

Garden Terrace Scene of Much Activity; Several Buildings Now Being Constructed; Others Will Be Built in Spring of Next Year

(By Julius S. Peel) Williamston's newest suburb, Garden Terrace, is fast taking on the semblance of a busy center, and with the present plans of the promoters carried out, there is no doubt but that this delightful addition to Williamston will offer a continuous source of amusement to pleasure seekers, and a valuable business addition to the surrounding community.

Under the management of Messrs. Frank S. Hitch and Robert Peel, there will be a Wayside Inn, furnishing soft drinks and meals to customers, together with dancing and other amusement on the second floor, followed by four months each year of swimming in a brand new, luxurious swimming pool, fifty by one hundred feet, completely equipped with all modern apparatus, running water, bath-room, showers, etc., with lawn tennis courts and other outdoor amusements in season.

Mr. Julius S. Peel is arranging to have a railroad siding and coal chute put in during the next few weeks, where will be erected large storage warehouses, and platforms, and with adjacent yards, and a retail department on the roadway, Mr. Peel will handle a complete line of farm and building supplies, and will also build large or small houses at minimum costs to customers, or furnish any of a thousand things handled by leading supply houses; and it is here the farmer can get real prices on all kinds of farm supplies and receive the highest prices for his farm produce. Coal and wood, and possibly ice in season will also be handled.

The brand-new gasoline service station will be formally opened to the public within a short while, and this will no doubt prove popular from the very beginning, as already a number of people have made requests that the opening be hurried along.

Garden Terrace industries will be a big addition to the business and social life of this immediate section, and it is the purpose of the management to continually draw trade which at the present time does not come to Williamston.

The amusement seekers of at least half-dozen neighboring towns have given their assurance of liberal attendance at the swimming pool dance, cabarets, etc., and this is always a cash proposition, and the people must be amused.

The farmer will have the opportunity of buying from carload shipment of all kinds of farm supplies, thus saving money account of the bulk amount, and also by the small overhead expense, and systematic way in which the business will be operated.

The farmer will also have the opportunity of getting city prices on light country produce, and also a chance to sell direct to the mills his peanuts, cotton, thus giving him an additional ten to thirty per cent for his labor.

The building supply department will amply take care of the wants of hundreds of people who continually desire building material at the lowest prices, and who also desire estimates and ideas on buildings of various descriptions. This department will have a designer and estimator, and will also build houses on contract or the percentage way, offering the public more for their money than heretofore given along this line.

The Enterprise and the people of this section generally are anxiously awaiting the opening up of operations at Garden Terrace, and unanimously it is predicted the various ventures will meet with deserving success.

FAIR STOCKHOLDERS TO MEET

The annual meeting of the stockholders of the Martin County Fair Association will be held in the administration building at the Fair Grounds on Wednesday, October 5th, 1921, at 11:00 A. M. All members are urged to be present as some important business is to be transacted. A barbecue dinner will be served to the stockholders.

ADMINISTRATOR'S NOTICE

Having qualified as administrator, C. T. A., upon the estate of Samuel Whitley, deceased, late of Martin County, notice is hereby given to all persons having claims against said estate to present them to the undersigned for payment on or before the 13th day of September, 1922, or this notice will be pleaded in bar of their recovery. All persons indebted to said estate will please make immediate settlement.

This 13th day of September, 1921. J. H. D. PEEL, Administrator, C. T. A., estate of Samuel Whitley.

HUGE OIL TANKS TO BE BUILT AT GARDEN TERRACE

(By Julius S. Peel) Preparations are now under way for the erection of two carload capacity tanks out at Garden Terrace, to be used for the storage of gasoline, and the sale of same to local service stations and the immediate community.

The natural advantage of Garden Terrace are many, as the oil can be put into the tanks by natural gravity, and also withdrawn by natural gravity, thus avoiding considerable pumping.

The Garden Terrace promoters have already completed a modern filling station on the premises, and with the coming of Spring will build a large brick and tiled filling station in the heart of Williamston on a prominent corner, double drive affair, and take care of these stations direct from their wholesale department.

With the new state highway running directly by Garden Terrace, and such highway the direct route to all of Eastern Carolina north of the Roanoke, and on to Norfolk, there will soon be a large amount of motor travel in this vicinity, and the Garden Terrace Service Stations will be ready to offer unlimited free service and popular prices.

BOTTLING PLANT FOR GARDEN TERRACE

(By Julius S. Peel) Negotiations are under way for the operation of a bottling plant at Garden Terrace, bottling a well known brand of fountain drink. Williamston at the present time is without such an industry, as the Prineas-Cola people have removed their local plant to Edenton, N. C. This line of business is needed here and is a paying proposition if properly handled.

It is the purpose of the management at Garden Terrace to install a modern, sanitary plant, and without being handicapped by overhead and transportation expenses, there is every indication that this new plant will prove successful from the very beginning.

There is a large amount of bottles consumed daily in and near Williamston, and the demand for this line of merchandise is steadily increasing. At present, Greenville or Washington and practically the nearest points of distribution, and the transportation charges make such bottles good higher to the retailer.

NOTICE OF SALE

Under and by virtue of the authority conferred in a certain Deed of Trust executed to me by W. C. Chance on the 31st day of October, 1919, and of record in Martin County Public Registry in book O-1, page 161, securing certain bonds of even date and tenor therewith and the stipulations therein not having been complied with and at the request of the owner of said bonds, I will expose to public auction in front of the Court House door in Williamston, North Carolina at 12:00 o'clock M., on the 24th day of October, 1921, for cash the following described real property:

Situate in the town of Parmele, adjoining the lands of W. L. Staton, W. L. Staton and others, and beginning at H. A. Gray's corner, in center of public road leading from Parmele to Bethel, N. C., by way of A. C. L. railroad Coal Chute and in Parmele Training School property line; running thence a southerly course with said Training School lands line to a corner of said Training School property and H. A. Gray's corner; thence westwardly with said Training School property, and H. A. Gray's line to H. A. Gray's corner and H. F. Highsmith's corner; thence southerly with said Highsmith's line and H. A. Gray's line to W. L. Staton's line, its various courses to center of A. C. L. railroad company's track, thence eastwardly and northerly with said track and A. C. L. railroad company's line back to said public road, and the center thereof; thence northwesterly with center of said public road to the beginning. Containing 46 acres more or less, and being the same lands this day conveyed to W. C. Chance by deed from H. A. Gray and wife, Bettie Gray.

This description shall be construed to include the church lot fifteen rods to include the church lot for white people on north side of railroad.

This 24th day of September, 1921. J. E. POPE, Trustee.

WANTED: A GOOD STORE IN THE TOWN OF WILLIAMSTON FOR YEAR-1922

"H." Care Enterprise.

TRUCK FARM FOR WILLIAMSTON PEOPLE

(By Julius S. Peel) Out at Garden Terrace Farms, beginning next year, Mr. Julius Peel will put into operation a modern and model truck farm, and on about 100 acres of land intensified agriculture will be the programme.

The hotels and private residences of Williamston will joyously welcome this new asset, as it is always a matter of chance when one can secure fresh vegetables and at the proper prices. Each morning of the year, excepting Sunday, the Garden Terrace Farms will deliver a full and choice assortment of garden meats, furnishing the housewife or inn-keeper with delicacies of the season.

THE SCANDAL—NEWEST THREE STRAP PATENT PANTS

At W. R. Orleans.

Local News and Personal Mention

Messrs. Jesse Price, Whit Poyas, and B. R. Barnhill attended the Rocky Mount Fair Tuesday and Wednesday.

Mr. T. F. Harrison went to Raleigh yesterday.

Mrs. M. E. Peel went to Petersburg Monday to visit her daughter, Mrs. F. Minga.

Mr. R. E. Roberson made a business trip to Rocky Mount Tuesday.

Monday, October 2nd, is the Jewish New Year and Messrs. Margolis, Brooks and W. R. Ogden's store will be closed in celebration.

Geel was the general expression used by the mothers who bought the two pants suits. Still a nice range of patterns left to pick from at Margolis.

October not yet here and nearly all the cotton open—something unusual.

Mr. Edgar Bonney left this morning for his home in Wallace where he will spend his vacation. Mr. Bonney will also spend some time in Raleigh while away.

Mrs. C. L. Hunt returned to her home in Bushnell, Florida, yesterday, after spending several months with her sister, Mrs. L. B. Wynne. She was accompanied as far as Rocky Mount by Miss Daisy Wynne.

The Scandal—newest three strap patent pants. At W. R. Orleans.

Mr. and Mrs. Knott Proctor and Mr. Allen of Greenville were business visitors here yesterday.

Mr. C. D. Carstarphen, accompanied by Dr. J. H. Saunders went to Baltimore yesterday to consult Dr. Louis R. Hammond.

Mr. Howard Herrick, Jr., returned yesterday from New York, where he had been visiting his father for several months. Mr. Herrick will return to the University of North Carolina, where he will resume his studies for the following year.

Something different in pumps at W. R. Orleans.

Mr. William Carstarphen is at home from Trinity College in Durham to visit his parents.

Mr. and Mrs. T. B. Slade, Jr., and Mr. Penelope Slade of Hamilton were in town yesterday.

Mr. S. A. Newell of Louisville is spending a few days here on business.

Mrs. G. W. Harrison and Miss Mary Davis have returned from an extended trip to Petersburg.

New Suit Goggles at W. R. Orleans.

Mrs. Anna Harrison will leave tomorrow for Blacksburg, South Carolina to attend the wedding of her brother, Mr. Lawrence Sherer.

Elder Sylvester Hassell left this morning to attend the Kehukee Association at Bethlehem Church, Fyrral County. The meeting will last until Monday.

October, tomorrow and no cold weather yet.

The sun will be in an eclipse tomorrow but will not be visible here.

Tobacco is selling high. Lots of sales going 50, 60 and 70c average.

Mr. W. W. Brown of Spring Green sold 932 pounds for \$988.89, nearly 75c net average. Try your home market. You can't beat it anywhere.

The talk of the town is W. R. Orleans' footwear for ladies and young women.

TOBACCO MARKET

The various tobacco markets are now selling at 30c or a little above. This is 50 per cent higher than last year but it is 40 per cent lower than in 1919. Farmers need not get it in mind that they are getting too much for tobacco and the statement by some wise fools that farmers are getting too much should not be appreciated by sensible thinking people and by those upon whom the world depends for food and raiment.

Styles: "Who said this was a small time town?"

Smiles: "Just full of Smiles—Can get anything to wear at Margolis' store."

Car load wire fencing and nails also carload No. 1 Timothy Hay, just received. Cheap for the cash. C. D. CARSTARPHEN and CO.

REFLECTOR PUBLISHES MAD ATTACK ON US

On the 28th inst., the Greenville Reflector made a mad attack on us for a news article published in the Enterprise of September 23rd, regarding a tobacco sale made by Mr. Louis Peel. The Reflector evidently forgot the important things—reason and thought, in preparing their article.

They made no less than three flagrant errors in their statement. First, they said that we stated on pile of tobacco was sold ten times for ten different prices. This is untrue. We stated that one pile of tobacco was sold ten times for nine different prices. Again they say that we attacked the Greenville market, this is entirely untrue. We did not say one word for or against their market. We only suggested that the present method of marketing tobacco is one of the most foolish things that farmers can do.

The next charge is that our article was "prevarication and a malicious attempt to deprive this section (Greenville) of what it has so justly won in the production and sale of bright leaf." Every word of this statement is false. Lastly they dispute the entire statement and say that this is false. To this we say to the Reflector: "Go Slow," for we had both sense and honor enough to prove our proposition before we printed it. Yes, all we said is true and we can establish it at any time. The Reflector in fairness should also print this statement.

The work of the Reflector is sorely needed now in making the state wide competition of 1922 to 1921. If the members of the Virginia Growers' Cooperative Association were to be elected impossible to have the organization of a majority of tobacco farmers in Virginia within six months.

They no longer fear losses or their profits, or let a word of criticism pass with regard to their attitude.

They will not deceive that new publicity. The man who says he is a contract, and so on, to be written other than you the meetings of his local committee—S. D. Edwards in the Enterprise Farmer.

THE CHARGE OF PROFITING MIGHT BE MADE AGAINST THE BUREAU OF TUBERCULOSIS OF THE STATE BOARD OF HEALTH AND THE NORTH CAROLINA TUBERCULOSIS ASSOCIATION ADMITS DR. L. R. McBRAYER, DIRECTOR OF THE BUREAU AND MANAGING DIRECTOR OF THE ASSOCIATION. THIS ADMISION IS MADE IN VIEW OF THE NUMBER OF LIVES SAVED AND CASES OF TUBERCULOSIS PREVENTED SINCE 1915, WHEN ACTIVE MEASURES FOR THE CONTROL OF TUBERCULOSIS WERE BEGUN.

Since that time 2,237 lives have been saved in North Carolina. These figures are based on the supposition that the same death rate would have obtained in 1920 as in 1915 if no precautionary measures had been taken but there is small doubt but that the rate would have increased considerably. It has been demonstrated that an active case of tuberculosis who is careless will infect at least eight other persons and it is therefore stated that at least 17,000 infections have been prevented. This represents a saving in money to North Carolina of over \$68,000,000.

The funds that it has taken to accomplish this are derived from State appropriation and from the sale of Tuberculosis Christmas seals and the approximate amount so expended during the 6 year period has been \$1,000,000. This amount includes not only all State appropriations for tuberculosis work but all funds expended by patients taking treatment at the State Sanatorium and all funds raised throughout the state by the sale of Christmas seals.

It would therefore seem that every dollar invested in tuberculosis work brings an enormous return and Dr. McBrayer further asserts that with an expenditure of two dollars per capita per year for one decade, tuberculosis can be practically eliminated.

Is this saving of human life worthwhile? We think so. If considered from a financial standpoint only it means that an average of two and one half years will be added to the life of every resident of the state.

NOTICE The public is cordially invited to attend a Sunday School Rally at the Baptist Church Sunday morning, October 2nd, at 10:00 o'clock. There will be exercises by the children, duets, quartettes and readings by the adult classes, featuring with a pageant by the Junior grades. All parents who have children in the Sunday School are especially requested to attend.

There will be no preaching services at 11 o'clock, at the time will be consumed by the Sunday School exercises. There will be preaching that night at the regular time by the pastor.

NOTICE All blue ribbon and prize winners at the Martin County Fair are asked to wait for their rewards until the Association books have been adjusted and completed, then checks will be sent to each and every one of them.

Have taken up a heifer about two years old, color red, ear mark, crop over and under bit in right, smooth crop slit and under bit in left.

Owner can get same by paying cost. BEN SCOTT, Williamston, 8,94t pd.

NOTICE OF SALE I will sell at public auction, for cash on Friday, September 16th, at 12 o'clock M., in front of the Post Office in Everetts, one 5 passenger Ford car, known as the Louis Brown car, to satisfy a lien for labor and repairs made on said car in January, 1921, in the sum of \$60.88.

This August 23rd, 1921. C. H. CLARK.

17,000 Virginia Growers Signed

Nearly 17,000 out of the 23,000 tobacco growers of Virginia have signed the five-year marketing contract of the Tobacco Growers' Cooperative Marketing Association. From 25 counties of the state, contracts continue coming to the Virginia office, averaging daily from 9,000 to 500,000 pounds of pledged tobacco.

In the face of the open market, every grower should rally to his local organization for aid and advice. Speculative interests will bring pressure on the growers through the coming winter. Some hard-headed growers will despair because of poverty and unexpected profits will band other to the need for united efforts to attain the goal.

While the cotton marketing associations are advancing to better times, the tobacco growers of Virginia must hold their time in 1922 the tobacco market.

The work of the Reflector is sorely needed now in making the state wide competition of 1922 to 1921. If the members of the Virginia Growers' Cooperative Association were to be elected impossible to have the organization of a majority of tobacco farmers in Virginia within six months.

They no longer fear losses or their profits, or let a word of criticism pass with regard to their attitude.

They will not deceive that new publicity. The man who says he is a contract, and so on, to be written other than you the meetings of his local committee—S. D. Edwards in the Enterprise Farmer.

SMALLEST COTTON CROP IN TWENTY-FIVE YEARS

One of the leading, the Bulletin of the National Association of Cotton Manufacturers prints a notable chart with appropriate comments. It says: "The accompanying chart brings out graphically the small size of this year's American cotton crop, as forecast by the United States Department of Agriculture, in comparison with other crops since 1900. This chart is based on crops in terms of 500-pound bales, exclusive of linters. The crop this year, according to the forecast of July 25, will be 8,203,000 bales. This may be compared with last year's production of 13,365,754 bales and the maximum crop produced in 1914 which totaled 16,134,930 bales.

"It is necessary to go back to 1892 to find and American cotton crop as small as that predicted for this year," says this Bulletin of the Manufacturers, but it points out that since that time a great change has taken place. "In 1895 the American cotton manufacturing industry was less than half as large as it is at present, having only about 16,000,000 spindles, compared with 36,000,000 at present, and the world's cotton manufacturing industry embraced only 90,000,000, compared with over 150,000,000 spindles now."

We print above a article on the cotton situation and while many people seem to be surprised that cotton has ever gone as high as 20c yet based upon all the circumstances surrounding us we need not be surprised to see cotton go to 30c before ninety days. The South is entitled to the value of the crop and if the Southern farmer sells too soon in the old fashioned dumping method, then the speculator will get the benefit of the short crop. Marketing a crop is just as important as growing it.

HAS FAITH IN AMERICA

New York Sept. 29.—Discussing the business outlook, John Wanamaker, the New York and Philadelphia "merchant prince" said:

"I have more faith in America today and more expectation of the future than at any time in my sixty years in business life. In our stores we are expanding, rather than retrenching. I am asked 'Why are you putting fine goods to the fore, such as jewelry and silver from the Orient when business is so slow?' My reply is 'I have faith in America.'"

"There will be plenty of work for all if we show our faith. It is a mistake to hold back, to relax to wear glasses, to hold money in our pockets, rather we should make needed improvements, building and rebuild buy and sell, putting to work our money, energy and brains, everything we have to make the country busy and prosperous.

"Instead of curtailing advertising our stores we are enlarging it. Instead of standing pat we are making improvements which gives work to many mechanics both day and night. We mean to be ready for the good times just ahead.

"France, Germany and England, hit harder by war than we are, are putting us to shame by taking off their coats and getting to work. Money must come out of its hiding place, in banks and homes, and get to work."

COTTON GIN NOTICE

My gin is now in first class condition and I am prepared to handle your cotton at any time. Price for ginning, including two and one fourth pound bagging and ties, all bales up to five hundred pounds \$4.00, all over five hundred pound bales at the rate of 50 cents per hundred.

Price of seed today 57 cents per bushel, subject to change of market. Bring in your cotton.

Yours very truly, J. G. STATON, Ginner.

LOST

Between Williamston and Everetts—Black Handbag with handle broken. Finder notify and receive reward. H. G. SIEGLE, Rocky Mount, N. C.

688 RETURN FOR EVERY DOLLAR INVESTED IN TUBERCULOSIS WORK

The charge of profiting might be made against the Bureau of Tuberculosis of the State Board of Health and the North Carolina Tuberculosis Association admits Dr. L. R. McBrayer, Director of the Bureau and Managing Director of the Association. This admission is made in view of the number of lives saved and cases of tuberculosis prevented since 1915, when active measures for the control of tuberculosis were begun.

Since that time 2,237 lives have been saved in North Carolina. These figures are based on the supposition that the same death rate would have obtained in 1920 as in 1915 if no precautionary measures had been taken but there is small doubt but that the rate would have increased considerably. It has been demonstrated that an active case of tuberculosis who is careless will infect at least eight other persons and it is therefore stated that at least 17,000 infections have been prevented. This represents a saving in money to North Carolina of over \$68,000,000.

The funds that it has taken to accomplish this are derived from State appropriation and from the sale of Tuberculosis Christmas seals and the approximate amount so expended during the 6 year period has been \$1,000,000. This amount includes not only all State appropriations for tuberculosis work but all funds expended by patients taking treatment at the State Sanatorium and all funds raised throughout the state by the sale of Christmas seals.

It would therefore seem that every dollar invested in tuberculosis work brings an enormous return and Dr. McBrayer further asserts that with an expenditure of two dollars per capita per year for one decade, tuberculosis can be practically eliminated.

Is this saving of human life worthwhile? We think so. If considered from a financial standpoint only it means that an average of two and one half years will be added to the life of every resident of the state.

NOTICE The public is cordially invited to attend a Sunday School Rally at the Baptist Church Sunday morning, October 2nd, at 10:00 o'clock.
