"No More Ruined Shirtwaists for Me,"
said Mrs. Southlee

"I've discovered a most wonderful water softener"

A group of young housewives snowy white. She uses less soap were discussing washing materials. "That's quite true," chimed in another. "I've always used Red Seal Lye as a water softener, but that's only one of its many uses. Red Seal Lye makes an excellent soap. I tell my cook to save all the waste grease. One can of Red Seal, when mixed with grease and water, makes enough soap to last several months for all laundry and scrubbing purposes. It's really quite fun to make. The directions are in the can." There are many household uses and recipes for Red Seal Lye described in the Red Seal Booklet, which will be mailed you free. Send for it today. Ask your dealer for the old reliable granulated Red Seal Lye. Get the genuine. Take no other.

ATLAS PORTLAND CEMENT

THE same spirit of progress that replaced the horse with the automobile, has replaced temporary, inflammable buildings with permanent fire-proof structures. One man has done much toward this change—your building material dealer—by heavy personal investment in slow moving, low profit stock—building materials. His judgment in favor of permanence is vindicated by its nation wide acceptance. His judgment on individual materials is equally good. He calls Atlas "the Standard" by which all other makes are measured.
