TO MAKE EVERY COMMUNITY AS CLEAN AS ITS CLEANEST HOME

In this campaign all classes of people learn how to work and play together. Chronic knockers are led into the ranks of the loyal and useful boosters. The streets and alleys are cleaned up, repaired, and thereafter kept in good condition. It removes the accumulations of waste and rubbish, thereby eliminating the most common cause of destructive fires. Fire traps are razed, and often replaced by modern buildings. Lots are mowed cleaned up and converted into playgrounds or thrift gardens, thus preventing their return to disorderliness. They are cleaned up and beautified. Stone and brick work is sand blasted. Landscaping is renewed. Shrubbery is trimmed. Trees are planted. Lawns are mowed and raked. Backyards are cleaned up. Homes are thoroughly cleaned inside and out, from cellar to garret, after which they are dedicated to continued cleanliness and better living conditions by the ministrations of the painter and decorator. Thus the living conditions of all classes of people are improved. Every possible breeding place for disease is rooted up and destroyed. Mosquitoes, flies, rats, roaches and other pests are practically obliterated. This campaign saves human lives.
