**ANOTHER SIDE TO MATTER**

One Man Has Discovered That Offering Floral Bouquets to the Living Is Not All Joy.

"There has been a good deal in the paragraph section of our exchanges for some weeks to the effect that you should give the bouquets now; not wait to lay them on the coffin lid," says Tom Thompson in the Howard Courant. Ella Wheeler before she was a Wilcox wrote a poem on that theme; Chancellor Bradford at the chautauqua dinged it into us, and most of us have been affected by it. But say, my brother-sister, have you tried it yet? I have—twice. First, I tried it on a very dear friend of the other sex, and she began to get nervous like she thought I was trying to flirt with her. Then I quit, for I am pre-eminently no flirt. Next I tried it on a brother in my lodge and Sunday school, and he shied off like he expected me to ask him for a loan. So after this I shall water my flower beds and raise nice bouquets for funeral occasions exclusively. Very few people know how to receive floral offerings, anyway.—Kansas City Star.

**GIRLS! GIRLS! TRY IT, BEAUTIFY YOUR HAIR**

Make It Thick, Glossy, Wavy, Luxuriant and Remove Dandruff—Real Surprise for You.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair—growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a 25 cent bottle of Knowlton's Danderine from any store and just try it. Adv.

**More Important Than Success.**

The most important thing in a man's life is that which he has been striving at. All that he actually accomplished was dependent to a considerable extent on purely accidental circumstances, and in the best cases, proved only a far inadequate realization of his intentions.—John Ruskin.

**INTERNATIONAL SUNDAY SCHOOL LESSON**

(By E. O. SELLERS, Director of Evening Department, The Moody Bible Institute, Chicago.)

**LESSON FOR NOVEMBER 9.**

**ABSTINENCE FOR OTHERS' SAKE.**

(World's Temperance Sunday.)  
LESSON TEXT—Rom. 14:7-21.  
GOLDEN TEXT—"It is not good to eat flesh, nor to drink wine, nor to do anything whereby thy brother stumbleth." Rom. 14:21.

Paul was in Corinth, a city of luxury, learning and licentiousness when he wrote this letter to the believers in Rome, a letter of profound logic and ethics as well as a profound study in psychology and philosophy.

I. None of us liveth to himself," vv. 7-11. Paul begins this chapter by giving a caution as to doubtful disputations, "judgments upon thoughts," whether it be in the matter of eating herbs or meats, or in the observance of set days. Who are we but fellow servants (v. 4) of God? About such things as habits and observance of days we must each be assured in our own minds, (v. 5), but while that is true yet, "none liveth to himself" (v. 7), for "we are the Lord's" (v. 8). He is the universal Lord, both of the living and the dead, (v. 9). What folly, therefore, for any believer to set himself up in judgment upon his brother.

**Four Things Suggested.**

II. "Give an account to God," vv. 12-18. Verse 12 suggests four things: (1) A universal summons, "each one of us," great and small, obscure or famous, each one must appear, none overlooked, none excluded, none excused. (2) A particular summons, "each one of us," not "en masse," but as separate units. (3) A purposeful summons, "to give account," not of others but each of himself. It will not be "blind justice" that shall await us there, but a holy God, one who knows all, sees all, every thought and imagination of the human heart (Gen. 6:5) and whose judgment will be righteous. (4) A rightful summons, because of its source, "before God," and shall not the Judge of the whole earth do right? No excuse because of the failure of others will avail, no subterfuge be acceptable, "strict justice" will condemn. Man-made laws and ordinances as to what we eat or what days we may observe will then be revealed in the white light of the God whose name is love. In the light of such a prospect how pertinent therefore that we turn (v. 13), from judging others and look well to our own conduct, lest that conduct become a rock of stumbling to other and weaker brethren.

**Another Law.**

III. "Follow after things which make for peace," vv. 19-23. To follow that which shall edify is to exercise the "law of liberty." James in his epistle (1:25, 2:12) tells us to look into this law and to continue therein for by it we shall be judged, yet there is still another law, "the royal law" (2:8, Matt. 22:36-40), the fulfilling of which will settle every question of man's relation to man. We should so use our liberty that it be not evil spoken of or become a rock of stumbling to any. Whether or not the kingdom of God be in us, or we in the kingdom, depends not upon the scrupulous observance of ordinances either as to eating, or the observance of days, but rather in the manifest righteousness of our lives and in having peace in our hearts, ch. 15:13, being filled with "joy in the Holy Spirit" v. 17. Therefore, if to eat meat shall cause my brother to stumble or to be made weak (v. 21) "I will eat no flesh for evermore," I. Cor. 8:13.

All of this leads up to the true principle of total abstinence as revealed in verse 21, "It is good not to eat flesh, nor to drink wine, nor to do anything whereby thy brother stumbleth or is offended." This does not alone apply to the Great American Juggernaut, the commercialized liquor traffic, which, according to the United States Supreme court, has no legal ground upon which to stand. When the members of the church of God in this "land of liberty" shall each be governed by this principle it will not be long before the liquor problem among many other questions that are troubling us will be settled. The real question will not be "Is it wrong?" but rather, "How will it affect my brother?" All meats are clean, we also know that Acts 10:15, but we also know that many cannot eat, cannot participate in our acts, with a clear conscience because in so taking part there comes before the mind of the weaker brother the evil associations and practices which so frequently accompany such acts or such eating. Our indulgence, no matter how innocent and entirely harmless it may be to us, is therefore not to be thought of. This settles the drink question, the tobacco habit, dancing, card playing, theater going, and all "questionable amusements."

For once teach a temperance lesson not on the ground of the harrowing effects of this awful traffic, but try to show that temperance is largely the result of selfishness. Show how less selfishness in our social relations would help to keep men away from the saloon. Less selfishness in money would keep us from accepting bloody tax money. Less selfishness on the part of churches by activities during the week would keep children and young people from growing familiar with and finally embracing the monster vice. Many ancient authorities insert after Ch. 14, c. 25-27.

**RARE PRESENCE OF MIND**

At Least It Is to Be Supposed Young Lady's Mother Regarded It as Such.

Speaking of rare presence of mind recently recalled to ex-President Taft the case of a handsome young woman of his acquaintance. She had gone to the railway station to meet a man friend of the family, and when he debarbed from the train the young man lost his head and impulsively kissed her. The girl thought it the part of prudence to tell her mother of the affair, upon which the latter was simply horrified.

"You don't mean to tell me that he had the impudence to kiss you?" she cried. "And to think of the crowd at the station! Why, my dear, what did you do in such an embarrassing situation?"

"Why, mother, I just kissed him back, of course. 'I wanted to give all those people the impression that we were relatives.'—The Sunday Magazine.

**What He Noticed.**  
The extent to which the modern child is educated in matters of hygiene appears from a recent episode in a Boston school:

The class had visited the art museum and the teacher wished to learn what the children had observed and how they were impressed. The subject at the moment was the exquisite head of Aphrodite, one of the chief treasures of the museum. A little boy who frantically waved his hand was called upon. He announced triumphantly:

"I noticed she had adenoids!" "Why, Peter," exclaimed the shocked teacher, "what do you mean?" "She keeps her mouth open all the time!" was the reply.—Youth's Companion.

**IF HAIR IS TURNING GRAY, USE SAGE TEA**

Don't Look Old! Try Grandmother's Recipe to Darken and Beautify Gray, Faded, Lifeless Hair.

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.

A well-known druggist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.—Adv.

**Perpetual Motion.**

One may well be sure that there is no "perpetual motion machine." For this purpose machines have been constructed from time immemorial, but nothing has ever come of it. Men have gone mad on the subject, but without any practical results. It was demonstrated long ago by Sir Isaac Newton and De la Hire that perpetual motion is impossible of attainment. Even the solar system, the most wonderful machine of which we have and knowledge, will run down in the course of time, some say in about 11,000,000 of years from now.

**What So Precious As a Healthy Baby?**

**Every Youngster Can Have Fine Digestion if Given a Good Baby Laxative.**

In spite of the greatest personal care and the most intelligent attention to diet, babies and children will become constipated, and it is a fact that constipation and indigestion have wrecked many a young life. To start with a good digestive apparatus is to start life without handicap.

But, as we cannot all have perfect working bowels, we must do the next best thing and acquire them, or train them to become healthy. This can be done by the use of a laxative-remedy very highly recommended by a great many mothers. The remedy is called Dr. Caldwell's Syrup Pepsin and has been on the market for two generations. It can be bought conveniently at any drug store for fifty cents or one dollar a bottle, and those who are already convinced of its merits buy the dollar size.

Its mildness makes it the ideal medicine for children, and it is also very pleasant to the taste. It is sure in its effect, and genuinely harmless. Very little of it is required and its frequent use does not cause it to lose its effect, as is the case with so many other remedies.

Thousands can testify to its merits in constipation, indigestion, biliousness, sick headaches, etc., among them reliable people like Mrs. James R. Rouse, of Marinette, Wis. Her little son Howard was fifteen months old

HOWARD ROUSE

last April, but he was sick with bowel trouble from birth and suffered intensively. Since Mrs. Rouse has been giving him Dr. Caldwell's Syrup Pepsin all trouble has disappeared and the boy is becoming robust.

Thousands keep Dr. Caldwell's Syrup Pepsin constantly in the house, for every member of the family can use it from infancy to old age. The users of Syrup Pepsin have learned to avoid cathartics, salts, mineral waters, pills and other harsh remedies for they do but temporary good and are a shock to any delicate system.

Families wishing to try a free sample bottle can obtain it postpaid by addressing Dr. W. B. Caldwell, 263 Washington St., Monticello, Ill. A postal card with your name and address on it will do.

**Rheumatism, Sprains Backache, Neuralgia**

"Yes, daughter, that's good stuff. The pain in my back is all gone—I never saw anything work as quickly as Sloan's Liniment." Thousands of grateful people voice the same opinion. Here's the proof.

Relieved Pain in Back.  
"I was troubled with a very bad pain in my back for some time. I went to a doctor but he did not do me any good, so I purchased a bottle of Sloan's Liniment, and now I am a well woman. I always keep a bottle of Sloan's Liniment in the house." —Miss Maria Cotton, 364 Myrtle Ave., Brooklyn, N. Y.

Sciatic Rheumatism.  
"We have used Sloan's Liniment for over six years and found it the best we ever used. When my wife had sciatic rheumatism the only thing that did her any good was Sloan's Liniment. We cannot praise it highly enough." —Mr. Ferges, Des Moines, Iowa.

Sprained Ankle Relieved.  
"I was ill for a long time with a severely sprained ankle. I got a bottle of Sloan's Liniment and now I am able to be about and can walk a great deal. I write this because I think you deserve a lot of credit for putting such a fine Liniment on the market and I shall always take time to recommend Dr. Sloan's Liniment." —Mrs. Chas. House, Baltimore, Md.

**SEE HIM FIRST!**

Before the fertilizer salesman arrives, go to your dealer and explain to him that you will not buy 2 per cent. goods that contain only 40 pounds of Potash per ton. Show him that modern, profitable fertilizers contain from 5 to 10 per cent. Potash, and that the composition of crops and the effect of crops on soils require that the per cent. of Potash should be increased until it is as great as, or greater than, the per cent. of Phosphoric Acid in the fertilizer. It is this grade of goods that pays you your dealer best. The quantity and quality of the crops are better and the actual plant food costs less per pound.
