

# MRS. MANGES ESCAPES OPERATION

How She Was Saved From Surgeon's Knife by Lydia E. Pinkham's Vegetable Compound.

Mogadore, Ohio.—"The first two years I was married I suffered so much from female troubles and bearing down pains that I could not stand on my feet long enough to do my work. The doctor said I would have to undergo an operation, but my husband wanted me to try Lydia E. Pinkham's Vegetable Compound first. I took three bottles and it made me well and strong and I avoided a dreadful operation. I now have two fine healthy children, and I cannot say too much about what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. LEE MANGES, R. F. D. 10, Mogadore, Ohio.

Why will women take chances with an operation or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

## THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Beautify Your Hair! Make it Soft, Fluffy and Luxuriant—Try the Moist Cloth.

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable luster, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25 cent bottle of Knowlton's Danderine from any store and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all. Adv.

## AROSE TO THE EMERGENCY

How Engineer Proved Worthy of His Position When the Occasion Came to Try Him.

The engineer of a Chicago suburban train showed the other day that a cool and experienced head is equal to almost any emergency. A side rod had broken, and with every revolution of the wheels, was demolishing the cab and the mechanism by which the engine is operated. He was able to shut off the power, but the airbrake control had been destroyed, and the train went dashing on. Having done all that mortal could do with the apparatus that was left intact, he left the cab, climbed over the coal in the tender and swung down on the platform of the first car. There, reaching for the air cord, he brought the train to a stop in a few hundred feet. If he had whistled for brakes the train crew might not have responded in as little time as it took him to do the thing himself.

## SKIN TROUBLE ITCHED BADLY

Glenns P. O., Va.—"My baby's trouble began with an itching and then a little bump would come and she could not rest day or night. The trouble affected her whole body. The bumps festered and came to a head and the corruption looked like thick matter, kind of a yellow color. The sores itched so badly until it seemed to me she would scratch herself to pieces and then a sore would form and her clothes would stick to her body and pull off the little scab. In some places she would scratch and irritate the sores until they seemed to be large. She was affected about a year.

"I wrote for a sample of Cuticura Soap and Ointment. I bathed her body in warm water and Cuticura Soap and then I applied the Cuticura Ointment, and they afforded relief after twice using. I bought some more Cuticura Soap and Ointment and inside of two weeks she was cured." (Signed) Mrs. J. R. Greggs, Nov. 21, 1912.

Cuticura Soap and Ointment sold throughout the world. Sample of each free with 32-p. Skin Book. Address post-card "Cuticura, Dept. L, Boston."—Adv.

## How Famous Hymn Was Written.

As Tennyson's nurse was sitting one day at his bedside, shagging to a degree the general anxiety about the patient, she said to him suddenly: "You have written a great many poems, sir, but I have never heard anybody say that there is a hymn among them all. I wish, sir, you would write a hymn while you are lying on your sick bed. It might help and comfort many a poor sufferer."

The next morning, when the nurse had taken her quiet place at the bedside, the poet handed her a scrap of paper, saying: "Here is the hymn you wished me to write."

She took it from his hands with expressions of grateful thanks. It proved to be "Crossing the Bar," the poem that was sung in Westminster abbey at Tennyson's funeral, and which has touched so many hearts.

## FROM THE TAR HEEL STATE

Latest News of General Interest That Has Been Collected From Many Towns and Counties.

Rutherfordton.—J. C. Souther, jeweler, has been sentenced to pay a fine of \$15 and costs and to serve four months on the county roads on charges of carrying concealed weapons, drunkenness and assaulting his wife and daughter.

Gastonia.—A few days ago a small cyclone swept a section of Gastonia a little east of the center, doing considerable property damage but, so far as can be ascertained, not injuring any one. One or two houses were blown down.

Lenoir.—The telephone line from Lenoir to Blowing Rock, which has been under construction for the last three months by the Watauga Electric Company, has only recently been completed, and splendid service is now being given its patrons.

Fayetteville.—In response to a request made by Governor Craig of all the mayors of the state, Mayor John Underwood has issued a proclamation calling on all the men of Fayetteville and Cross Creek Township to do their part on November 5 and 6, set apart by the Governor for "Good Roads Days," and "by a patriotic impulse to work for the common weal."

Raleigh.—The supreme court, Judge Brown writing the opinion, rules in the case of Wooley vs. Telephone Co., from Lenoir, that the rule of the telephone companies to collect rentals in advance by a reasonable one based on sound business principles. Wooley had sued out an injunction against the removal of his phone for refusal to pay rental in advance.

Charlotte.—Work on the Norfolk Southern's North Charlotte depot will be begun within a few days by Mr. C. V. York of Raleigh, who has been awarded the contract. The station will be located at the intersection of the railroad with Thirty-second street, opposite the plant of the General Fire Extinguisher Company. It is expected that it will be ready for occupancy two months hence.

Lincolnton.—The bonds issued by the County of Lincolnton amounting to \$200,000 for road improvement were disposed of by the County Commissioners recently at special meeting for this purpose. The bonds brought par and were bought by the Security Trust Company of Spartanburg, S. C. This speaks well for the credit of the county, as bonds are hard to sell at present. There were eight bidders at the meeting.

Shelby.—The finest display of farm products ever shown in the county is on at the J. D. Lineberger's Sons big buggy show. It is an annual corn show given exclusively by three young business men and while the corn is the principal part of the show, there is a young county fair with preserves and canned fruits and vegetables, cotton and feed crops, seeds of various kinds, butter, eggs, etc.

Raleigh.—Mr. N. B. Broughton, superintendent of the Tabernacle Baptist Sunday School, this city, since 1876, has resigned and will spend the next several months in Europe. He will visit his nephew, Dr. Len G. Broughton, in London and four especially, the Holy Land. Another nephew, J. M. Broughton, Jr., has been elected superintendent of the Sunday school.

Statesville.—The leaf sales on the Statesville tobacco market this week have been about the largest ever and the prices continue good. The county's system of good roads and the fact that the local buyers are running the tobacco up to good prices this year have made the season so far a very good one and the prospects for record-breaking sales during the remainder of the season are good.

Wilmington.—Sult was started in Superior Court by J. C. Holly against the Greensboro Life Insurance Company of Greensboro for collection of face of policy for \$2,500 on the life of Edward Cromwell, Holly's ward, and assigned to Holly. Punitive damages in the sum of \$50,000 will probably be sought also, alleging that insurance company was investigator of prosecution and charging false arrest and imprisonment.

Statesville.—At a meeting of the Iredell County Poultry Association held in the Commercial Club of Statesville it was decided to immediately begin preparations for the annual poultry show to be held in Statesville December 10-13.

Caroleen.—What was indeed a pleasant occasion took place recently in the home of Rev. A. C. Swofford, pastor of the Cliffside Methodist church, when by the special invitation of Mr. and Mrs. Swofford, the oldest four Methodist preachers in Rutherford County met in reunion and for conference.

Asheville.—Because his wife remonstrated with him when he informed her that he was going to hunt on post-land, it is alleged, Charles Stuart, who resides on Sunset Mountain, shot her recently, and at the hospital, it was reported that the patient is in a desperate condition.

## FARMERS' UNION FOR GOOD ROADS

STATE PRESIDENT H. Q. ALEXANDER ISSUES PROCLAMATION TO ALL MEMBERS.

### WILL MEET TO D.V.S.E PLANS

Meeting of All Locals Called For Friday, October 31, in Order to Arrange For Working Roads As Set Apart By Governor Craig.

The efforts of Governor Locke Craig in stirring up interest throughout the state in behalf of better roads are being ably seconded by the officials of the North Carolina division of the Farmers' Union, of which Dr. H. Q. Alexander of this city is president. That the farmers of the state should be concerned in the promotion of this cause goes without the saying for they are the ones to receive possibly the greatest direct benefit.

In order to stir up interest on the part of the members of the great organization, Doctor Alexander has issued a call for every local union in the state to meet Friday afternoon or night, October 31, at which time it is expected that plans will be formulated for turning out and working the roads in their communities on the days designated by Governor Craig, namely November 5 and 6. President Alexander's proclamation is as follows:

"Whereas, His Excellency, Locke Craig, Governor of North Carolina, has issued his proclamation setting apart the 5th and 6th days of November, 1913, as good roads days, and appointing these days as holidays and days of festival throughout the state, to celebrate the dawn of a new day in North Carolina; a day in which the march of progress toward a higher and better civilization is made easier by good roads with modern schools as signboards guiding the people, onward and upward, and,

"Whereas, His Excellency, the Governor, has called upon the president of the Farmers' Union to issue his proclamation to the organized farmers of North Carolina to enlist in this great movement for the betterment of all the people and the development of both county and town.

"Now, therefore, as president of the Farmers' Union, I hereby call upon all the local unions in the state to assemble at their regular meeting places on Friday afternoon or night, October 31, and there organize and arrange to work every able-bodied man of the community on the roads of the community, on Wednesday, the 5th and Thursday the 6th day of November. Let all farmers gladly embrace this opportunity of uniting with all other classes of our citizenship, and, shovel in hand, realize that it is one of the very few instances in life where braven will hold its own with brain.

"And in this union of effort in a common cause, may all men come to realize that every movement for the development of North Carolina and the improvement of her citizenship is a common cause that should enlist the united co-operation of all classes.

### A. T. Co. Choking Competition.

A special from Washington says a complaint from North Carolina has been made to the Department of Justice that the American Tobacco Company is buying up the Riker-Hagerman drug stores throughout the South for the purpose of choking off competition in the cigar business. Attorney General McReynolds is not in the city, but it is anticipated that the matter will be investigated. It is charged that the American Tobacco Company is getting control of the drug stores for the purpose of putting them out of business as competitors in cigars.

Asheville.—T. W. Curtis, an Asheville visitor from Waynesville, was seriously injured recently when he was run down by a street car on Patton avenue.

### Southeastern Teachers Meet.

The district meeting of county superintendents of schools and high schools of the southeastern district of the state was convened here recently. The Lenoir County and Kinston school authorities are hosts to the visitors, who are from 21 counties. W. M. Thompson is president and F. T. Wooten secretary of the body. Among the topics being discussed are courses of study, the patron, the pupil, the teacher, new school legislation and industrial and agricultural education, in North Carolina.

### School Houses Social Center.

A movement is being advocated in Catawba county at the present time which will mean much towards advancing the social and educational interests of the county, that of the school house as a social center or meeting place for the rural districts, these meetings to be held at least monthly. The school house is to be made a rallying place for the Farmers' Union, domestic science clubs, Boys' Corn Clubs, Girls' Tomato Club's, debating societies and the Woman's Betterment Association.

## HAVE MADE GOOD ON JOBS

Tar Heels in Bureau of Soils Have Received Promotion.—Three Inspectors.

Raleigh.—Special from Washington says: W. E. Hearne, an inspector of the United States Department of Agriculture, Bureau of Soils, has been assigned to co-operative work in connection with the North Carolina Department of Agriculture.

This means that Mr. Hearne will have charge of all soil farm demonstration agents, and will assist the department at Raleigh in the publication of bulletins and reports which are of bulletin and reports which a few days ago Messrs. Hearne and Hugh H. Bennett, who have charge of the inspection work for the soil survey for the entire state, received deserved promotions in their salaries. The uplifts came as a result of the excellent services rendered by these young North Carolinians as soil experts. Mr. Hearne is from Orange, and Mr. Bennett from Anson county, and both are under the Civil Service. They came here several years ago and have made good every day. Mr. Hearne directed the work of making a soil survey of Mecklenburg county.

All of the North Carolina men in the Bureau of Soils are leaders in their line of investigation, and the salaries paid them range from \$1,600 to \$2,500 per annum and expenses. Most of them are alumni of the University of North Carolina and owe much to Prof. Collier Cobb for placing them in the proper line of work.

Of the five inspectors in the Bureau of Soils three, Hearne, Bennett, and T. D. Rice, are from North Carolina. Among other North Carolina men who occupy enviable positions are Dr. R. O. E. Davis, who is the chemical laboratory; J. E. Turrentine, who has just returned from Alaska; A. W. Mangum, now in the forest reservations of the Northwest; R. H. Winston, also in the Northwest; R. B. Hardison and R. T. Allen, now in North Carolina doing soil work; William B. Cobb now working in Pennsylvania, and J. J. Skinner, in fertility investigation of the bureau.

These young men did not get in by pull or through political favor, but by hard individual work. They stood examinations and won.

### Governor Will Work Two Days.

Many inquiries have come in to Governor Craig as to whether he will actually go out on the public roads November 5 and 6 and do personal work. He says it is certainly his intention to do so. Already special overalls have been ordered for him to use and it is his purpose to put in a good two days' work either in the Raleigh or the Asheville section. He is confidently expecting that the people generally will follow his example and that a far stride in road building will be taken the state over on these two days.

### No One Wants Job.

The postoffice at Arba, Greene county, has been discontinued because no one would have the job as postmaster. Postmaster Hill, who held the office many years, declined reappointment, and no one else would accept it. There are now but four post-offices in Greene, those at Snow Hill, Hookerton, Maury and Walstonburg, whereas a decade ago there were a dozen, most of which were put out of business by rural free delivery.

### Granville County Closes.

The fourth Granville County Agricultural Fair closed recently. Everything seemed to conspire to make the affair a success, the weather, crowds and their conduct being all that could have been desired. The exhibits this year were very good as a whole, but in some respects there was a falling off, notably in the fruit and farm products. But the poultry and live-stock departments were much superior to those of any preceding fair.

### Union to Have Fair.

Monroe will witness a real demonstration of farm products of Union County this year with a fair, the date having been set for November 22. T. J. W. Broom has been elected president and L. E. Huggins, secretary and treasurer.

### To Go to Capital.

The members of the North Carolina Corporation Commission will go to Washington October 28, 29 and 30 to attend the annual Convention of the National Association of Railroad Commissioners in session at the National Capital at that time. Chief Clerk Maxwell will also attend the convention. Political talk hereabouts is swinging all sorts of angles, one of the latest phases being expression of the view that Hon. R. B. Glenn will really be in the race against Senator Overman.

### None Are Too Anxious.

Governor Craig said recently that he is not receiving any applications directly or indirectly for the appointments on the special commissions that he will have to appoint when the railroad companies present their petition alleging that the rates prescribed in the Justice Interstate act are confiscatory and unreasonable. The Governor does not believe that the railroad companies will wait anything like the full 60 days from the date of ratification of the act to file whatever exceptions they contemplate.

## TORTURING TWINGES

Much so-called rheumatism is caused by weakened kidneys. When the kidneys fail to clear the blood of uric acid, the acid forms into crystals like bits of broken glass in the muscles, joints and on the nerve casings. Torturing pains dart through the affected part whenever it is moved. By curing the kidneys, Doan's Kidney Pills have eased thousands of rheumatic cases, lumbago, sciatica, gravel, neuralgia and urinary disorders.

### A NEW YORK CASE

John A. Gould, 74 Gatchell St., Buffalo, N. Y., says: "I was laid up for two months with inflammatory rheumatism and was in bed most of the time. My left limb swelled one-quarter again its natural size. The swelling kept getting worse and the pain nearly killed me. Two doctors failed, and then I began using Doan's Kidney Pills. They cured me."

## HAD NO COMPLAINT COMING

Bad as Entertainment Was, Attention Had Escaped From a Worse Affliction.

It was at the vaudeville. The girl with the excruciating voice had just finished her song.

"Just think!" groaned Brown, to the stranger beside him. "We paid real money to hear that!"

"I didn't," was the placid response. "Come in on a 'comp.'"

"But you had to spend carfare to get here, did you not?" asked Brown.

"None," replied the uncomplaining one. "I live in walking distance."

"But," persisted Brown desperately, "at least you hoped to be entertained, not punished."

"No, I didn't care," grinned the stranger. "I came to get away from home. My wife is cleaning house."—Judge.
