# WINTER WAS MAD

Old Winter had to pack his clothes,  
And hie to other shores,  
It made him mighty mad, they say,  
For his icy breath still roars.

Just for spite, he made it snow,  
And the buds crept back in fear,  
And wrapped their tender hearts again,  
To wait till Spring is here.

But "some sweet day" is coming sure,  
When buds and blossoms, birds and bees  
will fill the air with sweets and song,  
And instead the icy wind, a pleasant breeze

NO NEED TO WAIT FOR "SOME SWEET DAY" TO GET YOUR SPRING OUTFIT. WHETHER THE WIND BLOWS OR THE SNOWFLAKES FALL, THE WOMAN AND MAN "WHO CARE" CAN BECOME A MODEL IN THE FASHION REVUE AT

Did you ever notice, asks Hugh B. that the man who yells loudest for free speech generally wants to do all the talking himself.

At last we have an "upper class" in America. Millions of our best people are now on their uppers.

# ANNOUNCEMENT

TO THE DEMOCRATIC VOTERS OF THE FIRST CONGRESSIONAL DISTRICT OF NORTH CAROLINA:

I hereby announce my candidacy for Congress in the Primary to be held on June 7th.

Having served in both branches of the General Assembly of North Carolina and being deeply interested and closely allied with the farming and business interests of Eastern North Carolina, I feel that I am in a measure qualified to fill this important position, agreeably to the wishes of the greater number of our people.

I believe it is in keeping with the principles of true Democracy that from time to time the legislative branches of our government should be filled by men who are not members of the legal profession. I do not believe any lawyer could or would accuse me of being unfair in saying this, as no one but lawyers have represented this District in Congress for a generation.

I served as Chairman of the Democratic Executive Committee of Chowan County for several years and believe in the principles of the Democratic Party, as demonstrated in its activities of progress in the State for the past twenty-five years, and in the nation from 1912 to 1920.

I believe in economy of government. I believe in a change in our banking law by which the directors of the Federal Reserve Bank could not arbitrarily raise the interest rate to tear down prices, especially of farm produce, as was the case in 1921.

If nominated and elected I shall endeavor to give you clean and faithful service.
