OWL-LAFFS

O. W. L.
(On With Laughter)

Observation of Capt. Thomas I kin remember when all the doctors prescribed calomel instead of whisky for what ailed you.

Ed Gurkin says the most cutting remark I ever heard came from a man with a hatchet face.

A man seldom becomes a conservative until he reaches the point where he can't negotiate an upper berth without a ladder.

We have about reached the limit when propaganda is required to put over a tax reduction.

The reason why so many sons turn out bad is because they are chips off the old block-heads.

A hick town is one where a loafer is a mere loafer instead of a runn-man.

The worst trouble about a pair of dreamy eyes is that you don't know what they are dreaming about.

It's nice to have the children at home for the holidays. One gets to spend three or four minutes with them.

A Cincinnati man eloped in the dark with his own wife by mistake and the court has not found out yet what happened to the other couple.

There is only one way to manage a wife after all, and that is her way. The up to date woman is all touch and go—touch her husband, and go shopping.

Mrs. T. B. Brandon who has been visiting friends in Snow Hill returned Sunday.

Mrs. John A. Ward and Mrs. Sam Getsinger spent Sunday in Rocky Mount visiting Mrs. Durward Gurganus who is ill in a hospital there.

Miss Sarah Harrell is expected to arrive tomorrow from Spartanburg, South Carolina, where she has been attending Converse college.

Miss Frances Thomas will leave tomorrow for Richmond, Va. Miss Thomas was a member of the school faculty this past season.

TO MAKE EVERY COMMUNITY AS CLEAN AS ITS CLEANEST HOME

In this campaign all classes of people learn how to work and play together. Chronic knockers are led into the ranks of the loyal and useful boosters. The streets and alleys are cleaned up, repaired, and thereafter kept in good condition. It removes the accumulations of waste and rubbish, thereby eliminating the most common cause of destructive fires. Fire traps are razed, and often replaced by modern buildings. Lots are mowed cleaned up and converted into playgrounds or thrift gardens, thus preventing their return to disorderliness. They are cleaned up and beautified. Stone and brick work is sand blasted. Landscaping is renewed. Shrubbery is trimmed. Trees are planted. Lawns are mowed and raked. Backyards are cleaned up. Homes are thoroughly cleaned inside and out, from cellar to garrot, after which they are dedicated to continued cleanliness and better living conditions by the ministrations of the painter and decorator. Thus the living conditions of all classes of people are improved. Every possible breeding place for disease is rooted up and destroyed. Mosquitoes, flies, rats, roaches and other pests are practically obliterated. This campaign saves human lives.
