

**JOHN GURKIN  
FIRST WITNESS**

(Continued from page one)  
it did, until he found that 28 had been arrested.

Gurkin also said on cross examination that he made his confession to the solicitor in Lindsay Warren's office, that Mr. Bonner took his statement, and that he signed it at his home.

On redirect examination the witness stated that he saw Clara Heath, both of the Sparrows, and Dennis Griffin, none of them being masked. He said he had known Heath for about two years and that he had seen Mr. F. W. Sparrow, sr., only twice before the night in question. He first saw him about a week before in Kinston and talked with him for about five minutes. After answering these questions for the State he was allowed to leave the stand.

**Dr. Tayloe Testifies**

Dr. David T. Tayloe, sr., of Washington, was the second witness called. He stated that he was called by Dr. Warren over the telephone on the morning of March 29, who stated to him that he had a patient who had been mutilated and was apparently bleeding to death. Doctor Tayloe said he came to Williamston about 5 o'clock in the morning to Needleman, found his vitality low and also found it necessary to open up the abdomen and he and Dr. D. T. Tayloe, jr., operated on him by making an incision on each side of the abdomen, which succeeded in stopping the blood.

About three hours later Needleman was taken to the Washington Hospital, where he has been under treatment since. Doctor Tayloe said that Needleman is still in a nervous and weak condition.

This concluded his testimony, after which court recessed until Thursday morning.

**GOVERNOR TALKS  
ON EDUCATION**

(Continued from page one)  
schools is the only method that can be used."

The governor concluded his discourse by expressing great confidence that he had in North Carolina, because the people possess enduring qualities. The people are religious; churches and preachers have influence, and they lend a great help to the prosperity of any people.

**Judge Faville Says a Few Words**

Judge F. F. Faville, a celebrated jurist of Iowa, was asked to make a short address to the assembly. He stated that he had come to Oak City to hear the constructive policies as set forth by North Carolina's governor, because the problems of his own State were similar to ours.

Of a Western State himself, he said that he was interested in North Carolina, a leading Southern State, because unless the West and South

work in harmony all is lost. Touching on the subject of education, Judge Faville said that the greatest thing accomplished in any school was to instill an idea of high citizenship in the child's mind.

**Graduates Receive Diplomas**

Superintendent R. A. Pope then presented the diplomas to the graduating class, composed of eight members, as follows:

Misses Virginia Hines, Beatrice Whitfield, Annie Mae Davy, Irene Bellamy, Myrtle Everett, and Martha Roebuck, and Messrs. Wheeler Daniels and Livingstone Harrell.

The exercises were followed by a big barbecue dinner to the distinguished guests, an account of which will appear in the next issue of the Enterprise.

**MAKE NO MISTAKE**

Getting on the map in a big way is the rightful ambition of every town, but getting there is a job not finished in a day, week, month, or year. It is achieved only by the consistent effort of a town's citizens. In proportion to such collective effort does the town establish for itself a reputation of progressiveness. Its stores are better stores; its civic life is more entertaining and happier.

Make no mistake that it is someone else's job to accomplish those things right here in Williamston. It is your job, as it is every loyal citizen's job, day in and day out, in every thought and act. Read this message now—then resolve to add your mite to the program which will make Williamston a bigger and better town. If we all do this Williamston will grow; jobs will be more plentiful; wages will be higher; we will all be more prosperous; we will have better homes, and we will be happier.

Boost Williamston at every opportunity. Call attention to the good things in Williamston. Beat down subtle propaganda which in anyway would hold up to ridicule or belittle our town. Even amongst our own townfolks we should not let the habit grow of failing to appreciate the present development and growth of our town. If you live in Williamston and make your living in Williamston, then Williamston is entitled to your whole-hearted support.

Trade in Williamston. The quickest way to a bigger and better Williamston is through the growth and development of its commercial organizations. To be able to offer you bigger stocks of merchandise, merchants must have your trade. They can not hire more help nor can they put more money into circulation with new improvements and new buildings if their stores are to be used only as emergency shops. Think this over.

**Every New Straw Shape**

**STIFF  
STRAWS**

**SOFT
