WILL ROGERS

Another "Bull" Durham advertisement by Will Rogers, Ziegfeld Follies and screen star, and leading American humorist. More coming. Watch for them.

What Good Does It Do You to Know Something?

Advertisements in all Papers and Magazines are all trying to appeal to the intelligent. Now this one is for the great majority. Reliable authority in fact it was the Draft Boards during the War, figured out that the intelligence of the average Adult of this Country was that of a 13 year old Child. (Now that is giving us the best of it because a 13 year old Child is about the smartest thing we have in this Country), but the 13 year old Child they referred to was one who had been raised on the milk of human Kindness (which is mostly Water) and weaned on a Hard Boiled Egg. You know the smarter the Man the more dissatisfied he is, so cheer up, let us be happy in our ignorance. What do we care how little we know if we get what we want? "Bull" Durham needs no Literacy Test, it is with minority in quality, and with the majority in usage.

Will Rogers

P. S. This last sentence is all that saved the add.

P. P. S. There will be another piece here two weeks from now. Look for it.

SIXTY-FIVE YEARS AGO!

In 1860 a blend of tobacco was born—"Bull" Durham. On quality alone it has won recognition wherever tobacco is known. It still offers the public this—more flavor, more enjoyment and a lot more money left at the end of a week's smoking.

Ford

Easy to handle In the press of traffic, the driver of a Ford experiences little strain and effort.

He finds that its simplified control and quick get-away enable him to thread the crowded thoroughfares with an ease that only a Ford can give.

He finds that the problem of parking, which proves so serious in a large city, is of little consequence to him because of the simplicity with which a Ford may be maneuvered back and forth into a very small space.

Many owners of larger cars use a Ford for daily city driving because of its easy control. Good will towards this car is increasing year after year because it has proved to be a sound motoring investment for everyone.
