Christmas Tonic

Be a booster—like a rooster—always crow-
ing loud and long; keep a yelling what you're sell-
ing—put some Pepper in your song. If you're
tired go get fired—hunt a job you think will suit
you. Be a getter—times are better for the man
that packs a smile; take your licking or quit kick-
ing—dig right in and make your pile.

The war is over and there is clover;
in the pastures all around us; it is not
waiting or debating, but making hay out on the
ground. Watch it growing—always showing lots
of blossoms—it's alive.

If you're a dead one go use a lead gun—the
drones ain't wanted in this hive. Be a doing—and
quit your stewing—get a move on, grab some of
the kale; don't let your head get feeling dead yet.
