**BILIOUSNESS**  
**Retired Minister Tells How He Keeps in Good Form With the Assistance of Black-Draught.**

West Graham, Va.—The Rev. Lewis Evans, a well-known retired minister, now past 80, living here, has a high opinion of Black-Draught, which he says he has taken when needed, for 25 years. "For years I had been suffering with my liver," he says. "Sometimes the pain would be very intense and my back would hurt all the time. Black-Draught was the first thing I found that would give me any relief. My liver has always been sluggish. Sometimes it gives me a lot of trouble. I have suffered a lot with it—pains in my side and back, and had headache, caused from extreme biliousness. After I found Black-Draught, I would begin to take it as soon as I felt a spell coming on and it relieved the cause at once. I can recommend it to anybody suffering from liver trouble. A dose or two now and then keeps me in good form." Made from selected medicinal roots and herbs, and containing no dangerous mineral drugs, Black-Draught is nature's own remedy for a tired, lazy liver. NC-166

# MAKE NO MISTAKE

Getting on the map in a big way is the rightful ambition of every town, but getting there is a job not finished in a day, week, month, or year. It is achieved only by the consistent effort of a town's citizens. In proportion to such collective effort does the town establish for itself a reputation of progressiveness. Its stores are better stores; its civic life is more entertaining and happier.

Make no mistake that it is someone else's job to accomplish those things right here in Williamston. It is your job, as it is every loyal citizen's job, day in and day out, in every thought and act. Read this message now—then resolve to add your mite to the program which will make Williamston a bigger and better town. If we all do this Williamston will grow; jobs will be more plentiful; wages will be higher; we will all be more prosperous; we will have better homes, and we will be happier.

Boost Williamston at every opportunity. Call attention to the good things in Williamston. Beat down subtle propaganda which in anyway would hold up to ridicule or belittle our town. Even amongst our own townfolks we should not let the habit grow of failing to appreciate the present development and growth of our town. If you live in Williamston and make your living in Williamston, then Williamston is entitled to your whole-hearted support.

Trade in Williamston. The quickest way to a bigger and better Williamston is through the growth and development of its commercial organizations. To be able to offer you bigger stocks of merchandise, merchants must have your trade. They can not hire more help nor can they put more money into circulation with new improvements and new buildings if their stores are to be used only as emergency shops. Think this over.
