

Saving Money is Simply a Process of Growth

Form the Habit and financial success will grow from your first small deposit by the same law that "great oaks from little acorns grow."

Every one can save a little at a time. Stick to your saving plan and place them in a safe place, and you will get there. We Welcome your account whether large or small and will help you to save.

Greenville, N. C.

A news item sent out from Washington last week tells of a young man who lost his life savings of between \$4,000 and \$5,000 in the recent storm. He would not put in the bank and when the high water flooded his home it washed his money away.

IS YOUR MONEY SAFE?

OR HAVE YOU HID IT IN YOUR HOME

AS THE WASHINGTON MAN DID

Say, for instance, he had been saving \$300 a year for fifteen years and had accumulated \$4,500 and kept it at home unprotected.

IF he had deposited \$300 yearly on time deposit at 4 per cent, compounded annually, he would still have his savings of \$4,500 and the interest which would amount to \$1,747.25, making a total of \$6,247.25.
