The world needs a leader... The great day of preparation... The world is waiting for a leader...

They are waiting for a leader... power which will set us free... The world is waiting for a leader...

Many of our people... the world is waiting for a leader... the world is waiting for a leader...

The editor of our paper... the world is waiting for a leader... the world is waiting for a leader...

God has made provision for this... the world is waiting for a leader... the world is waiting for a leader...

He has another Moses to send to this world. The great law giver himself predicted, 'A prophet shall the Lord your God raise up unto you of your brethren, like unto me: 'Him shall ye hear in all things whatsoever he shall say unto you.' This promised leader is Jesus Christ (Acts 3:20-22). He is Heaven's appointed leader and commander for the people (Isa. 55:4).

The relief of the present degradation and desolation of this world lies in the coming of this divinely appointed Ruler, to take the government upon his shoulder, to rule in righteousness, for then, and not till then, shall every world problem find its final solution. Whether men realize it or not, the coming of Jesus Christ is the only answer that can satisfy the world's needs.

There is a cherished expectation in the hearts of men that our splendid civilization of the twentieth century will produce a sublime leader, who will solve its problems, heal its maladies, and lead mankind from this world of perplexity, distress, bankruptcy, uncertainty, disorder, strife, and hatred into a state of abiding peace, security, tranquility, plenty, prosperity, and lasting love. All eyes are turned to look for the coming man. And who is the coming Man? He is the Man Christ Jesus, the desire of all ages, the answer of the Lord. He who said just before His departure, 'I will come again'.

We are glad to announce that the coming of this sublime figure, the answer of all nations, who will meet every need of humanity, and who will set the world right and keep it right. His coming will climax the desire of many ages. His coming will usher in the dawn of that better day for which all humanity is longing. It will bring the fulfillment of that eternal cherished dream of a golden era, when every trace of bondage and trouble will disappear, and mankind will be blessed with universal and lasting peace and happiness. Thus understood, the doctrine of His advent will call forth a response from one of the most deep seated and potent human instincts.
