**DISCREET LOUNGING ROBES;
FROCKS OF KNITTED FABRICS**

EVERY one is familiar with the type of lounging robe pictured here—nearly everybody owns one. It makes its simple and direct appeal on the score of comfort, since it is a staple affair which changes very little from year to year. Some modifications of the collar, cuffs and pockets, or variations in color, as certain colors are emphasized by the changing seasons,

Comfort Is the Appeal of This Garment

are the nearest approach to innovations which this useful garment adopts. But it has kindred that take thought of comfort first and then allow themselves to excursion into the realm of style and adornment. There are lounging robes of quilted satin, others of changeable cloxy satin, many of corduroy and further elegancies in brocade and in chiffon velvet. Where warmth is not of importance, albatross cloth serves the purpose of the lounging robe. In all the showier materials the item of color is important and decorative features are introduced. Lines are less simple in the richer fabrics,

fashion is that the knitted dress or suit is slenderizing to stout figures and becoming to slender.

Particularly interesting are the frocks, suits and separate skirts created of knitted fabric. With the introduction of materials machine-knit of wool yarn or silk mixtures, which can be bought by the yard, suitably can have a knitted frock individualized to

Declares Tanlac Ended Indigestion, Chest Pains and Palpitation—Lost Strength Restored.

"Tanlac has improved my general condition ten times more than I anticipated," recently stated Herbert A. Gup-till, a well-known school teacher of Kezar Falls, Maine.

"My trouble began with a sudden loss of strength. Almost everything I ate disagreed with me and caused a sickening sensation that remained with me for hours. For months I found breathing difficult on account of indigestion, and had such chest pains and palpitation I thought my heart was affected. I also suffered greatly from headaches and nervousness, seldom slept well, and felt tired and worn-out all the time.

"Since taking Tanlac no kind of food hurts me and I have a wonderful appetite. I have gained ten pounds, breathe freely, sleep perfectly, and feel as strong and well as ever in my life. Tanlac is certainly a superior medicine."

"Tanlac is for sale by all good druggists. Over 35 million bottles sold.—Advertisement.

Hubby did not like the appearance of the cook a friend had sent them, so taking his wife aside he said, "Don't hire her."

"Never mind about her ability to cook she bears," said he. "We don't eat 'em, anyway."—Boston Transcript.

**SHE DYED A SWEATER,
SKIRT AND CHILD'S COAT
WITH "DIAMOND DYES"**

Each package of "Diamond Dyes" contains directions so simple any woman can dye or tint her worn, shabby dresses, skirts, waists, coats, stockings, sweaters, coverings, draperies, hangings, everything, even if she has never dyed before. Buy "Diamond Dyes"—no other kind—then perfect home dyeing is sure because Diamond Dyes are guaranteed not to spot, fade, streak, or run. Tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton or mixed goods.—Advertisement.

His Preference.
"I hear tell that Gabe Gooney says he prefers pigs to children," indignantly said Mrs. Johnson the other evening.

"Well, if it's all the same to him," replied Gap Johnson of Rumpus Ridge, "I don't know but what I'd just about as soon have the children, now that I've got 'em, as the pigs—unless, of course, they was powerful fine pigs."—Kansas City Star.

**Don't Let That Cold
Turn Into "Flu"**

Rub on Good Old Musterole
That cold may turn into "Flu," Grippe or, even worse, Pneumonia, unless you take care of it at once.

Rub good old Musterole on the congested parts and see how quickly it brings relief.

Colds are merely congestion. Musterole, made from pure oil of mustard, camphor, menthol and other simple ingredients, is a counter-irritant which stimulates circulation and helps break up the cold.

As effective as the messy old mustard plaster, it does the work without the blister.

Just rub it on with your finger-tips. You will feel a warm tingle as it enters the pores, then a cooling sensation that brings welcome relief.

Better than a mustard plaster

**A SICK, CROSS CHILD NEEDS
"CALIFORNIA FIG SYRUP"**

MOTHER! Move Child's Bowels with this Harmless Laxative—Children Love Its Taste

If your child is constipated, full of cold, has colic, or if the stomach is sour, breath bad, tongue coated, a teaspoonful of "California Fig Syrup" will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works the constipation poison, sour bile and waste right out and you have a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today may save a sick child tomorrow. It never cramps or over-acts. Ask your druggist for genuine "California Fig Syrup," which has directions for babies and children of all ages printed on bottle. Mothers, you must say "California" or you may get an imitation syrup.

**Good
Healthy Crops**

The South learned years ago that *Kainit* and the other *German Potash Salts* prevented Cotton Rust and other plant diseases, and at the same time greatly increased the yield.

Scientific investigations now show that both *Potash* and *Magnesia* are helpful in combating plant diseases.

All the *German Potash Salts* that are used in Cotton fertilizers contain soluble magnesia.

If you will insist on having your fertilizer contain at least 5 per cent of *Potash* derived from *Genuine German Potash Salts*, you will secure at the same time enough magnesia to insure against plant diseases due to magnesia hunger.

For Tobacco, and for those Fruits which are injured by Chlorin, the fertilizer should carry 10 per cent of *Potash*, derived from *Sulfate of Potash* or from *Sulfate of Potash Magnesia*.

Use the latter if your Tobacco leaves are not sound.

Separate Blouses.
Very coarse, square meshed laces are mounted on chiffon, usually of a bright color, and used for separate blouses. They are usually worn over the outside of the skirt, Russian blouse fashion.

Smart Bracelet.
The smartest bracelet of the moment is of bone or ivory, painted with vague oriental figures in bright colors—red and green and gold and yellow. It is worn well up toward the elbow.

Fur-Trimmed Pillows.
Fur-trimmed soft pillows have a suggestion of winter as well as of coziness about them. While this trimming is most usually seen on velvet or brocade materials, it is shown on some of the newest lingerie pillows—used, however, in moderation.

Cuffs.
Cuffs are becoming important again. Some frocks have very wide ones, and others have them at the wrist, and then again at the elbow.

**IF BILIOUS, SICK!
TAKE NO CALOMEL**

"Dodson's Liver Tone" Straightens You Up Better Than Salivating, Dangerous Calomel and Doesn't Upset You—Don't Lose a Day's Work—Read Guarantee

You're bilious! Your liver is sluggish! You feel lazy, dizzy and all knocked out. Your head is dull, your tongue is coated; breath bad; stomach sour and bowels constipated. But don't take salivating calomel. It makes you sick, you may lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel crashes into sour bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping.

If you want to enjoy the nicest, most restful and bowel cleansing you've ever had, just take a spoonful of Dodson's Liver Tone to-

night. Your druggist or dealer sells you a bottle of Dodson's Liver Tone for a few cents under my personal money-back guarantee that each spoonful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick.

Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working, your headache and dizziness gone, your stomach will be sweet and your bowels regular. You will feel like working; you'll be cheerful and full of vigor.

Dodson's Liver Tone is entirely vegetable, therefore harmless and can not salivate. Give it to your child.
