Valuable Horse Dead

"Grace Johnson," the three-year-old horse of Dr. J. S. Rhodes, died at Tarboro on Monday with distemper. For some months, the mare had been in training, and gave promise of wonderful speed, and Dr. Rhodes had already been offered good money for her. The loss is heavy and the disappointment keen, as the animal had been reared at "Rhodesia Farm" and was a pet on the farm.

Ready for To-morrow?

Horses digest their feed less thoroughly than other farm animals. In order to insure thorough digestion of all the food eaten, and to make your horses ready for next day's work, add to their evening feed a teaspoonful of--

Bee Dee STOCK MEDICINE

It will lessen your feed bills.
It will increase your profits.

I am using Bee Dee STOCK MEDICINE with my horses regularly and find it a saving proposition on feed. It also makes them healthy, thriving and clean.

Go Where You Please Eat What You Please

That is what you can do if you take Dodson's Liver Tone. Many people know the danger of calomel, yet they take it because they know of nothing better. Other people are not afraid of calomel, because they do not understand what a dangerous drug it is. Because it has never hurt them, they believe it never will.

No one needs to take dangerous calomel (which is just another form of mercury.) Saunders & Fowden sell Dodson's Liver Tone for fifty cents a bottle and guarantee that it takes the place of calomel.

Dodson's Liver Tone is a pleasant-tasting vegetable remedy that livens up the liver without causing any restriction of habit or diet. It has none of the many bad after-effects of calomel and is safe for children as well as grown-ups.

You don't run a single risk when you try Dodson's Liver Tone, because if you aren't entirely satisfied all you need to do is go right back to where you bought it and have your money cheerfully refunded to you with a smile. Isn't that fair?

Much the Better Policy.

Too many persons are tempted to exercise themselves unto resignation when they should put forth their best efforts towards resistance.

Product Requires Work of Many.

Two thousand nine hundred silk-worms are required to produce one pound of silk, but it takes 27,000 spiders to produce one pound of web.
