

GIRL SUFFERED TERRIBLY

At Regular Intervals—Says Lydia E. Pinkham's Vegetable Compound completely cured her.

Adrian, Texas.—"I take pleasure in adding my testimonial to the great list and hope that it will be of interest to suffering women. For four years I suffered untold agonies at regular intervals. Such pains and cramps, severe chills and sickness at stomach, then finally hemorrhages until I would be nearly blind. I had five doctors and none of them could do more than relieve me for a time.

"I saw your advertisement in a paper and decided to try Lydia E. Pinkham's Vegetable Compound. I took seven boxes of it and used two bottles of the Sanative Wash, and I am completely cured of my trouble. When I began taking the Compound I only weighed ninety-six pounds and now I weigh one hundred and twenty-five pounds. If anyone wishes to address me in person I will cheerfully answer all letters, as I cannot speak too highly of the Pinkham remedies."—Miss JESSIE MARSH, Adrian, Texas.

Hundreds of such letters expressing gratitude for the good Lydia E. Pinkham's Vegetable Compound has accomplished are constantly being received, proving the reliability of this grand old remedy.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

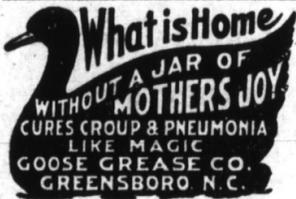

RESINOL RELIEVED ITCHING INSTANTLY

And Completely Cured Skin Humor.

If you have eczema or any other itching, burning skin trouble, the best evidence of what Resinol Soap and Resinol Ointment can do for you is the word of one who was cured by them after weeks of suffering. Adolph Schoen, 742 Shepherd Ave., Brooklyn, writes:

Nov. 1, 1912.—"At first little red spots were seen on my arms and body, which I noticed were getting larger every day. They itched me so much that I scratched myself until I bled. There were times when I stood up all night and scratched. I was troubled about three weeks, during which time I used — which seemed to do me no good whatever. Then, finally, I thought of trying Resinol Soap and Resinol Ointment. As soon as I applied Resinol Ointment I felt much relief. After using it a few times, I noticed the sore spots slowly fading away, and in about a month I was cured completely."

The soothing, healing balsams in Resinol Ointment and Resinol Soap, penetrate every tiny pore of the skin, clearing it of all impurities, driving away eczema, rashes, ringworm, psoriasis, and other eruptions, and making pimples and blackheads impossible. Prescribed by physicians for eighteen years. For free samples write to Dept. S-K, Resinol, Baltimore, Md. Every drugstore sells Resinol Ointment (50c) and Resinol Soap (25c), or sent by parcel post on receipt of price.

WANTED Thousands of agents to sell the Bob Taylor books. Ten lectures that made him famous—100 stories that made him a laughing matter. Everybody's buying them. Get busy. Coin money from the harvest. Liberal commissions paid. Bob Taylor Pub. Co., 8 Noel Block, Nashville, Tenn.

DESIGN CHOSEN FOR MONUMENT

COLONEL HORNE'S GIFT TO THE CONFEDERATE WOMEN OF NORTH CAROLINA.

TO COST MORE THAN \$10,000

The Committee and the Donor Agree on Design Which is Something New in Art—Is the Work of a Great Artist.

Raleigh.—The design for the monument to the Confederate women, given by Colonel Ashley Horne, at a cost of more than \$10,000 has been accepted.

This was done recently when the monument committee met with Colonel Horne, the designer. A story of this meeting was written that night but an accident befell it in the tube transit.

The design is known as the one-third size and is the work of Augustus Lukeman, the famous New York sculptor. It represents a woman of the Confederacy, whom Colonel Horne regards the bravest of all who were touched by war, sitting with a book in her lap and reading to her grandson the heroic story of that tragic four years. Its story will be complete, as reliefs will show the soldiers leaving for battle and their return in starved condition, garments torn, government gone and hope almost dead.

It is to be the work of a great artist. Mr. Lukeman is one of the most noted of sculptors. And the story of the heroism of Confederate women appeals greatly to his artistic mind. He will write in stone the inspiration that the children will find in the retelling of the history of Confederate days.

Colonel Horne's personal gift is the first monument to the women of the Confederacy. If everything goes well it will be placed on the capital lawn within another year. It will be situated near the main entrance of the new state house, and will adorn the southwest section of the square. On the committee attending the meeting here were Maj. H. A. Long, Pittsboro, Senator J. A. Long, of Roxboro, chairman of the committee; Col. J. Bryan Grimes and R. D. W. Connor, of Raleigh. Mrs. F. M. Williams, of Newton, president of the U. D. C., of North Carolina, is on the committee but could not be here.

Durham To Coast Railroad Project.

Traversing the state, entering at a point north of Durham and using the Norfolk and Western branch line between Lynchburg and Durham, it is expected that within the coming eighteen months North Carolina will see the greatest activity in railroad building in many years, when that company will build from Durham through to a coast terminal, probably at Cape Lookout or Swansboro, though it is thought from the direction that the company is purchasing right of way that the road will probably terminate at Swansboro.

Stopped Sale of Lawn Seed.

The state department of agriculture sent an inspector to the Five and Ten Cent Store at Raleigh to stop the sale of "Standard Lawn Seed" on sale. Not only had the seed company not paid its annual license tax for the sale of seeds in the state, but the quality of the seed, according to the department botanist, Miss I. O. Tillman, is very much below the standard fixed by the North Carolina pure seed law.

John C. Starnard Convicted.

The state department of insurance has procured the conviction of John C. Starnard for soliciting business for the Empire Security Co., of Birmingham and Richmond without a North Carolina license and after the commissioner of insurance in this state had refused to license the company. He was arrested and convicted at High Point, sentence of six months in jail being imposed.

Small Damage Done By Frost.

Reports received by The Carolina Fruit & Truckers' Journal of Wilmington from a large number of truck-shipping points in this section of the state indicate that the frost and the cold wave several days ago did not do more than five per cent damage at any point to strawberries. As a matter of fact the damage was so slight as to practically amount to nothing. A few berries were nipped, and such other vegetables as were up were hurt more or less, but upon the whole the damage was insignificant.

Charged With Box Car Breaking.

Charged with breaking into a box car of the Southern Railway at Spencer Easter Monday night, John M. Freeman was given a hearing before Justice C. E. Fosperman and W. L. Ray of Spencer. He was bound over to court, and in default of bond was held by Sheriff McKenzie. Four barrels of whiskey taken from the car were recovered near the home of Freeman. John Kerns, colored, in whose barn two of the barrels were found, was bound over on a charge of concealing the goods.

THE HOOKWORM CAMPAIGN

Makes Much Progress—For Three Months Ending March 31, 25,472 Persons Were Treated.

Raleigh.—The quarterly report for the state campaign against hookworm disease shows that for the three months ending March 31, state and county dispensaries for the free examination and free treatment of hookworm disease were conducted in 12 counties; that 35,472 persons were microscopically examined for hookworm disease; and that 10,784 persons received free treatment for the disease. Counting the work previously reported there have been examined to date, in the state 216,616 persons, and 122,680 persons treated. Work was conducted during the past three months in the following counties: Pamlico, Tyrrell, Washington, Union, Montgomery, Hoke, Moore, Henderson, Camden and Currituck.

Sixty-five counties have now had the dispensary work, and six additional counties have provided for it, making a total of 71 counties. Five counties have provided for a second round of dispensary work. Campaigns are now opening in Beaufort (second round), Mecklenburg, Perquimans and Forsyth counties.

Dr. H. L. Sloan, a native of Sampson County, an A. B. graduate of the University of North Carolina and a medical graduate of the University of Pennsylvania, has entered the services of the State Board of Health as assistant director of the hookworm campaign to succeed Dr. C. F. Stroanler, resigned.

Says Commission is O. K.

The Corporation Commission received from Hon. Judson C. Clements of the Interstate Commerce Commission a letter in which he insists that he in no way reflected on the Corporation Commission in any conversation with Secretary Forester of the Greensboro Chamber of Commerce, as he was reported to have done in a Washington special, giving a statement by Mr. Forester about his appearance before the Interstate Commission. Judge Clements reviews the incidents and his conversations with Mr. Forester, saying that he did tell him, in disparaging the need of further argument by Forester, that the North Carolina Commission had attended the arguments three days and concluded not to participate therein, saying this not in any criticism of the commission, but as affording an inference that they, representing the interest of Carolina communities and shippers, had not, under all the circumstances, deemed it necessary at the time to participate in these arguments.

Plans Catawba County Caravan.

The farm demonstration commissioner for Catawba has an idea in mind that, if put into practice, as he is planning to do this fall, will mean much for the farmers of the county. His idea now is to start a farm caravan through the county conducted of the same manner as agricultural caravans carried over the country on the railroad. A number of prominent speakers will accompany the outfit, which consist of all the different farm products grown in the county, several of the best breeds of live stock, the different kinds of soils and anything that can be used as an illustration towards better farming. The best ways of breeding and caring for stock, selecting of seeds and preparing land for their reception, and studying the different soils will all be discussed in meetings held at the public school houses. Catawba farmers have never been awakened as they have been during the past year. The institution of this new office has done wonders.

North Carolina New Enterprises.

The A. & B. Moving Picture Supply Company, Raleigh, was chartered with \$25,000 capital authorized and \$300 subscribed by B. S. Aronson, O. R. Browne and others for originating, moving picture films, handling supplies and conducting "movie" theaters, parks and other amusement places. Other charters are to Jones & Gentry Co., Winston-Salem, capital \$25,000 authorized, and \$5,000 subscribed by J. A. Jones, J. J. Gentry and others, for a shoe business; the B. F. Carpenter Sons' Company, Stanley, Gaston County, capital \$50,000 authorized and \$5,600 subscribed.

Road Building in Lenoir.

The road-building campaign in Lenoir county will be started about April 20th, and in twelve months this county promises to have the best system of sand-clay highways in the east. About 125 miles of the nearly 800 miles of roadways in Lenoir will be improved during the first year, at a cost of about \$50,000. The \$37,250 recently realized from the sales of the county's holdings in the Atlantic and North Carolina Railroad to E. C. Duncan will be utilized for this purpose.

Governor Issues Commission.

Governor Craig issued a commission to Lieut. Gov. E. L. Daughtridge as a member on the part of North Carolina of the American commission for the investigation of the co-operative system of agricultural production and distribution in European countries, the rural credits system of Europe. Mr. Daughtridge will sail with the other members of the American commission. The governor commissioned John Sprunt Hill of Durham as a member of this commission. Both will bear their own expenses.

FROM ALL OVER THE STATE

Short Paragraphs of State News That Has Been Condensed For People of State.

Raleigh.—The last day's report of the receipts of the North Carolina Red Cross showed \$183 for the flood sufferers of the West.

Lexington.—Policeman J. M. Garland was killed here several days ago by Lee Ford. The cause of the tragedy is shrouded in mystery and no one, not even the family of the man who did the killing, nor the family of the dead man, can throw any light on the subject.

Spencer.—Of the 10 aspirants for appointment as postmaster at Spencer, H. M. Cooke, a well-known druggist here, is the first candidate to drop out of the race. Mr. Cooke was a strong candidate, but states that the duties of the office would require too much of his time.

Asheville.—H. W., J. M. and W. E. Hunt have purchased a tract of land of 160 acres, two miles west of Hazelwood, the deal having been closed recently. The new owners of the property are residents of Greensboro and it is announced that they will conduct an apple orchard on their land.

Charlotte.—Mr. C. E. Clark, for the past two years county demonstrator of agriculture, will tender his resignation to the Board of county commissioners at their monthly meeting. He will go to Scotland county where he has accepted a position as general manager of the large Gates property consisting of 12,000 acres of timber and cotton lands.

Concord.—A meeting of the executive committee of the North Carolina Press Association will be held at the Empire Hotel in Salisbury in the near future to fix the date and make arrangements for the annual meeting of the association at Asheville. This announcement is made by Secretary J. B. Sherrill and President James H. Cain.

Newton.—The 22nd reunion of Company I, 49th regiment, was held at Sherrill's Ford. This company was organized fifty-one years ago with an enlistment of 142. Only thirty-six are now living and only fifteen answered to the roll call. An address was delivered by Rev. Beverly Wilson. The next meeting will be at Catawba Station on April 1, 1914.

Raleigh.—To advance the cause of the Philaetha Home for working girls in Raleigh, the Raleigh Baracas-Philaetha Union begins the raising of funds for the construction of that home. This movement began a month ago when Mrs. A. V. Joyner presented impressively the need of a home for working girls in the city and urged the Baracas and Philaethas to undertake its provision.

Statesville.—Statesville's contribution to the flood sufferers of Ohio totals \$262 to the present and there are many who say they will make contributions if further appeal for help is made. Of this amount the city of Statesville contributed \$50. Most of the money was left at the office of The Landmark collection and the remainder was collected by Messrs. G. E. French and W. L. Gilbert. The money is being sent to the Red Cross Society.

Durham.—Joe Jackson, John McLean and Butler Spivey, three operatives of the West Durham mills, were tried on a charge of assaulting Roy Wilkerson, another West Durham man, with intent to kill. McLean was fined \$10, Spivey released and Jackson was sent to the roads for five months. The case grew out of the assault of Wilkerson about a week ago, when the three men passed by his home and raised a disturbance.

Kinston.—At a meeting of the directors of the local chamber of commerce a committee was appointed to confer with officials of the Atlantic Coast Line Railroad and the leading citizens of Pollockville, Jones county, relative to the extending of the A. C. L. from the terminal of the Weidon-Kinston branch here to the Jones county town. The line which the members of the chamber desire to have built from this city to Pollockville as contemplated would touch at Trenton and would put the richest section of that county in a closer touch with the outside world.

China Grove.—Mr. Posey C. Shuffler, aged 70, died here from gripe. The deceased was reared in Burke county and moved to China Grove 20 years ago. He served through the Civil war, under Capt. Stewart, Company E, Fifty-eighth North Carolina regiment.

Hickory.—Petitions are being circulated by citizens asking the county commissioners to locate a new road from Piedmont Wagon Company's plant, this city, through to Brookford. This road will pass through a suburb of the city known as Grand View.

Washington.—Messrs. Davis & Davis, patent attorneys of Washington, report the grant to citizens of North Carolina, of the following patents: C. T. Bernhardt, Salisbury, block-winding device; G. M. Hall, Canton, nutlock.

Linville Falls.—The enthusiasm of the meeting of stockholders of the Appalachian Highway Company at Altapass and the strong support that is promised for carrying on the road of the Blue Ridge highway seem to leave little or no doubt that it will be completed so soon and automobiles can travel in this year.

Something Seemed Lacking.

One of the best known London newspapers, in a review of "Lincoln's Own Stories," collected by Anthony Gross, commented on the anecdotes which Lincoln was fond of telling of a family of such migratory habits that they were able to get everything into one wagon, and even the chickens were so used to being moved that when ever they saw the wagon sheets brought out they laid themselves on their backs and crossed their legs, ready to be tied. The British reviewer, with an insular sense of humor, remarked: "One feels a little as though something must have been accidentally left out of this and of many other stories in the book."

Knows He's Right.

"Does your husband ever tell you you have poor taste?" "Frequently." "And what reply do you make to him?" "I think of what I married and say nothing."

Too Thorough.

"That naval officer is noted for always going to the bottom of things." "Good heavens! I hope they won't appoint him to the command of this ship!"

STOP SUFFERING FROM PILES. Write for free particulars of wonderful internal remedy. Dept. K, 744 Lafayette Ave., Buffalo, N. Y. Adv.
