ATE TOO FAST

South Carolinian Took Black-Draught For Indigestion, and Says He Could Soon Eat Anything.

Ballentine S. C.—Mr. W. B. Bouknight, of this place, gave the following account of his use of Theford's Black-Draught.

"Just after I married I had indigestion. Working out, I got in the habit of eating fast, for which I soon paid by having a tight, bloated feeling after meals. This made me very uncomfortable. I would feel stupid and drowsy, didn't feel like working. I was told it was indigestion. Some one recommended Black-Draught and I took it after meals. I soon could eat anything any time.

"I use it for colds and biliousness and it will knock out a cold and carry away the bile better and quicker than any liver medicine I have ever found."

Eating too fast, too much, or faulty chewing of your food, often causes discomfort after meals. A pinch of Black-Draught, washed down with a swallow of water, will help to bring prompt relief. Bloating sensations, eructations, bad breath and other common symptoms of indigestion have disappeared after Black-Draught has been taken for several days.

"THE BANK WITH THE CHIMES"

THE AMERICAN CONSTITUTION A LA CARTE

Order Any Amendment You Want

THEY are trying to pass an amendment to keep children from working. Now children didn't want to work, but they got tired waiting for somebody else to do it. If they would just put through an amendment to MAKE grown people all work, there would be no need to have this children one. Grown people stopped working without an Amendment or even a reason, so it will take more than an Amendment to start them. It will take a Miracle.

They are going to pass another Prohibition Amendment, somebody mislaid the rules of the other one. The 19th amendment made Women vote, some amendments make us do something and some keep us from it. No. 21 will give men with Knee Breeches the vote. About the 25th Amendment will prohibit smoking and when they do, 'Bull' Durham will bootleg for a dollar a sack. (I knew I would get that Ad worked in there somewhere.)
