MANY INTERESTING IN THE FORD PLANT

Extraordinary Tests are Made to Test the Material

Detroit, Mich., Aug. 22.—Converting of four car loads of steel into 18,000 springs every day is one of the interesting manufacturing operations of the Ford Motor company at its Highland Park plant and the department at present employs 600 men to bring this production.

Of particular interest are the extraordinary tests to which the steel is subjected in order to prove its strength before it is permitted to enter the manufacturing process.

Before acceptance from the mill, samples of the steel are made into trial springs and these are placed in a special apparatus where they are subjected to 90,000 continuous vibrations of 1,500 pounds to each stroke in actual use, it is often that auto springs receive such enormous pressure, and the quality of genuine Ford springs is strikingly shown by the fact that so called "Ford" springs made by outside companies break before 20,000 of these vibrations.

Once the metal is found by test to be of standard quality, manufacturing begins. The steel is heated in furnaces to 1,600 degrees Fahrenheit and its leaves are formed and hardened in one operation. Following this they are tempered in nitrate at 875 degrees Fahrenheit, then they are grappled and are ready for use.

LESSON FOR AUGUST 26

BARNABAS, THE GREAT HEARTED

LESSON TEXT—Acts 4:36-37; 11:19-20. GOLDEN TEXT—He was a good man and full of the Holy Ghost and of faith.—Acts 11:24.

DEVOTIONAL READING—Psalm 94:1-10. PRIMARY TOPIC—Barnabas and Paul Tell about Jesus. JUNIOR TOPIC—How Barnabas Helped the Church.

INTERMEDIATE AND SENIOR TOPIC—How Barnabas Showed a Generous Spirit. YOUNG PEOPLE AND ADULT TOPIC—Christian Character Illustrated by Barnabas.

I. Barnabas, the Man (Acts 4:36).

His original name was Joseph. When he became a Christian, he was renamed Barnabas signifying "the change from the old life to the new. This was a common custom, for example, Simon to Peter and Saul to Paul. The name means "son of prophecy" or "exhortation and consolation." This shows not only the nature and spirit of Barnabas but that he possessed the gift of hortatory preaching. The exercise of this gift made him a son of consolation.

II. Barnabas, the Philanthropist (Acts 4:37).

So fully had the divine grace permeated the very being of Barnabas that seeing the need of his fellow-believers, he sold his property and brought the money and laid it at the apostles' feet. His generosity expressed itself in deeds, not in words and promises. He counted nothing his own while his brethren were in need. He was in no sense obliged to do this as there was no such thing in the early church as a binding law of a community of goods. Private ownership of property was recognized, Acts 5:4.

III. Barnabas, the Christian Statesman (Acts 11:19-30).

The violent persecutions of the church scattered the disciples. As they went they preached the Gospel, and churches were established. The most conspicuous of these was at Antioch, the capital of Syria, because it became the most important center in the spread of Christianity. Everything went well as long as the Gospel message was preached to the Jews only. The idea held among the disciples at that time was that the Gentiles were excluded. But at Antioch certain of these disciples deliberately preached Christ among the Greeks. The seal of the Lord was upon this ministry and great multitudes believed and turned to the Lord. The news of this revolutionary preaching reached the ears of the church at Jerusalem and caused not a little excitement and discussion. The church decided to send a committee to Antioch to look into the matter.

1. Barnabas Sent to Antioch (vv. 22-24). Fortunately in this case they sent the proper man. Barnabas was a good man and full of the Holy Ghost and faith. Therefore, he had spiritual discernment and broad sympathy. Good men are quick to see good. When he came to Antioch he saw the grace of God and was glad. If we have grace in ourselves, we will be able to see grace in others. He exhorted and urged them forward in their work. Men like Barnabas are much needed today in our churches—men of vision and Christian courtesy and sympathy.

2. Barnabas Goes After Saul (vv. 25-26). The work so prospered that help was needed, so Barnabas went after Saul. These men had been together before. After Saul's conversion, he came to Jerusalem and tried to join himself to the disciples but they were afraid of him. Barnabas befriended him (Acts 9:27). He saw that Saul was really a converted man. Being a good man he could see there was good in Saul. Barnabas thus introduced Saul to his great work as apostle to the Gentiles.

3. Disciples Called Christians (v. 26). After a year of teaching by Paul and Barnabas the name Christian was given to the disciples. The name was associated with the teaching. Paul taught the vital essence of the believer with Christ so it was natural that the disciples should be called Christians.

4. Barnabas and Saul go to Jerusalem With Alms (vv. 29-30). Because of the excess of Christians with Christ and with one another, the distress of the brethren at Jerusalem must be relieved by the gifts of the believers at Antioch. These gifts had a powerful effect in removing the suspicion of the brethren at Jerusalem.
