demonstrations, and to be at the service of farmers without any cost to them, giving any information, rendering assistance, and co-operating in any manner that will tend to aid and encourage the raising of more and better live stock.

## SILO REDUCES FEED COST

How to Build a Good One With Ordinary Farm Tools Told in Southern Railway Folder.

How the average farmer, using ordinary farm tools, at an expense of only \$65.00 can construct a silo with a capacity of 55 tons—enough silage to feed 20 cows 40 pounds per day for four months—is told in a booklet just gotten out by the Live Stock Department of the Southern Railway, a copy of which will be mailed free to any farmer addressing request for same to Mr. F. L. Word, Live Stock Agent, Southern Railway Building, Atlanta, Ga.

"Where there is Live Stock on the Farm There Should be a Silo" is the title of this booklet which tells of the advantage to the farmer of having a silo and the great saving which it enables him to make in the cost of winter-feeding for his live stock. The figures given are taken from the practical experience of a Tennessee farmer who built a silo on the lines indicated twenty years ago, who finds it as good as new today, and feels that it has paid for itself many times over every year.

Secretary of Agriculture Wilson has recently declared that the Southeastern states constitute the ideal section of the United States for live stock raising and must be looked to in future years for the nation's food supply. To stimulate interest in the live stock industry and to aid farmers to successfully follow this line, the Southern Railway has established its Live Stock Department which is giving undivided attention to this work.

### Production of Copper in 1912.

Washington.—Statistics and estimates received by the United States geological survey from all plants known to produce blister copper from domestic ores and from all lake mines indicate that the copper output of the United States in 1912 exceeds that of any previous year in the history of the industry. Not only is the total output the largest ever recorded, but six of the large copper-producing states—Arizona, Michigan, Utah, Nevada, New Mexico, and Alaska—have each exceeded all former records of production, while Montana and Tennessee have nearly equaled their previous record productions. The figures showing smelter production from domestic ores, which have been collected by B. S. Butler, of the geological survey, represent the total production of most of the companies for eleven months and an estimate of the December output.

### Taft Order May Be Revoked.

Washington.—President Wilson's advisers have hit upon solutions of two of the political problems confronting the Administration, which promised to be most troublesome—what kind of Democrats shall get plums from the political tree and how thousands of Democrats can be given a fighting chance at least to get near the tree. Within the next few days Postmaster General Burleson is expected to present for the President's consideration a plan which will open to Democrats the 35,000 third and fourth class postmasterhips covered into the civil service recently ordered by Mr. Taft.

### Wants Aid of Progressive Forces.

Washington.—President Wilson began his campaign for the support of progressive Republicans in the new Congress. He arranged to consult with Senator LaFollette at the White House when legislative policies, including tariff and conservation measures will be discussed. The president will consult the progressive Republican group in Congress freely and endeavor to obtain their aid in pushing through progressive legislation. The conference with Senator LaFollette will be the forerunner of other conferences.

# WOMAN'S STORY MADE PUBLIC

Mrs. Moncrief Didn't Consider It Secret. Thought Friends Should Know. Read Her Statement.

Belton, Tex.—Mrs. Ethel Moncrief, of this place, says: "I suffered with a complaint peculiar to women, and, although I called in the doctors, they failed to do me any good."

Then, I began to take Cardul, the woman's tonic. From the first dose, I could feel results, and in a short time, I was relieved of all my dreadful suffering. My friends were surprised to see the results I obtained from the use of Cardul. I just couldn't help telling them. It built up my system wonderfully.

I do not want to be without Cardul in my house, as long as I can obtain it. It is a true relief for womanly troubles. I can't praise it too highly. In the past half century, thousands of ladies have written, like Mrs. Moncrief, to tell of the benefit received from the use of Cardul.

Such testimony, from earnest women, surely indicates the merit of this woman's remedy. Cardul contains pure, harmless, vegetable ingredients, which act in a gentle way on all the weakened womanly organs.

It cannot do you harm, and is almost sure to be the very medicine you need. It's good for young or old.

Please give Cardul a trial. N. B.—Write to: Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for special instructions on your case and 64-page book, "Home Treatment for Women," sent in plain wrapper. Adv.

### Were Only Bent.

She weighed only 286, so that when she trod on a banana, skin she subsided very gently. A polite shopkeeper came out to assist her to rise from a box of his best new-laid eggs.

"Oh, I do hope I have not broken them!" she cried.

"Not at all, madam," said the polite one; "they are only bent."

### Envy.

"Bliggins is one of those people who envy others the slightest elevation above ordinary surroundings."

"Yes, His family can't eat a meal without being afraid he'll get jealous of the baby and want the high chair."—Washington Star.

### Important to Mothers.

Examine carefully every bottle of CASTORIA, a safe and sure remedy for INFANTS and children, and see that it bears the Signature of *Dr. J. C. Fletcher* in Use For Over 30 Years.

Children Cry for Fletcher's Castoria

### Warning to Women.

Very Meek Husband—I just finished writing your speech for the club, Mariah.

His Wife (not so meek)—What's the subject?

Very Meek Man—"The Lady Who Will Strike Her Husband Is No Man."

—Satire.

### For SUMMER HEADACHES.

Hicks' CAPSICUM is the best remedy—no matter what causes them—whether from the heat, sitting in draughts, feverish condition, etc. 10c., 25c and 50c per bottle, at medicine stores. Adv.

### No Change.

"I saw young Sappley the other day."

"Well, did he look like himself?"

"Yes; still insignificant."

# QUININE AND IRON—THE MOST EFFECTUAL GENERAL TONIC

Grove's Tasteless Chill Tonic Combines both in Tasteless form. The Quinine drives out Malaria and the Iron builds up the System. For Adults and Children.

### WHY INCUBATOR CHICKS DIE

Meaning the Billows.  
"I understand Perdita flirted with some high rollers at the beach last summer."  
"So she did, and nearly got drowned."

ITCH Relieved in 30 Minutes.  
Woolford's Sanitary Lotion for all kinds of contagious itch. At Druggists. Adv.

Day dreams are more pleasant than profitable, unless one gets busy and converts them into fact.

Feminine Arithmetic.  
Typist—It's my birthday tomorrow; I'm going to take a day off.  
Bookkeeper—Why don't you take five years off, same as you did last year?—Hystander.

To Relieve the Pain of a Burn Instantly and take out all inflammation in one day, apply the wonderful, old reliable DR. PORTER'S ANTISEPTIC HEALING OIL. Relieves pain and heals at the same time. 25c, 50c, \$1.00.

The successful man is honored and envied.

# Woman Is As Old As She Looks

No woman wants to look old. Many in their effort to look youthful resort to the "beauty doctor's" prescriptions. Their mistake is that they visit the wrong department in the drug store.

Beauty depends upon health.

Worry, sleepless nights, headaches, pains, disorders, irregularities and weaknesses of a distinctly feminine character in a short time bring the dull eye, the "crow's feet," the haggard look, drooping shoulders, and the falling step.

To retain the appearance of youth you must retain health. Instead of lotions, powders and paints, ask your druggist for

## Dr. Pierce's Favorite Prescription

This famous medicine strikes at the very root of these enemies of your youthful appearance. It makes you not only look young, but feel young.

Your druggist can supply you in liquid or tablet form; or send 50 one-cent stamps to Dr. Pierce's Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and a trial box will be mailed you.

# PUTNAM FADELESS DYES

Color more goods brighter and faster colors than any other dye. One lb. package colors all fibers. They dye in cold water better than any other dye. You can dye any garment without ripping apart. Write for free booklet—How to Dye, Bleach and Mix Colors. MONROE DRUG COMPANY, Chicago, Ill.
