Had Been In Failing Health For Past Six Months

Mr. Moye P. Taylor passed away at his home in the Spring Green section of the county Wednesday afternoon at five o'clock after a long illness.

Mr. Taylor had shown signs of ill health for about six months and several weeks ago he was taken to Richmond where he was given medical treatment but he could not be benefited so he returned home to spend his remaining few weeks.

He was the son of Mack Gilbert Taylor of Martin county and Sarah Best Taylor of Edgecombe county. In early manhood he was married to Miss Emma Savage of Hogwood and she with two sons, LeRoy and Bryant survive him.

Moye P. Taylor was one of the leading citizens of the Poplar Point section. He had served as Justice of the Peace school committeeman and in fact he did much of the work of the community that has to be done by some one and for which there is no compensation and seldom any thanks.

The funeral services were held yesterday at the residence with Elder B. S. Cowing of Bear Grass officiating and the interment was made in the Taylor cemetery. A large crowd of friends were in attendance.

MODERN FAIRY GOLD IS

Pays To Observe Clay-bed, (And Sand

The Manufacturers' Record published what was in modern fairy story of discovery of great mineral Florida sands near the Ponce de Leon landed in his search for the fabled Youth.

Backman and Pritchard happened to be men who knew. One was an expert graduate of Harvard who had specialized in chemistry and engineering.

Backman and Pritchard found in the Florida sands came largely, it is thought, from North Carolina hills, in which more of them remains.

It will be noted however, that these two men were equipped to know a clue as well as to follow one; they acted vigorously and independently on positive evidence.

More Event In The History of Martin County

The Armour and Company issue of the local press is a most interesting one. It is a story of the local fire department and the work they do.

The whole trend of the tract is to tell how good they are. Of course when we hear a man say that the local fire department is doing a good job, we are all for it.
