

RELEASE ALLEGED MOB MEMBERS UNDER BOND

Special Term Criminal Court Ordered by Governor to Convene In May

Total of Eighteen Arrests Made; All Released Except Five; Bonds Vary From Five to Twenty Thousand Each

Sparrows, Father and Son, Still Being Held in Tarboro Jail

CASE QUIETS DOWN

The Needleman case, which has claimed the entire attention of all our people for nearly two weeks, seems to have reached a quieter stage now than at any time since it happened.

Up to now 18 arrests have been made, as follows:

F. W. Sparrow, Jr., F. W. Sparrow, Sr., and Cairo Heath, of Winston, are now out under a \$5,000 bond. It is understood that F. W. Sparrow, Jr., will be let out when he furnishes a \$20,000 bond, and his father, F. W. Sparrow, Sr., will have to furnish a \$10,000 bond.

E. C. Stone, John A. Griffin, John Gurkin, Albert Gurkin, Albert Griffin, and John Gray Corey have all furnished bond in the sum of \$6,000 each, and have been released.

L. A. Croom, Lester Edmondson, Edgar Johnson, and Sherwood Roberson also have each furnished bond in the sum of \$5,000, and have been released.

Tom Harrell was only required to furnish a \$2,000 bond, upon which he was also released.

H. D. Griffin was required to give bond in the sum of \$20,000, and Roy Gray and Julian Bullock each were required to furnish \$10,000 bonds, none of which have yet been given.

About two-thirds of those who were engaged in the affair have told in detail just what part they took in the affair.

It is apparent that the real leaders will have to face the matter squarely and may expect the law to bear heavily upon them. Some who were led to believe that only a whipping was to be administered and withdrew when they found this was not the intention of the leaders, and still others who followed the crowd for a while begging that they desist from carrying out such a program, may expect more mercy than the leaders.

It is understood that there are still a few who are implicated that have not been arrested, but will be in the next day or two. The confession of those who have been arrested and are in custody have given the names of all in any way connected with the unfortunate affair, and warrants for every one of them have been or will be made in a short time.

BLOW ON HEAD PROVES FATAL

Negro Dies Tuesday As Result of Blow Received at Night at Construction Camp Sunday

Tuesday night, about 3 o'clock, Fred Jeter, a colored man, then in the Neel-Tee Construction Co. camp, which is now located about four miles on the other side of Jamesville on the Plymouth road. Death was a result of an injury received in a fight that occurred between Jeter and another negro, Willie Holloway, on Sunday.

All during the day the men had been having words, and late in the afternoon Holloway, after insisting that Jeter let him alone, which he would not do, seized a stick lying nearby, knocked Jeter down and hit him once more after he was down.

Jeter was able to get up Monday and stayed up all that day and Tuesday, dying suddenly Tuesday night.

Doctor Warren was called by the coroner to examine the body, and he found that immediate death came as a result of a blood-clot on the brain. The blow of the stick had caused a slight fracture of the skull, where the blood gathered.

Coroner Edwards, thinking an inquest unnecessary and a needless expense to the county, did not hold one.

Both Jeter and Holloway are South Carolina darkeys, and both were quiet and industrious men. Jeter's body will be sent to the State anatomical laboratory unless it is claimed shortly. Locals attempts have been made to locate relatives.

Early Wednesday morning Holloway was seen running across a field near the camp, bent upon making his escape. The sheriff was notified and the man was caught in a short while. He is now being held in the county jail for the June term of court.

DENIES TRYING TO POISON SONS

Former Martin County Woman Is Reported to Have Been Taught by Rev. Leavitt

Worcester, Mass., April 10.—Deprived of her two children as the result of action taken by the Worcester branch of the Massachusetts Society for the Prevention of Cruelty to Children, Mrs. Josephine L. Leavitt, formerly Mrs. Josephine L. Leavitt, of Martin County, N. C., today stoutly denied the stories told by her two boys, Lee Oliver Johnson, 12, and Harold Haines Johnson, 14, which made it appear to the officials of the society that the mother had attempted to poison the lads.

Pending the outcome of the sensational stories told by the boys, probate court placed both of the lads in the custody of the society under a temporary guardianship.

A hearing is scheduled for Thursday in probate court. The stories which the Massachusetts society says the boys have related charged abuse by the mother and forcing upon them of white powders which when analyzed proved to be quinine sulphate, which is believed by the officials to be responsible for the weakened condition in which the children are said to be.

Leavitt is living in a tenement house in Worcester. The mother's mother-in-law, the source of the quinine, declared the mother this morning. The source are the products of unbalanced minds, for their father, my first husband, was not mentally perfect and was considered the biggest story teller in Martin County, N. C., where we lived after our marriage.

Following a complaint to the officials of the society, an investigation was made by the North Carolina Board of Charity and Public Welfare, which brought the information that the mother had married when nineteen in 1914, when Egg Oliver, four 14 months and Harold still unborn, she killed her husband, it is stated. She and her brother-in-law, Archie Johnson, were both sentenced to 10 years in the State prison.

Mrs. Johnson was released after seven years for good behavior, Archie Johnson being discharged only a few months ago.

Both boys had been in the care of the Falcon Orphanage at Falcon, N. C., until last fall, when Mrs. Johnson brought them to Worcester to be adopted by her second husband, whom she married in 1923.
