Copy of Bill to Put Certain County Officers on Salary

To the editor:

At the request of the Board of County commissioners, and at the suggestion of a number of the citizens of Martin county, I introduced a bill at the special session of the legislature permitting the commissioners of Martin county to place certain officers on a salary. As this bill has never been published in the county, and the citizens of the county will be called upon at the primary in June to select candidates for the various offices, I think the enclosed bill should be published for the information of the citizens.

I also introduced a bill at the general session of the legislature to place Martin county under the state wide primary law, and in my opinion, attention should be called to the same, as this method will now be used to select candidates for county offices.

The state wide primary law is published in the Consolidated Statutes and information regarding requirements may be obtained by seeing same in any law office in Martin county, as well as the clerk's or registers office.

Thanking you for your courtesy in publishing the enclosed bill, I am,

Respectfully yours,
CLAYTON MOORE,
Williamston, N. C., March 11, 1922.

MRS. MACHERTY SPEAKS HERE TOMORROW NIGHT

On account of the delightful free program to be rendered at the Strand Theatre on Wednesday night under the auspices of the Twentieth Century Club, Mrs. Harry M. Stubbs, President there is expected to be an overflow crowd and it is wise to come early in order to get a choice seat. The show starts at 8:15 P. M. and there will be an uninterrupted entertainment for two hours or more.

Mrs. Macherty, in person, will give an illustrated lecture on beautifying of yards, streets and public grounds, and this lecture will prove of great interest to the entire audience for it has something to do with the general improvement of the whole neighborhood including private as well as public grounds.

The municipal authorities of Williamston have evidenced their strong support of a City Beautifying Movement, and no doubt they will start this good work going, beginning at the City power plant and extending to the School grounds, the City Hall, and numerous streets in the city. The court house grounds will no doubt have some special attention this spring and with all these anticipated improvements Mrs. Macherty will no doubt receive a genuine warm welcome from both the Twentieth Century Club and the many private individuals as well as the county and City authorities.

A number of young ladies prominent in the social life of the town will render musical selections, both vocal and instrumental, and this with in itself should prove an unusual, attractive drawing card. Mrs. Carrie Rhodes is assisting Mrs. Stubbs with the general programme, and a very pleasant surprise is in store for the audience.

LAND VALUES DECREASING

The reported value of the different types of farm lands in North Carolina shows a marked decline since last year, when everything was adjusting itself under the new valuation system. On March 1st, 1921, the average value per acre of poor plow lands was about \$36.00. This year the same is valued at about \$38.00 and good plow lands, which in 1921 averaged \$76.00 per acre, this year are valued at about \$67.00. The average value of all the plow lands in the state this year is \$49.00 per acre.

In 1921, \$69.00 per acre for all farm lands with improvements, etc., was considered a reasonable price by farmers. This year the same land, with improvements is valued at \$56.00 per acre while the value of all farm lands without improvements is about \$41.00 per acre.

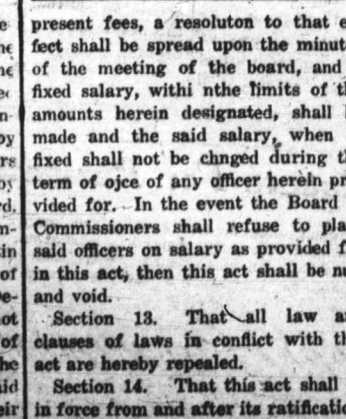

Farms seldom rent for cash in North Carolina, but, as reported, a cash rent of \$5.00 per acre for farms is considered a fair return where the value per acre of the land averages \$46.00. Plow land averages \$46.00. Plow lands, valued at about \$52 an acre rent for about \$8.00. The usual rental for all farm lands however is a proportional share of the crop produced.

Where cash rent is paid for pasture or grazing lands, \$2.25 an acre is considered a reasonable price in this state and pasture land is valued at about \$30.00 per acre.

CAN IT BE TRUE? In a recent affidavit filed in the case of The Southern Railway Co. vs. A. D. Watts and others, showing sales of lands in ninety-eight of the one hundred North Carolina counties, it is stated that Martin county sold during the first six months of 1921 \$623,064.03 worth of land and that the same land was assessed for taxes at \$238,679.00 or only 38.31 per cent of the sale value. If these figures are true then our people should not complain at values. These sales were all above \$1,000 as no sale in which the consideration is less than \$1,000 is taken into account. There must be some error in the figures somewhere.

A MULE KICKED ME SO HARD TOTHER DAY, DOCTUM SAY AH LOS' MAH CONSCIENCE BUT JEDGIN' FUM DE BILL HE SONT ME, DAT MULE MUS' ER DONE KICK HIM TOO!

CAPT. WILLIAM BISSELL DIED FRIDAY MARCH 10

Captain William Bissell died Friday March 10th after an illness of ten days with pneumonia. Captain Bissell was born in Birmingham, England, September 18th 1847. He came to America about fifty three years ago as an engineer for the Warnings, Prestmans and others forming the syndicate which built the old Jamesville and Washington railroad. After they had operated the road for several years it and all of its holdings went into the hands of a new company and Captain Bissell was in charge of the entire transportation service until he leased the road and equipment and operated it for himself. Competition by the bigger railroad systems rendered the operating of the road unprofitable and the period of financial depression which struck the country in 1892 made it impossible to procure capital to rebuild and equip the road so in 1902 the charter was surrendered and the road was taken away.

For a number of years thereafter Captain Bissell engaged in farming and stock raising. When the Greenleaf Lumber Company was operating railroads in Martin and Pitt counties he was employed as their chief machinist and engineer. About fifteen years ago he suffered from heat and sun stroke and for a long time was seriously ill never fully recovering but regaining enough of his vigor and health to work in the Dennis Simmons Lumber Co. After they closed their mills he again gave such of his attention as he was able to farming. His was the last family to leave Dymond City, which at one time a village of about fifty people. He has lived with his daughter Mrs. W. D. Daniel, since 1920. In July of that year he became a confirmed invalid, scarcely able to get around, but not until about ten days before his death was he seriously ill.

The burial was at the Daniel burying ground in Griffins township Sunday afternoon and the service was conducted by W. B. Harrington and Asa J. Manning. In 1880 Captain Bissell married Miss Sarah Ellis of Edenton, N. C. She, with one son, Matthew, and one daughter Mrs. Bertie Daniel, survive him.

He leaves besides these two nieces in New York and one brother in England. Captain Bissell was exceptionally quiet and always pleasing in disposition. He was well educated and a fine engineer. He leaves no enemies, all who knew him are his friends. He had been a member of Skewarkey Lodge of Masons for many years.

W. C. I. 17; WILLIAMSTON 25 The locals beat the Washington Colleague Institute in what was probably the best all round basket ball game ever played on the Brick Warehouse floor here Friday night. The final score was twenty-five to seventeen and never at any time have the Williamston boys displayed greater skill with the ball than when matched against these heavy weight fellows of the Washington team. The local team started off with a rush and simply played the larger boys off their feet in the first two quarters. They set such a fast pace, however, that they couldn't hold it up, and the visitors were making up for lost time when the final whistle blew. Irving Margolis was the best individual star of the game, playing all over the floor, breaking up the opposing passes, and guarding his man like a whirlwind. While Irving put up the best individual game the whole Williamston team played exceptionally well and put up an exhibition of fine passing and team work seldom seen in this section of the state.

Scotland Neck was scheduled to play here tonight but for some reason backed down almost at the last moment and the game has been called off.

The line up and score of Friday nights game:

W. C. I.	Williamston
Eubanks	R. F. Purvis
Satchwell	L. F. Britt
Williams	C. Orleans
Smithwick	R. G. Margolis
Gray	L. G. Taylor

W. C. I. scoring: field goals: Satchwell, 2; Williams, 3; Randall 2. Foul goals: Satchwell, 2 out of 3; Randall 1 out of 1.

Williamston scoring: field goals: Purvis 3; Britt 3; Orleans 3; Margolis 2. Foul goals: Orleans 3 out of 10; Britt 0 out of 1.

Substitutions: Randall for Eubanks. Time 4 10 minute quarters. Score by quarters: 1-9; 4-11; 3-1; 9-4. Referee Peel of Williamston.

RAISE THE NECESSITIES FIRST!

Raleigh, March 13.—"Unless our people in the cotton growing sections of North Carolina produce at home the things they need to eat and sufficient feed for their live stock, they face bankruptcy, ruin and hunger." This was the emphatic statement here today of Senator Joe Brown of Chadbourn in speaking of the farming conditions in eastern Carolina and the "Live-At-Home" campaign which was recently inaugurated.

"In my section and in some other sections of North Carolina, there is already considerable distress as a result of the deprivations of the boll weevil. Conditions in every section which has been even slightly infested by the boll weevil will be much worse during the coming year and if our people will not profit by the experience of others, they have a dark and gloomy period ahead of them. In some sections of South Carolina and Georgia, where the farmers were as big fools as some of ours and grew cotton to the exclusion of all food and feed crops there has been much suffering even for the very food necessary to sustain life and for adequate clothing.

"When one considers how simple the remedy is in so far as actual living is concerned, he cannot help but lose patience with the farmer who, in the face of boll weevil infestation, continues to neglect to have a year around garden and keep one or more cows a good flock of chickens and sufficient hogs to provide his supply of meats. If he doesn't do this, he doesn't deserve much sympathy, and even at that, sympathy is not going to keep his wife and children from suffering."

Luke Lamb Succeeds Father on State Executive Committee

Raleigh, March 9.—The Democratic state executive committee meeting here tonight selected Raleigh as the meeting place for the state convention and April 20 as the date.

The committee also called upon democratic voters to meet in their various precincts at 2 o'clock Saturday, April 8, for the election of a pre-convention executive committee and delegates to the county conventions.

County conventions are ordered held Saturday, April 15, at 11 o'clock for the election of delegates to the state convention.

The meeting developed into a sort of memorial gathering in honor of the late Col. Wilson G. Lamb, of Williamston, who for 46 years was a member of the committee. Resolutions in his honor were unanimously adopted, and speeches in eulogy of his life were made by Governor Morrison, Tax Commissioner A. D. Watts, Charles Whidby and others.

Luke Lamb, chief deputy commissioner of revenue for the state, and the youngest son of Colonel Lamb, was elected as his father's successor on the committee.

A resolution offered by Sol Gallert, of Rutherford county, was adopted, calling upon democratic county executive committees of counties affected by the change of senatorial districts to meet March 21 for the purpose of determining from which counties in their several districts democratic nominations of senatorial candidates for the future. Districts affected by the changes made by the last general assembly, are the eighth; ninth; tenth; twelfth; thirteenth; eighteenth; nineteenth; twenty-fifth and twenty-seventh.

The agreements reached are to be certified to the state board of elections on March 25th, the date of the board's meeting.

The committee was in session only 45 minutes. It was the first gathering over which the newly-elected chairman, J. D. Norwood of Salisbury, presided. About 50 committeemen were present.

The resolutions and the speeches, by the governor and others reviewed the work of Colonel Lamb as a democratic patriot and worker.

His death leaves Col. A. D. Watts the oldest member of the committee in point of years of service. On the other hand, Luke Lamb is the youngest committeeman.

CANNOT TAX THE JUDGES

The Supreme Court by unanimous ruling has sustained Judge Long in his decision against the ruling of tax Commissioner A. D. Watts demanding state income tax from the judges just as is charged against private citizens.

This came as a surprise to many people who claimed to know the law but the Supreme court did not see it that way. As to our opinion we will not venture in competition with a court of last resort but in view of all the circumstances we would like to see the next general assembly reduce the salaries of judges at least as much as a good decent income tax would amount to. We are always glad to see people paid for their services and register no kick when everybody is pulling along on one level but it has only been a short time since the judges in our state were given a very handsome raise in salaries and in addition have been put on retired pension lists. They are favored with increased salaries, payment for life of half salaries and yet are so favored as to not have to bear any of the ordinary burdens of the state.

We like the law that lays the same burden on every man and gives the same blessings to every man.
