OKEECHOBEE AND CATFISH. WHERE CONORRS GETS RICH. FALSE ECONOMY. LUCKY JAPANESE BABY.

OKEECHOBEE CITY is the newest Florida city. Two years ago men were there catching a few catfish. Now it is a boom town, thanks to S. Davies Warfield, president of the Seaboard Air Line, who ran his new straight-as-an-arrow railroad across Florida to Palm Beach with a station at this point. Now Lake Okeechobee yields one million dollars worth of catfish a year, most of it shipped to Kansas City and St. Louis, where catfish are appreciated as they should be. Tourists come honking by the thousands and W. J. Connors, who owns the Buffalo Courier and most of the land around here, is getting richer than ever.

You will be interested in this latest boom laid even out of season. It is the poor young Seminole Indian boy buried beside the railroad track and in O. P. Jamerson the ferryman leaving Florida with his two sons for Columbia, South America, because land here is too dear.

When you come to Florida take the Seaboard Air Line, save time and see the western part of Florida as well as the north and south and the east coast. Travel over the high backbone of the peninsula, which travelers usually miss, with its wonderful lake region. Also you save many miles by the airline road and help to justify the optimistic courses of Mr. Warfield, who has rendered the greatest possible service to this state.

Merchants and others complain that Mr. Coolidge's preaching and

more, instead of buying a new one, nobody else will buy a new one."

Everybody knows that prosperity for all classes depends on CIRCULATION of money. If nature decided to save up water and keep it all in the ocean, instead of scattering it around in rain, crops wouldn't be good. Money spent is to business what rain is to crops.

One angry merchant suggests: "To set an example in economy the best plan is not to have an old straw hat reblocked and advertise that. It would be better to lay up the Mayflower, the expensive pleasure boat such as neither Washington nor Lincoln ever had, and save enough on coal to buy 100,000 new straw hats."

President Coolidge does not recommend foolish economy, but wise economy. As for the Mayflower, the country is rich enough to let the President enjoy the fresh air, and is glad to give him whatever he can wisely use. As regards spending, the wise man's plan is to buy what he needs when he needs it, remembering that a good appearance is a wise investment, and that there is nothing more costly than FALSE ECONOMY.

Japan's Prince Regent, Hiro Hito, tells the empire that his wife expects an heir. The Princess cancels all engagements. She will devote her time, before and after, to that new little "son—or daughter—of Heaven," and will think herself well rewarded for all her care when the baby smiles at her. No one will persuade her that "in justice to your own health, and looks, my dear, you must not nurse a child. The one reason why the Japanese get so well, when they do, is that the Japanese spirit is not born in childhood.

In Japan if you raise your hand to a little child, frowning, and threatening, the child will laugh, but when you strike a child, he will cry, and you will be sorry. The Japanese spirit is not born in childhood.

The President hopes, and is determined, to cut \$300,000,000 more off the nation's tax bill. That comforts the "better element." At present, our very best element feels toward the tax gatherer as the

The BULLS EYE
Editor and General Manager WILL ROGERS

Another 'Bull' Durham advertisement by Will Rogers, Zigfeld Folias and screen star, and leading American humorist. More coming. Watch for them.

EVERYWHERE you go every body is figuring out a Cross Word Puzzle. Nobody is working or even exercising. America will lose the next War but win the next Puzzle Contest. It's the greatest craze that hit this country since Prohibition. People say to me, "Why Will, you don't understand, it is an Education, it learns you more ways to say one word." If you know one way to say a word, what do you need to know any more for? Nobody is going to give you anything for nothing, I don't care how many ways you ask for it. Our nation has never been short on words. We might lack ideas sometime but never words. This puzzle has done one thing, it has learned us which is Horizontal and which is Vertical. But a Cross Word Puzzle is not new. Railroad Time Tables have been out for years. Smoke 'Bull' Durham while working one, that is, if you want to, if you don't, why smoke wherever you want to.

Will Rogers
P. S. I'm going to write some more pieces that will appear in this paper. Keep looking for them.

SIXTY-FIVE YEARS AGO!
In 1860 a blend of tobacco was born—'Bull' Durham. On quality alone it has won recognition wherever tobacco is known. It still offers the public this more flavor, more enjoyment and a lot more money left at the end of a week's smoking.

Lay Roofs that won't Rot or Rust

Leaky roofs are a big trial. Every rain means worry about hard won crops and expensive implements. Then, too, there is the frequent trouble and expense of patching.

Our advice is—replace your worn-out old roofs with Barrett Roll Roofings. Rugged and durable—they insure lasting weather-tight protection—give that well-kept look to barn, shed, garage or chicken house. Soundly economical, they're easy and inexpensive to lay—never rot or rust—never need painting.

Finally, Barrett Roll Roofings are fire-safe—proof against flying sparks and embers. Call at this store and let us show you the different types of Barrett Roofing—Roll and Shingles. You'll find the prices surprisingly reasonable.

Porch Swings

Get Yours Early

Daytime or evening a comfortable swing is the rest spot for every member of the family. Put one on your porch or in your yard and see how quickly it becomes family headquarters for "homey" hours. In wood or steel frames, with spring bottoms, upholstered and in many bright canvas summer colors. See them. Try them.
