

# NOTICE--NOTICE

Having always gladly extended credit to our good friends and customers, and finding it so difficult to make any collections with the existing financial conditions—much to our regret and sorrow—we find it necessary to go on a strictly cash basis on and after April 1st.

We have the best gas and the best service that you can get anywhere, and we believe that you would rather pay us cash than to see us close. So if you will help us by paying cash, we can continue our business; and if we don't give you service and the best service you can get, please don't tell others—tell us. And if you get good service, please pass a good word on. We can also save you money by buying a ticket. Come in and get one and see how much you can save.

We would greatly appreciate the continued patronage of our friends. If we do not give service, we do not ask for your business; but if we have always served you satisfactorily in every respect we ask that you stick to us, just as we did to you when everything was going good, and we could charge you with anything else we had to sell.

Hoping for your hearty cooperation and thanking you one and all,

We are,

Yours for service,

**HIWAY FILLING  
STATION
