Rub-My-Ties, An Antiseptic. 666 Cures Bilious Fever. LOCAL NEWS BRIEFS FROM OAK CITY. OAK CITY SCHOOL TIES WITH BUNN SCHOOL. It was hard for Oak City to enter the triangular debate contest for the want of a contestant. Three contesting schools failed to hold their place among Oak City's affirmative debaters with no opponents. Bunn's debaters found Crisp's school napping and not ready to defend themselves. St. Miss Louise Huffines, in her wisdom of a chaperone, brought Miss Florence Hays and Mr. Hubert Shannon of Bunn High school, Rocky Mount to Oak City about two hours before time for debating, in search of affirmative opponents. They arrived just in time and were given a cordial permission to debate with Misses Hazel Piland and Sarah Long Johnson who in their tiny statute stood as concrete stobs and victoriously defended the affirmative side of the query: "This was a heroic undertaking for the children, for being pupils of the eighth grade their store of knowledge and no experience would have been thought to be tiny too, when compared to that of their opponents of the eleventh grade, who had won in the triangular debate last year and experienced a contest at Chapel Hill. Having failed there last year they were allowed to enter the contest again. The wisdom of the judges, Mr. J. Moore, Mr. J. T. Williman and Mrs. T. Leggett honored Oak City's affirmative with the victory. Oak City's negative team, Miss Bernice Piland and Mr. Livingston Harrell, were less fortunate however. They debated Bunn's other team and lost out, making the final outcome a tie.

AN EASTER PARTY. The faculty of the Oak City High school delightfully entertained a number of their friends Saturday evening at the Teachers' Club. After a number of interesting games had been played, everyone was surprised when Mrs. India Collins entered carrying a large bag containing a cat. She held the cat out of the bag, on which was tied a card bearing the following announcement: "Miss Lela Yantors and Mr. Hilary Bowen announce their marriage to be June 19, 1923." After many hearty congratulations and "cheers" the guests were invited to the dining room where delicious refreshments were served, which carried out the color scheme of yellow and white. The home was artistically decorated in yellow and white, together with many beautiful flowers. Aside from the other decorations two large cupids dressed as bride and groom stood on the mantle in the dining room. George Haislip and Howard Howell represent the Oak City school in the declamation contest. The former sang "Proving Our Worth" and the latter to Trinity college to speak "Ambitions." Howard Starnes will represent the school in the mile race, at Wake Forest during the contest.

B. Y. P. U. SOCIAL. One of the big events of spring was the B. Y. P. U. social given Wednesday evening, April 4, in the town hall, which was tastefully decorated carrying out a color scheme of green and white. The social committee, composed of Mr. H. S. Everett, Mrs. F. M. Peell and Miss Nannie Harrell, had everything arranged perfectly for the enjoyment of everyone present. The songs, games, contest stunts, etc., were many and varied to suit both seniors and juniors. From 9:30 o'clock, not one moment was left "Spazzinkum" was personified. Delicious chicken salad sandwiches and ice cream were served. We trust the B. Y. P. U. may give another royal soon.

In Fortmouth, New Hampshire, there is an old mansion which retains the lightning doors put up by Benjamin Franklin in person. On the same street is an old church. St. John's, from which rings out the pleasant peals of a bell of Paul Revere's handwork.

Hope is a pleasant acquaintance, but an unsafe friend; not the man for your banker, though he may do for a traveling companion.—Hallburton. Answer Knock at Your Door. Have your visions of God, but succumb from your homestead to answer the knock at your door.—F. B. Meyer. Ingratitude. Brutes have ingratitude to the Gallus. Contrary to popular belief, the century plant (Agave Americana) blooms once in eight years as in some cases, and not every hundred years. Many have been led to believe a central shoot nearly 30 feet high, ten bears as many as 4,000 blossoms. These growing in greenhouses or under artificial conditions do not bloom so often as those growing natural.
