Cooperation Needed

In any undertaking, if it is to be a success, there will have to be cooperation. We are living in a group age and when one member of the group fails to cooperate the tendency is to destroy the work of the one who does cooperate. Manager Poe put the question plainly when he said that a manager did not make a fair, the manager's job was to book the free

An Address Not to be Ignored

The business men of our town, those who are interested in the welfare of the town, their homes, their business, should by all means attend the address of Professor Matherly next Thursday night. Mr. Matherly was reared on a farm, he knows the problems of an agricultural center, he

Do We Need A Woman's Club?

Many people believe the town should have an active Woman's Club, because many things come up that need the attention of the public. They do not now properly come before the town authorities nor before the churches for settlement.

If we could have a good Woman's Club where we could turn our individual complaints into actual cooperative friendly work, the community

The Workings of the Chamber of Commerce

"Everybody's business is nobody's business" is a great old saying and probably has some weight. But there is one instance that we know where this old saying is not in force. Follow us through the workings of the Williamston Chamber of Commerce and we will prove it to you. We will not mention all that the chamber of commerce has done, for that would be too much. One tobacco season not so long ago your chamber of commerce wrote every tobacco company, securing buyers for the market, and this one step alone has meant much to our town. For the past several seasons it has

A Kentucky journal suggests that a tax be levied on all Kentucky Colonels. Surely Kentucky doesn't need so much money as all that?

"WHAT FOOLS THESE MORTALS BE"

By A. B. CHAPIN

British novelist says Americans rush out don't get anywhere. Evidently he didn't visit our traffic courts. Nor did he inspect our hospitals on any Monday morning.

We learn from a scale association that 2,500,000 men in America are now wearing silk underwear, proving among other things that there's darn little privacy left in this country.

It isn't that marriage makes men meek, but that the meek men are easily caught.

Chicago girl says she will marry the man who pays her father's debts, but applicants had better find out who made the bids.

The national budget has its work cut out for it if it has to carry the load of a third-term candidacy.

This is the time of the year when the sight of bobbed-hair grandmas wearing knickers is the worst part of the tourist business.

Observe things as you travel along, because life is a one way street.

All work and no pay makes Jack a scarce article.

A thin slice of beauty was a ice-cream soda forever.

Health hint: Swat the flies until you run out of them.

How can you respect gray hairs when they are dyed black?

The objection to falling in love with an ankle is that an ankle knows so little about cooking.

One way to overcome being sensitive is to realize how unimportant you are.

My liver has always been sluggish. Sometimes it gives me a lot of trouble. I have suffered a lot with it—pains in my side and back, and bad headaches, caused from extreme biliousness.

Isn't it queer that an alienist's honest convictions always happen to agree with the side that employs him?

Just when the world was hoping to abolish war by abolishing the cause of war, along comes Admiral Fiske and says that women are the cause of war.

Bidders must deposit with the Treasurer before making their bids a certified check drawn to the order of the Treasurer upon an incorporated bank or trust company, or a sum of money for or in an amount equal to 2 per centum of the face amount of the bonds bid for, to secure the municipality against any loss resulting from the failure of the bidder to comply with the terms of his bid. Said bonds will be awarded to the highest bidder at not less than par, unless all bids are rejected.

BILIOUSNESS

Retired Minister Tells How He Keeps in Good Form With the Assistance of Black-Draught.

West Graham, Va.—The Rev. Lewis Evans, a well-known retired minister, now past 80, living here, has a high opinion of Black-Draught, which he says he has taken when needed, for 35 years.

"For years I had been suffering with my liver," he says. "Sometimes the pain would be very intense and my back would hurt all the time. Black-Draught was the first thing I found that would give me any relief."
