MISS GRAHAM HEADS TUTORS

For First Time in History a Woman is Elected President of Teachers' Assembly.

Charlotte.—Miss Mary Owen Graham of Charlotte was elected president of the North Carolina Teachers' Assembly at the concluding business session of that body. Her name was proposed by the committee on nominations, headed by Chairman Howell and was greeted by applause. She was elected by a rising vote.

The election of Miss Graham, though not unexpected, as she had formerly earned the customary promotion from the office of vice president, is none the less a high honor and gives peculiar gratification to her thousands of friends in this city and state. She is assistant superintendent of schools in Mecklenburg and was formerly a member of the faculty of the State Normal College. She is a daughter of Mr. Archibald Graham, Sr., of this city and a sister of President E. K. Graham of the University, this is the first time a woman has been elected president.

In seizing what he termed the rare privilege of seconding the nomination, President Hobgood of Oxford Seminary declared that his was the deciding vote that brought the assembly to Charlotte, and that this vote, cast as a member of the executive committee, was in order that "we might come to the home city of this noble woman and crown her here." President Robert H. Wright of Eastern Training School, was elected vice president, and Mr. Emmett E. Sams of the State Department of Education was re-elected secretary. "I must say that Mr. Sams is a model secretary," said President Noble. "He has even tried to look like me." Mr. M. B. Dry, principal of the Cary High School, and Miss Sallie Bethune, principal of the Fourth Ward School of North Charlotte, were elected members of the executive committee.

The assembly adopted, without public re-reading, the revised Constitution that was proposed. It merely clarified matters that had been left in doubt in the former document.

The session of the Assembly was brought to a conclusion by a pleasant event—the presentation of a beautiful loving cup from the assembly to Mr. R. D. W. Connor of Raleigh, in token of his fine services as secretary from 1906 to 1913. The presentation was made by Retiring President M. C. S. Noble. Mr. Connor seemed deeply touched by his unexpected tribute. It was awarded amid long-continued applause.

The singing of 50 pupils of the Charlotte High School, under the leadership of Mr. Robert L. Keesler, was a delightful feature of the evening. They occupied seats on the rostrum and rendered several songs in a creditable fashion.

The assembly adjourned about 10:30 p. m., after one of the best sessions in its history.

Southport—Southport had a \$10,000 fire recently, the Richard Doshier combination store and The Pilot office all being burned together. The origin of the fire is unknown, and the building was only partly insured.

The sum of \$282.61 has been raised in Fayetteville for the relief of the suffering Belgians. The Belgium relief ball netted \$210.51.

Producing 128 bushels of corn to the acre at a cost of a trifle more than 11 cents is an achievement that speaks well for the land that produces it, and for the energy of the farmer who does it, but this is exactly what a tenant has done on the farm of E. J. Hill near Warsaw.

I. W. Hill, of the bureau of plant industry, Washington, has accepted an invitation to speak to the members of the Buncombe County Boys' Corn Club at the annual seed corn show which is to be held at Asheville December 19.

Sentiment is gradually growing for the proposed Henderson County Farm Life School and expression pro and con are heard from various sources.

ODD COINAGE ON NIGERIA

Legal Tender That is Unhandy to Carry About in Any Considerable Quantity.

world are those used in certain out-of-the-way towns and villages in southwest Nigeria, on the west coast of Africa, and called "manillas." In shape they resemble a horseshoe with the two extremities flattened out like a camel's foot. Being made of solid copper, three-eighths of an inch thick, they weigh over eight ounces each. In "face value" seven of these queer coins are equivalent to one quarter, so that a dollar's worth would be an uncomfortable, heavy load.

Not only are these "manillas" used among the natives, but white traders accept them as legal tender for goods sold at the various stores. At one time the strangely shaped money had quite a circulation in certain parts of the coast, but its use is now restricted to a few bush towns and one or two of the smaller seaboard places, including Bonny, Brass and Akassa. "Manillas" are now very difficult to obtain, and curio collectors value them not solely by reason of their scarcity, but because of the novel serrated rings they make when silver plated.

HOW RESINOL CURED ITCHING SKIN TORMENT

Baltimore, Md., May 23, 1914: "My limbs from knee to ankle were completely covered with eczema for a year. It commenced with several small water pimples, which burst when I scratched them, until they developed into sores, and oozed a yellowish fluid. I hated to go in company, it itched and burned so badly. I had no rest at night. I tried a good many remedies for eczema, both liquid and salve, but they did me no good, only made the skin more rough and scaly. I learned of Resinol ointment and resinol soap and tried them, and was relieved of the severe itching and burning AT ONCE, and after a month's steady use was completely cured." (Signed) T. S. Lewis, 1821 Summit St. Resinol soap and resinol ointment are sold by all druggists.—Adv.

MIGHT BE CALLED EVIDENCE

At Least Participant in Fight Had Reason to Believe He Was Telling the Truth.

Two colored soldiers at a frontier post had a fight, during which one of the combatants lost an ear, and the other was accused of having bitten it off. The case was tried by a general court-martial, and the counsel for the defense, in cross-examination of the one-earred man, the principal witness for the prosecution, asked: "Where did this fight take place?" "In Mista Nelson's co'n field, jes' outside de reservation," answered the witness. "What was the condition of the ground?" "Hit wuz covered wid stubble—co'n had all been cut." "Now," said the counsel, glaring at the witness, "you are on oath, and will get into serious trouble if you tell anything but the truth. Could not your ear have been torn off by the sharp stubble?" "Yaas, sah," said the witness, "hit mought." "Then what do you mean by stating under oath that the accused bit it off?" "Cause," said the witness, "I done seen him spit it out."
