**DICTURE** to yourself the broad and sandy valley of the Euphrates. Winding its way through the dreary and trackless reaches of this heat-drenched country, picture a caravan-camel after camel laden with bales of beautiful oriental rugs. Looming through the dust-laden atmosphere of the horizon are the gilded minarets and towers of Bagdad -that age-old capital of an ancient world of commerce.

The caravan reaches Bagdad and its precious treasures are soon distributed among the stalls of the market-places. Two thousand years have wrought little change in these market-places. But the buyers have changed. They come now from the four corners of the world.

If you are a lover of beautiful rugs, you would love to revel in the exquisite displays in these oriental bazaars. You can't, of course. It is too far away. But among the buyers there is a representative of Miller & Rhoads. He is your representative. With the eye of an expert he appraises and buys at prices you could not approach.
