

# INDIGESTION, GAS OR BAD STOMACH

### Time! Pape's Diapepsin ends all Stomach misery in five minutes.

Do some foods you eat hit back—taste good, but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, get this down: Pape's Diapepsin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

You feel different as soon as "Pape's Diapepsin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food. Go now, make the best investment you ever made, by getting a large fifty-cent case of Pape's Diapepsin from any store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or bad stomach. Adv.

### Beware of the Gray Eye.

Among the gray eyed there are few who retain any spiritual emotions. People with gray eyes are superficial, frivolous, given to embrace false idols, running down blind alleys, following false prophets, thoughtless, inconsiderate, wanting in sympathy, neurotic, unstable, not firm and deliberate, but rash and impetuous.

# GREAT CHANGE IN TWENTY YEARS

### Shaw Lady Looks Younger Instead of Older with Lapse of Time.

Shaw, Miss.—Mrs. V. N. Smith, of this city, makes an interesting statement of her experiences, as follows: "Twenty-nine years ago, I contracted a serious form of womanly trouble. We called in our family physician, and he treated me for it, but it seemed to do no good. It went on into other bad troubles, and I commenced taking all kinds of medicines to see if I could get relief, but to no avail.

I suffered with that trouble up until eleven years ago, when I read about Cardul, the woman's tonic, and bought a full treatment. It relieved me at once, and after taking the full treatment, I am now well and stout.

I sent my brother, whom I had not seen in twenty years, one of my photographs, and he wrote me that I looked younger than when he last saw me."

For more than 50 years, Cardul has been relieving women's sufferings, and building weak women up to health and strength. No other tonic gives the same results as Cardul. No other woman's medicine has the long record of success in treating cases of womanly weakness and disease. Cardul will surely help you.

### Try It.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 16-page book, "Home Treatment for Women," sent in plain wrapper, on request. Adv.

### And for Other Reasons.

"Why do you call Gasper an old crab?"  
"Because he hates to be shut out."  
—Boston Evening Transcript.

### Peddlers Not Allowed.

Maid—There's a man called with a bill, ma'am.  
Mistress—Tell him we have some already.

### COLDS & LA GRIPPE

5 or 6 doses 666 will break any case of Chills & Fever, Colds & LaGrippe; it acts on the liver better than Calomel and does not gripe or sicken. Price 25c.—Adv.

### What, Again?

"Has your wife gone shopping?"  
"Alas, I'm afraid not! I'm afraid she's gone buying."

Wright's Indian Vegetable Pills are sold with and without soluble sugar coating. They regulate the bowels, invigorate the liver and purify the blood. Adv.

### Enough for One Man to Do.

"I've written a song."  
"Then be satisfied with that. Don't insist on singing it also."

Dr. Pierce's Peppery, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels. Do not gripe. Adv.

Every mother thinks she has the dearest baby in the world. So does the father when the bills come in.

For sprains and bruises apply Hanford's Balsam thoroughly. Put it on, and rub it in. Adv.

It's easier to talk than it is to see the wood-sawing habit.

# MEETING OF GRAND LODGE OF MASONS

### UNUSUALLY LARGE ATTENDANCE AT THE ANNUAL MEETING IN RALEIGH.

### TAR HEEL CAPITOL NEWS

#### General News of North Carolina Collected and Condensed from the State Capital That Will Prove of Interest to All Our Readers.

#### Raleigh.

Grand Master Francis M. Winchester of Charlotte called to order the North Carolina Grand Lodge of Masons in the Grand Lodge temple here with an especially large attendance. The annual address of the Grand Master was presented and other preliminaries disposed of.

The annual oration on the order of Masonry and what it stands for was delivered by Grand Orator W. B. Love of Monroe.

The annual address of the Grand Master was most interesting, reviewing the progress of North Carolina Masonry for the first year of his administration. While receiving notice from time to time the past year of the death of prominent grand officers of other jurisdictions, not a single leaf took place in the official family of North Carolina Masonry.

Nine new lodges were instituted during the year, making 408 active subordinate lodges with 22,214 members.

Tribute is paid to the auspicious opening of the Masonic and Eastern Star Home at Greensboro at a cost of nearly 30,000.

The report of the Masonic Orphanage at Oxford was presented and shows 330 children present, their health and other conditions being excellent. A special cottage for small children is to be erected at once, as the rules of the institution are so changed as to admit of the care of children of any age up to 12 years. Heretofore none under six years have been cared for. The receipts of the orphanage were \$49,000, of which \$20,000 came from the state. The farm brought in \$4,000, the orphanage paper \$6,000 and the singing class \$14,000.

Grand Lodge of Masons got down to business the second day with the adoption of the new code by almost a unanimous vote. It has been in course of preparation for the past three years, J. D. Alderman and A. B. Andrews being the special commission for its preparation.

A resolution was adopted fixing the Grand Lodge tax on Masonic initiations at \$1.

John T. Alderman, of Henderson, was elected grand master, to succeed Dr. F. M. Winchester, who let it be known among his friends that he preferred to be relieved of the grand mastership.

The Grand Lodge re-elected M. C. S. Noble of Chapel Hill as a member of the board of directors of the Masonic and Eastern Star home, Greensboro. The membership of the board was increased.

After much important work the annual three days' session closed.

### Eight New Enterprises.

The Alcoa Lime Company, Wilmington, capital \$10,000 authorized, and \$5,000 subscribed by S. J. L. Springs, K. Clyde Council and J. B. Brinkley, Jr.

The Bank of Oakboro, capital \$10,000 authorized, and \$5,000 subscribed by C. C. Furr, C. E. Hill and others for a commercial banking business.

The Asheville Pepsi Cola Bottling Company, Asheville, capital \$25,000 authorized and \$6,000 subscribed by Chester Brown, Mary D. Brown and others.

The Queens College Land Company, Charlotte, capital \$150,000 authorized and \$5,000 subscribed by E. T. Canstler, W. S. Alexander, A. G. Brenizer and others for land development business.

The King Co-Operative Company, Nashville, capital \$50,000 authorized, and \$5,000 subscribed by G. W. Joyner, H. C. Davis and others for a mercantile business.

The Lincoln Furniture Manufacturing Company, Lincolnton, capital \$50,000 authorized, and \$21,000 subscribed by H. S. Roblason, M. W. Shook and others for furniture manufacturing.

The City Grocery Company, Henderson, capital \$25,000 authorized and \$5,000 subscribed by A. E. Murphy and others for a grocery and general mercantile business.

The National Moving Picture Advertising Company, Charlotte, capital \$100,000 authorized and \$300 subscribed by W. P. Aldrich, C. O. Smith and H. R. Glasscock.

### Saleeby Turned Down by Sultan.

A. B. Saleeby, a Syrian who wanted to go as Consul to Syria, has been turned down by the Sultan of Turkey. Secretary Bryan was ready to appoint Mr. Saleeby, but was notified that he would not be agreeable to the sultan. Mr. Bryan would like to send Mr. Saleeby somewhere else, but the Salisbury man says that he prefers North Carolina to any other country except his native land. He will go back to Salisbury and urge the culture of silk. He is a wealthy merchant and a man of ability and character.

### North Carolina Leads South.

North Carolina led all Southern States in the number of spindles added during the past year, according to figures compiled from Directory of Southern Cotton Mills from the press of the 768 mills 106 made additions and seven new ones were launched. The aggregate of increase amounted to 445,300 spindles as compared with 763,000 for the year preceding, which considering the many distributing elements entering into the situation is regarded as very satisfactory. The fact is noteworthy that during the past year a number of mills bought new machinery in the place of old which are not included in the foregoing summary of additions.

Another interesting feature about the year was the fact that quite a number of mills that had contracted for additions the year previous installed them during 1913. Such was the case with the Dan River Mills, Lancaster Cotton Mills, Woodside Cotton Mills and others, which, if added to the number of spindles actually contracted for, would swell the total for 1913 to a surprising figure.

The showing in the South and particularly in North Carolina where one half of the new spindles were added is particularly gratifying, considering the fact that the Democratic administration went into power during the year which had a decided disturbing effect on the textile industry by reason of the then pending tariff changes. These changes having been effected and the industry having now adjusted itself to the new state of affairs, it is reasonable to expect a much greater activity in cotton mills circles in 1914 than during the past year.

The following is the recapitulation of additions by state:

North Carolina	212,600
South Carolina	81,000
Georgia	66,300
Alabama	30,600
Alabama	30,600
Virginia	21,000
Tennessee	20,700
Texas	2,900

### More Cotton, Tobacco, Potatoes.

Commissioner of Agriculture Graham announces that North Carolina leads the whole country for the fourth consecutive year in the amount of cotton raised, the average being 238 pounds. South Carolina is second with 234 pounds. The Government report closes in May, and in 1913 North Carolina reported 315 pounds an acre.

The tobacco crop in North Carolina is reported as worth \$30,988,000, exceeding Kentucky, which is second, by more than \$2,000,000.

In sweet potatoes North Carolina is first with 8,000,000 bushels; Georgia second with 7,221,000. There is an increase in the quantity of wheat of 1,750,000 bushels over 1912, in oats of 7,000,000 bushels and in corn of 4,000,000.

Furthermore, North Carolina leads the whole country in the quantity of peanuts grown.

### New Fertilizer Tags.

Commissioner Graham of the department of agriculture announces that the department will prepare fertilizer tags for packages weighing 10, 20 and 50 pounds, in addition to the regular bag tags, the object of the smaller tags being to make it possible to send these smaller packages through parcel post. It is expected that these small packages will be of much service in getting fertilizers for small plots of ground and for experiments and test culture. They will also be valuable in distributing fertilizers for prize contests, there being now valuable silver cups and other prizes offered to North Carolina cotton growers for the best cotton from certain fertilizer to be shown at the Cotton Exposition in London in June.

### Rush Work on State Hospital.

Work on the new building at the State Hospital at Morganton for the insane is being rushed, and when completed will add space for about 200 patients. Even this will not entirely relieve the situation, as the institution has fully that many or more applications. The new building is located at the rear of the main building and between the building and the amusement hall.

### Opening Masonic Home.

Members of the Masonic and Eastern Star fraternities from all sections of North Carolina were at Greensboro to attend the formal opening of the Masonic and Eastern Star Home, which is located at Pomona, three miles west of there. In addition to them many Greensboro people attended the exercises. The attendance of Masons was considerably augmented by the fact that many members of the order were passing through the city on their way to the Grand Lodge meeting in Raleigh.

### Raleigh School Bonds Defeated.

The proposed \$50,000 bond issue for the Raleigh Public Schools was defeated 78 votes in the election. The vote was against a new registration in which scarcely more than one-third of the voters had taken the interest to register. The vote for bonds was 578. Had the bonds carried, the school trustees would have had \$25,000 in a new fire-proof school building for the Glenwood suburb, part of the remaining half would have gone to enlarging school buildings for negroes.

# FALLING HAIR MEANS DANDRUFF IS ACTIVE

### Save Your Hair! Get a 25 Cent Bottle of Dandruff Right Now—Also Stops Itching Scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its luster, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25 cent bottle of Knowlton's Danderine from any store, and after the first application your hair will take on that life, luster and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance; an incomparable gloss and softness, but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp. Adv.

### Overdoing Housework.

"Housekeepers everywhere recognize that life is too valuable to spend every hour of the day in the mere keeping of the house. No human being can be continuously efficient and work more than eight hours in twenty-four. There are better ways, more scientific methods, more efficient utensils."—Charles Barnard.

# TAKE SALTS TO FLUSH KIDNEYS IF BACK HURTS

### Says Too Much Meat Forms Uric Acid Which Clogs the Kidneys and Irritates the Bladder.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Adv.

### Looks That Way.

"If we are good we will come back to earth a number of times."  
"Some people prefer to take no chances on that possibility."  
"How's that?"  
"They prefer to lead double lives now."—Courier Journal.

# BAD CASE OF DANDRUFF

Bissell, Ala.—"I had a very bad case of dandruff on my head. I was tormented by itching and my hair began to come out by the comb. I almost became frantic, fearful that I would lose all of my hair which was my pride. There were some pimples on my scalp and I scratched them until they made sores. My hair was dry and lifeless.

"I saw the advertisement of Cuticura Soap and Ointment and sent to my druggist for three cakes of Cuticura Soap and a box of Cuticura Ointment. I washed my scalp with warm water and rubbed with the Cuticura Soap and dried, afterwards applying the Cuticura Ointment, working it in the scalp slowly with my fingers. After using them for several days my hair began to stop coming out. The dandruff all disappeared and in less than four weeks a cure was accomplished permanently." (Signed) Miss Lucy May. Cuticura Soap and Ointment sold throughout the world. Sample of each free, with 32-p. Skin Book. Address postcard "Cuticura, Dept. L, Boston."—Adv.

Give people what they think they want instead of what they really need and they'll go on their way rejoicing.

A simple protection against dangerous throat affections are Dean's Mentholated Cough Drops; 5c at Drug Stores.

The things we covet have generally lost their novelty by the time we can afford them.

To quickly cool burns and take the fire out use Hanford's Balsam. Adv.

Most of your friends will stand by you as long as you have a dollar.

Putnam Fadeless Dyes do not stain the kettle. Adv.

And many a man is sold without getting his price.

# CAN'T STAND CUTS

### ON FREIGHT REVENUE CONTENDS TRAFFIC MANAGER GREEN.

### AN INCREASE IS DOUBTFUL

#### Probable Gain in Freight Business Not Definite Enough Data Upon Which to Run Road.—Lengthy Hearing Begun.

Raleigh.—Freight Traffic Manager L. Green of the Southern Railway was on the stand nearly three hours in the intrastate freight rate hearing and scarcely more than got started in the presentation of his evidence, it is said. He is following lines of evidence designed to show that the Southern's present freight rate revenue cannot stand the big cuts prescribed in the Justice act through applications of the Minnesota rates, and is developing an exhaustive presentation of Carolina freight conditions compared with Minnesota and other territories.

Led by General Counsel Thom, he asserted that in great freight sections of the more thickly populated sections of the country where rates are now some lower than in North Carolina, definite movements for increases in rates are pending before the Interstate Commerce Commission with urgent approval by great commercial and shipping organizations.

It required a couple of hours earlier in the day to complete the testimony of Vice President and Auditor Plant of the Southern Railway. Mr. Plant's evidence was in the line of showing methods of keeping the accounts of the Southern as to the valuations of their property.

He testified that there are immediately ahead of the Southern non-profit yielding expenditures in this state aggregating \$3,412,000 and on the whole system of \$6,240,000. These include increased station facilities, new depots. There have been such expenditure the past 13 years of \$85,484,000, and of this \$63,500,000 has been expended within the past three years.

The company has sold its bonds since reorganization at a net loss of \$12,500,000, and the bonds are now under the present freight and passenger rate revenue conditions commanding only 72 to 73 on the bond market. To reduce the net revenue from \$441,000 to \$300,000 for this state, as the application of the proposed reduced rates would do, would have the effect of still further depressing the financial ability of the company to maintain an efficient service, he said.

The final witness by the Southern Railway in the intrastate freight rate hearing before the Rate Commission was Assistant Chief Engineer T. P. Gatlin, whose special work is maintenance of way. His testimony was a mass of figures showing the condition of the North Carolina lines of the Southern and what is necessary to bring them up to standard condition. He represented to the commission that it will require \$20,000,000 to put all the line in standard condition.

### A Progressive Dairyman.

Newton.—R. L. Shuford, Catawba's largest dairyman, is engaged in placing an overshot wheel at his dairy and butter house, which will drive his separator and churn. Early in last year Mr. Shuford installed a milking machine which has proven to be a wonderful success. He has also installed an electric system which pumps water for barn and dwelling, furnishes power for sawing wood and running the milking machine and furnishes lights for home and barn.

### Awarded Damages, \$200.05.

Durham.—Just before court adjourned the jury in the Rhodes case returned a verdict giving G. A. Rhodes \$200.05 damages account of the city emptying sewerage into Blackwells branch, which flows by his farm. The five cents was awarded as nominal figure for temporary damages. The verdict is considered a victory for the city. The jury was out about four hours, making the trial of the case take up three whole days.

### Orange Teachers Meet.

Hillsboro.—The Orange county teachers were in session here. The attendance is good and the interest manifested by the teachers in the work is very encouraging. The meetings are being conducted by Dr. Edgar W. Knight, Professor of education at Trinity College.

Outside of his regular college work, Dr. Knight meets the teachers of both Durham and Orange counties once a month. These meetings have supplanted the old summer institutes and the change seems to be a better one.

### Organize Community Club.

Hendersonville.—The Community Club, a social and intellectual organization composed of some of the most prominent men of Hendersonville, has been organized with Rev. R. E. Wilcox as president and John W. Grimes as secretary and treasurer.

The needs of such a club here were given at the organization meeting the fact being emphasized that there are no places for social intercourse except at the lodges, on the streets and in the drug stores, and was difficult for strangers to get acquainted.

# CHILDREN LOVE SYRUP OF FIGS

### It is cruel to force nauseating, harsh physic into a sick child.

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask at the store for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Adv.

### Of a Wild Nature.

Just outside the entrance to the yard at the Naval academy is an apartment house where many young officers live, and baby carriages are a not infrequent sight in this vicinity.

Not long ago the commander of the yard had a notice posted on one side of the gate forbidding automobiles to enter, because they frightened the horses. Shortly afterwards the following unofficial notice appeared on the other side of the gate:

"Baby carriages and perambulators not allowed in this yard. They scare the bachelors."

# IF HAIR IS TURNING GRAY, USE SAGE TEA

### Don't Look Old! Try Grandmother's Recipe to Darken and Beautify Gray, Faded, Lifeless Hair.

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.

A well-known druggist says, everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—It's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.—Adv.

Don't believe all you hear. Lots of defaulting bank officials have never been Sunday school superintendents.

One remedy with many uses—Hanford's Balsam of Myrrh. Adv.

There is no effect without a cause. The girl with pretty feet never gets the bottom of her skirt muddy.

Worms expelled promptly from the human system with Dr. Peary's Vermifuge "Dead Shot." Adv.

Some self-made men evidently did the job in the dark.

### FOR OLD AND YOUNG

Tutt's Liver Pills act as kindly on the child, the delicate female or infirm old age, as upon the vigorous man.

Give tone and strength to the weak stomach, bowels, kidneys and bladder.
