"The Best Fertilizer I Ever Used"

Williamston, R. F. D.
Pamlico Chemical Company,
Washington, N. C.
Gentlemen:
My experience in using Pamlico Fertilizers is that when a farmer once gives them a fair trial, all the cut-price agents this side of Calcutta can't jar them loose from you. I have always found your goods cheapest in the end. I don't believe in trying to save money on the price of fertilizers when the saving is at the expense of quality. I tried this one year to my sorrow and learned my lesson.
The past year I averaged on my entire tobacco crop, 1,202 lbs. to the acre at a net price of \$407.56 and with a bad season, too.
I can conscientiously say I believe they are the best fertilizers on the market today and worth at least 25 per cent more than some others sold in my neighborhood.
Yours truly,
M. B. WARD.

Why Do people say this so often about Pamlico Fertilizers? It is because of the superior quality materials, the curing process they go through, their fine mechanical condition. Try them this year.

RESULTS ARE WHAT COUNT
