The two young men who made a disturbance at the Opera House during the commencement exercises, were up before Mayor Godwin and placed under bond. It is a habit some people have of coming to town and loading up with booze and then trying to act as if the entire place was theirs.

Saturday afternoon on the road near Skewarkey, Robert Biggs ran into a bicycle with a man on it. Biggs was driving slowly and sending forth unearthly sounds from the fog horn, but to no avail for the man attached to the wheel headed not, so when the Buick met him he went over the wind shield and rolled in a ditch, arising with sundry bruises. There could be no suit for damages as Biggs was not speeding and gave due notice of his approach. People should be aware of the fact that a bicycle is no match for a car. One of the lamps of the car was broken and of course, the wheel was a wreck.

You Have Doubtless Heard

of the farmer who kept his accounts on the barn door with chalk, and the barn burned down.

Did it ever strike you that you were in the same kind of a "fix" when you pay your bills by cash? A check is a receipt that can never be denied.

Suppose you let us use the chalk on our books instead it on your barn door.
