MRS. VANDERBILT MAKES A TOUR OF EAST CAROLINA

Raleigh, July 16.—Mrs. Edith Vanderbilt, President of the North Carolina Agricultural Society, has just completed a tour of Eastern North Carolina in the interest of the State Fair.

She spoke at Monroe, Wilmington, New Bern, Kinston, Goldsboro and Wilson, and visited several other points in the State.

Her poke bonnet had caught the fancy of her audiences, and many a Carolina and she ventured further to that she is going to make the fair this year the big success that she has in mind.

Mrs. Vanderbilt in her address explained that the proper function of a state fair or any fair for that matter.

After all it's EXPERIENCE that counts

ONE of our refineries makes nearly 200 different lubricants for various industries. If mechanical conditions in all motors and bearings were identical we could satisfy every need with one instead of 200. You would easily learn to tell good quality from bad. It would then be safe to say, "Give me a quart of oil," because almost everybody would make it good.

But requirements in automobile lubrication alone vary so much that it takes long experience and constant study to produce high-quality, dependable oils that insure absolute motor protection. We have had that experience. Polarine is the best oil we can conceive of for motor car lubrication. It is kept up to the minute by every chemical, physical or mechanical test known to science. It will pay you to be guided by the Polarine chart.

The Polarine Chart recommends a certain consistency of Polarine for your motor. Consult it at your dealer's.
