*The Better Buick is a Man-sized Motor Car*

People appreciate a smart-driving, easily-handled, but full-sized, man-sized car. The Better Buick, for instance.

Each Buick model seats its capacity of full-grown people—in relaxed ease—without cramped legs or necks. Tall people, especially, enjoy its extra head-room and leg-room.

American men and women are above the average stature. And a smaller car than Buick is apt to be tight-fitting, low-ceilinged, crowded!

Drop in and try the ample, arm-chair comfort of a car that is right in size. Bring some of your six-footer friends. You will find another big reason why Buick is so widely considered a better motor car—another reason why there are a million and more enthusiastic Buick owners.

Or telephone, and we will send a Better Buick to your home or office for you to try.
