All of those who drove in cars to Atlantic City have returned and report a splendid time, and speak enthusiastically of the beautiful valley of Virginia through which they passed.

The Boy Scouts with Scout Master J. T. Jerome spent several days camping at the big mill this week. They camped in soldier style, sleeping on their blankets at night, and filling the day with fishing and bathing. It was glorious fun for them and the weather was ideal.

"Buck" Crewe, one of the oldest and most highly respected colored citizens of the community died here Tuesday afternoon at 5 o'clock. For some time his health has been feeble, but his industrious habits kept him up a greater part of the time. He will be missed, as he was very useful as a shoemaker and other trades. Several years ago, his wife died and since then he has lived with his niece.

Tuesday afternoon, little Miss Elizabeth Gurganus celebrated her fifth birthday at the home of her parents in East Williamston. Quite a number of her young friends were present and brought gifts to express the friendship of their young hearts. Games, such as little children love, were enjoyed and ice cream, cake and bananas were served in the dining room, where the birthday cake with five bright candles, made a pretty scene.

The ENTERPRISE and Telephone forces went out to the Biggs farm on Thursday and enjoyed several hours with the members of the Christian Sunday School and their friends. Editor Manning kindly arranged to give the

pleasure, and the bountiful feast of 'cue and other good things made the occasion complete. The ladies of the Church are adepts in providing things which delight "the inner man."

Operatives Wanted

Machinery is now being installed in the new No. 3 Mills of the Rosemary Manufacturing Company, and this machinery will require about 300 men, women and children to operate it.

We prefer large families of industrious people who are seeking permanent homes, but will be glad to communicate with large or small families, whether trained or untrained in mill work.

Our mills are splendidly equipped, the houses and the village exceptionally good and are lighted by electricity. All water in the village is from deep drilled wells. The village is kept clean and the health of the people is exceedingly good.

For full information concerning the village, mills and work, apply to
