Tennessee Takes the Cake in Publicity

Dayton takes the cake. We, to our sorrow, thought we had reached out and collected all the publicity possible. Our misfortune did not pass a single hamlet and reached even to the Old Country. Now Dayton outstrips us by a large margin. King

Klansmen Serve as Pallbearers

Isn't it strange how new things that have an odd nature happen? A funeral where Klansmen served as pallbearers for instance. There's nothing wrong in having members of this order to place your body to rest, in

The Trouble with Evolution

Just as we expected that some unusually smart fellow would come South to teach we poor mortals something, and the fellow happened to be Dr. Chas. Potter of New York, who said "people of the South don't know what evolution is."

Doubtless the most wise are willing to admit it. Some think it is a place where ignorance and bigotry meet. They may be right but why is Dr. Potter so sure that the South knows nothing about evolution. He will have

been invited Dr. Potter to preach in his pulpit Sunday and on Saturday a majority of his congregation called on him and ordered him not to allow Dr. Potter to enter the pulpit. Whereupon Byrd, who is recommended as a very fine man just quit his pulpit.

Here seems to lie the great trouble with evolution. It sets neighbor against neighbor and brother against brother.

God sent prophets, His Son and Apostles to teach men. Of course we can only comprehend a few of the mysteries of the great creation. But must we learn more from a company of men calling themselves scientists, whose principal business seems to be to collect riches and discover things to kill men more easily? It will be wonderful if we shall have a new dispensation ushered in upon us by a bunch of fellows, and who knows but that Dr. Potter will be the chief corner of this great dispensation.

We better learn more of the simple things of life and leave off the mysteries until we can view them face to face.

Lady Says She Took Cardui and Never Saw Such Improvement—Was So Weak Couldn't Stand.

Wentersby, Miss.—Mrs. James M. Hall, of this place, writes that she was "getting weaker all the time" when Cardui, the woman's tonic, was first brought to her attention. After she had taken Cardui a while, she writes that she "never did see such an improvement."
"I suffered all the time and had pains all over," says Mrs. Hall. "I was so weak I could not stand. My skin was cold and flabby. I did not have any color. I had always been a very active woman—used to outdoor exercise, walking and going where I pleased, and to get down, not able to get myself a drink, was indeed a hardship."
"Nothing seemed to help me, till I began on Cardui. The first bottle seemed to strengthen me, and I sent for five more. By the time I had taken these, I was on my feet, going around, doing my work, gained in health and strength."
"I took two more bottles, and I am well and strong. Can work my garden. I haven't had any more sickness."
