

JOHN GOLDEN SCORES BIG SUCCESS IN PRODUCTION OF "SEVENTH HEAVEN"

At New Theatre, Washington, Next Tuesday Night, November 7th.

John Golden's production of the most noteworthy plays of the year, "Seventh Heaven", a play enormously successful financially and artistically, has centered the attraction of the theatre world upon him as the one producer above all others with an absolutely uncanny ability at picking winners, will appear at the New Theatre, Washington, Tuesday night, November 7th.

So continuous has been John Golden's success since his advent as a producer eight years ago with the biggest success of the day, "Turn of the Mind" that along Broadway they have coined the phrase of "Golden Luck". Those who know him, however, realize Golden's success has not been a matter of luck but of work—work and of an almost instinctive knowledge of what the public wants combined with a consistent refusal to produce anything unclean or salacious in line or situation.

His latest success "Seventh Heaven" is the crowning evidence of his ability to pick a winner. It is a play of life among the Parisian lowly, a drama of love and thrills. But man after man to whom he showed it in the beginning refused to have a hand in the production. With one accord, they declared they simply couldn't "see it", and it is no secret along Broadway that those who turned down a chance to have a hand in the biggest success of the season number many who are among the leaders of the theatrical world.

This leads, perhaps, to the secret of John Golden's success—that is, faith. When he has faith in a play, he disregards all warnings, shuts out all other considerations, and works until the end desired is accomplished, works with singleness of purpose never equalled.

HAIRDRESSERS PRAY FOR HELP

Three hundred Japanese women, hair dresses by trade, are imploring the many gods of Japan to intercede and prevent women from bobbing their hair in the American fashion. Taking advantage of a national holiday the women went to a famous shrine near Tokyo and solemnly asked the gods to blast the American bobbing custom which would "cause deterioration of the national spirit"—and, incidentally, ruin their business.

PLAN FOR MARKING BABIES

A new system of marking babies in the maternity ward of Johns Hopkins hospital has been proposed. Hitherto the babies have been marked by having them wear band necklaces containing their names. By the new method the babies will be marked on their backs with some kind of harmless ink which will not wash off and which will last for several weeks.

UNIVERSITY PRESIDENTS FOR DAVIS

A very significant fact is the number of University Presidents who were formerly Republicans, that have announced their intention of voting for John W. Davis. Among them are President Hibben of Princeton; Chas. W. Eliott, President Emeritus of Harvard; Harry R. Garfield, a son of former President Garfield, President of Williams College, and Dr. McCracken, President of Vassar College. Dr. McCracken has fired a very heavy shot at Mr. Coolidge, in a recent letter. He says, "I shall work for Davis, because I prefer a man to a myth. I know something about Davis. I know he is the leading lawyer of the American Bar. I know his opinion on every great issue. His record is an open

book. He is a man of utter integrity. I trust him."

"I know nothing about Coolidge. He is a myth. Secrecy surrounds him. I can't find out the truth about his record as Governor. I don't even know whether he wrote the magazine articles he signed when he was vice-President. What else he did as Vice-President I don't know. He sat at Cabinet meetings with Fall and Denby and Daugherty, and could see no reason for change when he came to select his own Cabinet. He is an edited man. He was put together in a publicity office and he will be plausible just as long as he can find some one to tell him what to think."

Thus far—the great Roanoke Fair of 1924, the Radcliffe Chautauqua, the Sunday School Convention, all to be capped off with the election next Tuesday. And they all cost something except the S. S. convention.

With these in process and partly over, we just as well call to your attention "Turkey" Day and Santa Claus.
