FRIDAY, MARCH 28, 1924.

That which serves all the people should be paid for by all the people. That which is poid for by all the peo-

These are self-evident truths. We acby them when we build a Panama of natural beauty as a public park give land to a transcont nental rail road, establish and run an Army ana Navy, and conduct a Potsal System maintain a Navy to protect New York and other seaccast cities. The people battleship during their entire lives There is no valid objection to this because everyone realizes that the cap ture or ruin of the seccoast cities

The same principle holds in the construction of a national system of gooroas. The whole Nation will benefit vastly from good roads-in increaseprosperity, better education, and de velopment of natural resources.

The money spent on rivers is a only a small fraction of the traffic along our improved highways, and its benefits are proportionately small.

utility for all the epople, should b left to different groups of people to develop, when Postal Service, Army Navy, and the projected superpower system are admitted to be nationa!

POSTAL SYSTEM ENJOYS REMARK-ABLE GROWTH

The World's greatest public organ zation is the American Post Office We can think of nothing that concern so near all the people every day a the postal system. It happens to b politics does not affect. You get ac composited when the administration is Democratic an you get it when it i-
