is much more soluble than other brands on account of the gypsum used as raw material. Anhydrite, an allied mineral, very much less soluble than gypsum, is often ground for land plaster, but every soil chemist and every practical farmer knows

The Importance of Solubility in Fertilizer
You pay three times as much for acid phosphate as you do for raw rock phosphate. Why? Because it goes into solution in the soil more freely. For the same reason

BUY SOUTHERN LAND PLASTER
The superior results secured from Southern Land Plaster, tested repeatedly side by side with other brands, shows the importance of solubility.

BILIOUSNESS
Retired Minister Tells How He Keeps in Good Form With the Assistance of Black-Draught.

West Graham, Va.—The Rev. Lewis Evans, a well-known retired minister, now past 50, living here, has a high opinion of Black-Draught, which he says he has taken when needed, for 25 years. "For years I had been suffering with my liver," he says. "Sometimes the pain would be very intense and my back would hurt all the time. Black-Draught was the first thing I found that would give me any relief."
"My liver has always been sluggish. Sometimes it gives me a lot of trouble. I have suffered a lot with it—pains in my side and back, and bad headache, caused from extreme biliousness."
"After I found Black-Draught, I would begin to take it as soon as I felt a spell coming on and it relieved the cause at once. I can recommend it to anybody suffering from liver trouble. A dose or two now and then keeps me in good form."
Made from selected medicinal roots and herbs, and containing no dangerous mineral drugs, Black-Draught is nature's own remedy for a tired, lazy liver. NC-166

A Word About Roofs—

We've shown a number of people in this neighborhood how easy it is to make their homes more attractive with colorful, artistic roofs.

Barrett Shingles, with their weather-surface of everlasting slate in dark red, moss green or blue-black, are handsome and economical. Moreover, they're rot-proof and rust-proof—never need painting or staining. Fire-safe, too—proof against sparks or burning embers.

Barrett ROOFINGS

In our many years of experience we've never yet seen a Barrett Roof that didn't give its owners complete satisfaction.

Come in and see the different types of Barrett Roofings—a type suitable for your home, your farm or your factory.
