NORTH CAROLINA

(Spell It) CHIROPRACTIC

(Pronounce It) KI-RO-PRAK-TIK

Chiropractic was accidentally discovered in 1895. The first adjustment was given with a hard rubber mallet and its results were so startlingly excellent that experiments dated from that

.From that crude beginning Chiropractic has reached its present growth on its merits-fighting great odds, it has proven itself.

"The rubber mallet has become a relic of the past. It is now on display at our "Fountain Head" merely as a reminder of the inevitability of evolution and growth. Our only tools now are our hands—and with those hands we go after the CAUSE of disease. The truth contained in our theory is proven by our results and
