CAPITAL STOCK TAX RETURNS AND PAYMENT OF OCCUPATIONAL TAXES

Must Be Made Before July 31, 1923, In Order to Avoid Penalties

To avoid penalty, returns and payment must be made on or before July 31, 1923, of the miscellaneous occupational taxes, the special tobacco manufacturers' tax and the special tax on the use of boats, provided for by the Revenue Act of 1921.

Capital stock tax returns also must be made on or before July 31st, payment being required on 10 days notice and demand of the collector.

The Revenue Act provides that "every domestic corporation shall pay annually a special excise tax with respect to carrying on or doing business, equivalent to \$1 for each \$1000 of so much of the fair average value of its capital stock for the preceding year ending June 30 as is in excess of \$5,000. In estimating the value of capital stock the surplus and undivided profits shall be included. Every foreign corporation shall pay annually a special excise tax with respect to carrying on or doing business in the United States, equivalent to \$1 for each \$1,000 of the average amount of capital employed in the transaction of its business in the United States during the preceding year ending June 30."

Every domestic corporation must make a return on Form 707 even though the law may indicate that it is exempt from tax. The question of exemption is one for determination by the Commissioner of Internal Revenue.

Following are the miscellaneous occupational taxes: brokers, \$50; pawn brokers, \$100; ship brokers, \$50; customhouse brokers, \$50. Proprietors of theatres, museums and concert hall, where a charge for admission is made, having a seating capacity of not more than 250, shall pay a tax of \$50; having a seating capacity of more than 250 and not exceeding 500, \$100; having a seating capacity exceeding 500 and not exceeding 800, \$200.

Persons carrying on the business of operating or renting passenger automobiles for hire are required to pay \$10 for each such automobile having a seating capacity of more than 2 and not more than 7, and \$2 for each automobile having a seating capacity of more than seven.

I. C. C. ORDERS ROADS TO CUT RATE ON HOGS IN SOUTHEAST

Washing on, July 14.—Railroad were ordered by the Interstate Commerce Commission today to reduce by from 5 to 7 per cent rates on hogs grown in southwestern states and destined to packing plants in and around Fort Worth, Texas.

The new schedules will become effective October 3 and will apply on all shipments originating in Florida, Alabama, Mississippi, Louisiana, Tennessee and Kentucky.

Former rates were made on a carload basis, for hog shipments. The order today altered this and instructed the railroads heretofore to fix the charges on a weight basis. A distance scale by which rates for 450 miles or less should be 70 cents the 100 pounds, an increase in proportion to distance up to a charge of 78 cents per 100 pounds for distances of 1,200 miles, was laid down to govern the new schedule. The railroads were authorized to add 15 per cent to the mileage rates given in case hogs were shipped in single deck cars instead of the usual double deck.

The same date, October 3, the roads were also instructed to put a rate into effect on hogs from Nashville, Tenn., to Oklahoma City, of 57.5 cents per 100 pounds. This also constitutes a reduction from present charges, which are made on the carload basis.

COTTON ASSOCIATION WINS AGAIN IN TEXAS

Injunction Granted and Contract Upheld in Every Particular by Texas Supreme Court

One of the latest attacks against cooperative marketing is the report which has been circulated rather freely by certain interests opposed to cooperative marketing that the Texas Farm Bureau Cotton Growers' Cooperative Association has lost before the High Court of Texas. They predict the early downfall of the cooperative association and proclaim to the public that the Texas Association was denied an injunction against Mr. J. C. Stovall by the District Court of Ellis, Texas and that an appeal was taken to the Court of Civil Appeals, where the decision of the lower court was upheld and the injunction dismissed. They fail to tell that an appeal was taken to the Texas Supreme Court where the injunction was granted and the contract upheld in every particular.

THE COTTON WEEVIL AGAIN

The Texas Farmer Did not Have His Hands Under His Suspenders During Boll Weevil Fight

Around twenty days ago, I visited a cotton field to ascertain whether or not the boll weevil was present. I feel sure that not over two per cent of the cotton had been damaged.

As best we can estimate, there is today as many as fifteen to eighteen weevils punctured squares out of each hundred squares in the field. These, too, of course, are the first square that came on. At this same rate of increase damage, there will be no cotton left on the plants by the 10th of August, save a few of the early bolls which escaped damage for, would say, the first thirty days of the fruiting season. The crop referred to is a fine crop as seen from a distance. This looks to us to mean that there are thousands of farmers in the weevil territory who are sure to come out at the end of the year with a stunning loss. Why not make the fight now? Save the cotton and be able to say, "I made the fight and saved the crop, regardless of the boll weevil."

The Texas farmer is saying today while he stands well braced up with his thumbs under his suspenders, "Texas will make five million bales of cotton this year, except some unseasonable fallers her." We remember, too, that Texas was the first and probably the hardest hit state in the cotton belt. Some of her farmers left the state looking a livelihood; others made the fight and won.—J. L. Holliday, Farm Dem. Phillips Pertz, Co.

"THE VAN ZANT DINNER"

The June number of The Century magazine carries a story by "Sandra Alexander," entitled "The Van Zant Dinner." A picture of the writer appears in "Among our Contributors" on another page. "Sandra Alexander" is well-known in Williamston as Mrs. Frank C. Lewis, of Norfolk, Va. She frequently visits her sister, Mrs. James S. Rhodes, and has many friends in town, who have read her latest story with pleasure, and who feel that her success as a writer is well assured. Mrs. Lewis' first story appeared in the Metropolitan several years ago.

Mrs. Frank Lewis is spending several days in Rocky Mount this week.

KEEP WATCH ON COTTON FIELDS FOR DAMAGE CAUSED BY RED SPIDER

Where Immediate Steps Were Taken No Serious Damage Has Resulted

I will again call cotton farmers' attention to the presence of Red Spider in the cotton fields of Beavers, Martin and adjoining counties. Many farmers visited were advised of control measures, and where immediate steps were taken, no serious damage has resulted.

Friday we were in Pitt and Edgecombe counties. There we saw five fields where no control measures had been used and the damage done would probably be a spread of from one to five bales of cotton already lost, and the spider still making rapid headway, destroying the entire crop as he goes. I would say if the proper steps had been taken two weeks ago, the loss on the now worst infested fields would not have exceeded five hundred plants. The thing that should have been done then, was to have pulled up the worst infested plants and picked the damaged leaves from the newly infested plants and destroyed them by burning. As it is now, it will take considerable labor and other expense to bring them under control, to say nothing of the total loss on the first infested cotton. When evidence of spider damage is seen, no time should be lost in bringing them under control. Polk and other weeds should not be allowed to grow around the cotton fields, since spider damage is usually traceable to hedges and fences where such growth is allowed.

CORRECTION

In Friday's issue we published the statement of the Farmers and Merchants Bank, and in the statement the item of "Time certificates and deposits due in less than 30 days \$118,172.77" was omitted by error, which has been corrected and the statement appears again in this issue.

CAPTAIN OF KU KLUX KLAN SETTLER BAZEMORE

Settler Bazezore: We understand you are going to marry one of your neighbor's hands, and move her and if you do and damage him, and he is damaged by it, we will tend to you at once.

"The Enterprise has been handed the letter was mailed and postmarked as Everett's, addressed to Settler Bazezore in care of the Speight farm, route No. 3 Williamston, N. C.

Bazezore is a negro with seven children. The neighbor's hand has six children and, of course the hand owner did not want to lose his help; so he proceeded to put asunder what God was about to join together, and was cowardly enough to infringe on the Ku Klux Klan to attempt to scare the negro, Bazezore.

We have known a good many cowardly things, but are frank to say we can't recall anything so small as this.

For Klan how many things of a dirty character are done in this name.

THE PHILADELPHIA PICNIC TO THE BARACAS

All Philadelphians and Baracas are asked to meet in front of the Atlantic Hotel Thursday afternoon at three o'clock. Transportation facilities for all have been arranged to go to Riverside park.

DR. J. D. BIGGS TO MAKE ADDRESS OF WELCOME AT BANKERS MEETING

Dr. John D. Biggs, president of the North Carolina Bankers Association left for Raleigh this morning where he will attend the Bankers-Farmers meeting to be held in that city this week.

Dr. Biggs will make the address of welcome.

The meeting is of unusual importance as it means a closer union of the banking and farming interests of the country and which will ultimately lead to making a produced tangible crop a base of credit to the farmer as well as an expected but unproduced or intangible crop has been in the past, and which method has always worked many hardships on our section of the country.

The local camp of the Modern Woodmen of America will meet Wednesday night July 25, at which time final arrangements will be made for their annual picnic.

All members are requested and should attend.

Messrs. George Harris and William Hodges went to Riverside Sunday to join the Williamston scouts on their two weeks outing trip.

LOCAL TOBACCO MARKET IS NOW VERY PROMISING

WILLIAMSTON IS FORTUNATE IN HAVING SUCH SPLENDID WAREHOUSEMEN

Three Independent Houses to Be Run This Season

The tobacco crop in Martin and adjoining counties is much better than in years and indications are that Williamston will have a market far superior to that of any preceding year. All the large manufacturers and dealers will have buyers here and the warehouses will be operated by men of many years experience. The Roanoke has been remodeled and will be run by three young men who have spent their entire lives in various branches of the tobacco business. Messrs. O. L. Tucker, H. H. Morton, and E. G. Rogers will have charge of the Roanoke house. The Dixie will be operated by Joe Taylor, its former manager, and Mr. Sam Mangum, of Durham, N. C. Mr. Mangum is considered one of the best tobaccoists in the trade and is a hustler. Joe still carries the same old "jeep." The Farmers warehouse will have its same management as last year, our old friend, Mr. J. W. Hight. All of these gentlemen have been busy canvassing the county for some time and we are glad to see so much interest taken in the market this year. Both the warehousemen and the market's friends on the outside.

Mr. Harry L. Meador will be manager of the Farmers Cooperative marketing warehouse this season. The grader for this market has not yet been announced. The date of opening has not yet been fixed, but the warehouse will likely begin receiving by the middle of August, if not sooner.

It is understood that the advance will be considerably larger than the first ones of the last season, if the present signs prevail.

The crop in South Carolina and Georgia is only medium and in the old Piedmont section of Virginia and North Carolina is far below normal. The dealers throughout the country hold practically no tobacco, the manufacturers haven't a large surplus of hand and the foreign countries are beginning to call on us for large amounts. The prospect for getting a profitable price for our tobacco never brighter and it looks at present as if the farmers of this section will reap a harvest they much deserve.

Let's all get together and make Williamston's tobacco market one which is surpassed by none. We have a better opportunity than ever before. The market opens Wednesday, August 22, and we hope to see every house filled to its capacity. We would like to see the streets in our city lined with farmers; their countenances wearing an expression of admiration for the Williamston tobacco market and the treatment accorded them by all whom they come in contact with.

IT CAN BE DONE, IT SHOULD BE DONE SO LET'S DO IT.

STORES ARE SUPPOSED TO CLOSE AT 6 P. M. ON ALL DAYS EXCEPTING SATURDAY

Town Shoppers Should Take the Store Servant Into Their Consideration

Yesterday afternoon about seven o'clock as I was on my way home met a lady who was working in certain store in town. At once I noticed that she was thinking about something very hard and soon she remarked, with much feeling, "Hereafter when I am careless and get down town after six o'clock I will not go in the stores and keep the poor clerks there after hours waiting on me when they have already had a long day of duty."

Had you ever thought about the sacrifice you are asking the salespeople to make when you come in a round six o'clock and begin shopping? In many cases they have already been on duty for ten or twelve hours and may have important engagements to fill that night and want to get off as soon as the hour comes for closing the stores.

In all cities the stores close on a certain afternoon in each week in order to give the clerks a little time off. While our merchants accommodate us from sunrise until sundown and should we not appreciate this service and not infringe upon the time of their salesmen and work them after hours?

The writer of this piece is extremely guilty of doing this very thing that I insist is wrong and know how easy it is to fall in the habit of waiting till the last minute to run and get some little thing and then see something else that you have intended buying for some time. I keep right on looking and buying for a half hour or so. I rarely ever do this more than once a month, but the time half the other women in town do this in the course of a month it would keep all the clerks in town busy until seven o'clock every evening.

Now shoppers, think about this: for small town merchants cannot insist upon city store rules and close the door in our faces for we might be their cousin or their next door neighbor or their friend and you know that they would not treat you in any such manner. So be thoughtful of them and their help, for the buying public of our town and community will accorded mighty good service and consideration by our merchants.

CAMPERS WILL LEAVE FOR REA'S BEACH TOMORROW

The following ladies will leave for Rea's Beach tomorrow morning: Mrs. Leslie Fowden, Mrs. Warr Biggs, Miss Katie Philpott, Mrs. G. Godard, Jr., Mrs. Wheeler Martin and Miss Essie Peel. They will take with them, Wheeler Martin, Jr., Mr. Simpson, Pete Fowden, Jr., and Joseph Godard, Jr. as chaperones.

The ladies have rented a cottage at the beach and will lead a real camp life for the next week.

Mr. Stator J. Peel and Mr. John T. Daniel, of Belhaven were visitors in our city yesterday.

Mrs. Carrie Williams, Miss Frances Williams, Mrs. L. C. Bennett, and Messrs. Harry Biggs and S. C. Peel leave tomorrow by automobile for Va. Beach. Mr. Peel leaves there Thursday to visit other Virginia cities.

Miss Nannie H. Smith of Valle Cruzes, N. C. spent the week end with Mrs. W. H. Harrell.

Arrangements have been made the attorneys for the Association for the taking of depositions in the case of the Association vs. Thomas H. Birdsong, and others, of Suffolk. These depositions will be taken for the plaintiff in Norfolk July 20th and 21st. The Birdsong interests will be represented by James Corytt of Suffolk and E. R. F. Wells of Norfolk. The Peanut Association will be represented by the firm of Aaron Sapir of New York and James G. Martin another of Norfolk. No date has been set for the taking of depositions in this case for the defendants.

Contrary to the general rule of letting in legal action during the summer months, the above would seem to indicate considerable action of interest to Norfolk and Suffolk, in fact to the whole of Tidewater Virginia and North Carolina, for the plaintiff in these suits is composed of over 5,000 peanut growers scattered through the vicine belt.

PEANUT GROWERS MAKING PROGRESS

LITIGATION OF PEANUT GROWERS GETTING UNDER WAY

Judge D. Lawrence Croner handed down this week an order requiring the National Cleaners and Shellers Association, which is being sued by the Peanut Growers Association, for \$3,625,000.00 damages claimed to have been suffered by the illegal operations of defendants, to produce their papers and records in court on the day of the trial. He also handed down a decision denying the special plea of the defendant that the Peanut Growers Association was itself a monopoly in restraint of trade and therefore had no standing in court.

In addition to the tight suits set for trial in the Nansemond Circuit Court on July 30th, there are ten similar suits to be set on July 16th for trial in the Southampton County Circuit Court. It is expected that these cases will be set for hearing about July 25th. These cases are in violation of the marketing agreement contract entered into by over 5,000 growers members of the Association and Southampton County includes the following members: J. H. Stephenson, J. H. Hedgepeth, S. S. Bishop, and W. I. Howles, of Newsom, Va.; P. D. Crumpler, Handsons, Va.; J. Everett Johnson, Boykins, Va.; A. W. Turner and H. G. and R. C. Council, Franklin, Va.; J. L. Cobb and S. N. Cobb of Courtland, Va.

Those suits are brought on the identical contract on which the Supreme Court of North Carolina recently handed down a decision upholding the contract and declaring the law under which the Peanut Growers Association was operating constitutional in North Carolina. The opinion of this Court in part read:

"The cooperative system is the most hopeful movement ever inaugurated to obtain justice for and improve the financial condition of farmers and laborers. The producers are paying all the costs and assuming all the responsibilities of these cooperative associations. They are asking no assistance from the public treasury. They are exacting no inordinate prices for their product. They are associating themselves, as authorized by the statute, like other persons and they have signed mutual and fair agreements among themselves which would be futile unless those who have signed such agreements can be held to abide by the terms of such contracts."

From the attorneys of the Peanut Growers Association it was learned that on Tuesday, the 10th, depositions were taken in Norfolk by the plaintiff in a suit against John P. Fox, of Southampton County. H. R. Mann was the attorney of record together with E. R. F. Wells, of Norfolk and James Corbett of Suffolk. The plaintiff was represented by F. D. Sanford of the firm of Aaron Sapir, New York City, Nathaniel Green of Norfolk, E. F. Story of Courtland, and Charles F. Peters of Oklahoma City, who is employed by the Peanut Association as attorney in all its actions. The depositions for the plaintiff were completed and no time has been set for the taking of depositions by the defendant.

Arrangements have been made the attorneys for the Association for the taking of depositions in the case of the Association vs. Thomas H. Birdsong, and others, of Suffolk. These depositions will be taken for the plaintiff in Norfolk July 20th and 21st. The Birdsong interests will be represented by James Corytt of Suffolk and E. R. F. Wells of Norfolk. The Peanut Association will be represented by the firm of Aaron Sapir of New York and James G. Martin another of Norfolk. No date has been set for the taking of depositions in this case for the defendants.

SEEK IRISH POTATOES SUPERIOR TO THOSE OF CANADA AND MAINE

Western North Carolina the Earlier Plants

Elizabeth City, N. C. July 16.—See Irish potatoes secured from growers in the mountains of western North Carolina demonstrate their superiority over those from Canadian and Maine sources in a test recently concluded by County Agent, G. W. G. W. Falls of Pasquotank county. Mr. Falls put out a demonstration with M. B. Sample of this county early in the spring in an effort to find out whether the N. C. grown seed would do as well as the Northern grown seed.

Mr. Sample reported that the yield on the three plots was practically the same, being at the rate of 209 bushels of marketable potatoes per acre. The seed from Western North Carolina, however, produced the earlier plants and yielded a few more No. 2 stock than the others. The Canadian stock showed a tendency to be later but were well fruited. Since earliness is an important matter in getting best prices for new potatoes, it would seem from Mr. Sample's results that the home grown seed had an advantage over the Northern grown.

According to Director B. W. Kilgore of the Extension Service this test is in line with similar results secured by the specialists of the College and Department of Agriculture. There is now no need for North Carolina farmers to buy their seed stock from Maine or any other Northern points because, now that seed inspection work has been put on in the mountains and tests shown that health by seed from this source is better than imported seed, eastern farmers may look to the western growers for their seed to the mutual advantage of both.

"THE FOLLIES OF 1923" OPERATIC MINSTREL REVUE TONIGHT SCHOOL AUDITORIUM

Last Grand Rehearsal Last Night: Show Tonight Promises to Be A Success

The last grand rehearsal was given last night and the show tonight promises to be a splendid success, reflecting credit on all connected with the production. The program is interesting and of consistent length, and the numbers contained therein, varied snappy and full of pep. From the first number to be given by the "Home Guards" to the last and final grand chorus "My Home Town." Do not fail to see the big show tonight, as it is well worthy of the patronage of the town and community at large being entirely a "Home talent" production, and many of the numbers worth the price of admission.

Overture at 8:15. Come early and get a choice of seats, the all are good, carry a friend and see one of the best offerings of the season.
