Lumber and Building Materials

There are many homes, business houses and structures which year after year are proving our claim that the best economy is to use only first-grade lumber and building materials.

Our policy of best materials at lowest prices accounts for the growth of our business. If you are planning to build, we want to supply the lumber and materials. Our service to you includes plans of all kinds and a personal interest in the construction which you get only by buying at home. Let's talk it over.

PAINTS

And Painting

Aside from the great improvement in appearance, painting is essential in preservation of your property.

GOOD PAINT—put on in the right way—is the finishing touch for that home, which will increase its value at least ten times over the cost of the paint and workmanship.

In Business Quarter of a Century

We have the paint, and we will contract the job, guaranteeing satisfaction in every respect. Pure oils and leads are the foundation of our guaranteed paint. For new homes or old homes. See us now. This is the ideal time of the year to paint.

PLUMBING

Do not build without giving thorough consideration to the convenience and comfort plumbing can give in that new home.

Let us show you ideal home equipment and make an estimate on the cost of the completed job.

It is much cheaper to have it as you will want it while construction work is in progress. Make your home modern with all new plumbing comforts, now that you are building. Our prices are very reasonable.
