**Health is Wealth**

Health is one of the greatest things your family can possess. It brings happiness and success. But health must be safe-guarded by good wholesome foods that are prepared from the purest ingredients. This is especially true of bakings. If they are not properly raised, we all know that they are not easily digested. Many times when self-rising flour is used in place of good plain flour and dependable baking powder—the results are flat, soggy and heavy foods.

Don't take chances! Use a reliable brand of baking powder and plain flour. Then you will be sure of healthful bakings that are easily digested.

Remember, science has never found anything to take the place of the tried and tested method of using plain flour and good baking powder in preparing bakings. Millions of housewives now know by actual experience that many preparations that are claimed to take their place are worthless and dangerous to health because they fail to leaven. There is no comparison.

Calumet, the Economy Baking Powder, is known to be one sure and positive aid to successful bakings that are always pure, sweet and wholesome.

That's the reason its sales are 2½ times as much as any other brand.

**Change of Life**

"When change of life began on me," says Mrs. Lewis Lisher, of Lamar, Mo., "I suffered so with womanly weakness. I suffered a great deal of pain in my back and sides. My limbs would cramp. I didn't feel like doing my work, and there are so many steps for a woman to take on a farm. I was very anxious to get better. A friend recommended

**CARDUI**

to me and I began using it. I certainly improved. I went through change of life without any trouble. I can highly recommend Cardui."

At the age of about 40 to 50 every woman has to pass through a critical time, which is called the Change of Life. At this time, great changes take place in her system, causing various painful and disagreeable symptoms.

If you are approaching this period, or are already suffering from any of its troubles or symptoms, take Cardui. It should help you, as it has helped others.
