THE PAINT-BRUSH FOLLY

The paint brush is regarded as one of the greatest follies of society belles.

Recent reports from high medical authorities say that paint such as is being used by most women and which is bought at any drug store is not only very harmful to the skin but tends to destroy the health of the body. It prevents the glands of the skin from performing their proper functions and giving the skin a glow of health and beauty that is not false. Apart from the injury it does it is one of the greatest frauds of the age. It hides beauty and covers age alike.

RIGHT OF PRIVATE OPINIONS HAS ITS LIMITATIONS

Private opinion is a universal right and is not denied any man. The trouble comes when individuals try to force private opinions on others.

Government is founded on private opinion, boiled down until the better parts only are used. No one man's private opinion would be a good criterion to found a constitution on.

Private opinion, too, is often nothing more than an expression of selfishness from the individual. Most of us think a little liquor is good for us but not for our neighbors. Lots of us say honesty is the best policy but within we do not support that policy.

Private opinion can not rule a church, regardless of how good it is. When it attempts the job, weakness will prevail.

Only a few men in all history have become great leaders, then not on account of their own private opinions, but upon an outgrowth of many opinions and experiences stretched out

over a long period of time. What we need is men and better private opinions working together for one common good.

CRIPPLING PAIN AMAZINGLY VANISHES

Astonishingly quick and complete is the relief that people feel from rheumatic pain just as soon as they use this simple treatment. "I was suffering with rheumatism and under the care of a doctor," writes H. B. Smith of 126 McAllister St., San Francisco, Calif. "Fortunately I heard of Sloan's Liniment and after using it for three or four days was fit and well."

How does Sloan's get these astonishing results? Because it does not just deaden the pain: it gets at the cause. Right to the aching spot it sends a healing tide of fresh, germ-destroying blood. No need to rub. The medicine itself does the work. At once you feel a warm glow of comfort—then relief. The swelling, stiffness and inflammation go down. The pain stops. Get a bottle today. All druggists—35 cents.

BILIOUS ATTACKS

From Which Kentucky Man Suffered Two or Three Times a Month, Relieved by Black-Draught.

Lawrenceburg, Ky.—Mr. J. P. Nevins, a local coal dealer and farmer, about two years ago learned of the value of Theford's Black-Draught liver medicine, and now he says: "Until then I suffered with severe bilious attacks that came on two or three times each month. I would get nauseated. I would have dizziness and couldn't work. "I would take pills until I was worn-out with them. I didn't seem to get relief. After taking the pills my bowels would act a couple or three times, then I would be very constipated. "A neighbor told me of Black-Draught and I began its use. I never have found so much relief as it gave me. I would not be without it for anything. "It seemed to cleanse my whole system and make me feel like new. I would take a few doses—get rid of the bile and have my usual clear head, feel full of pep and could do twice the work." One cent a dose. NC-161

This the 30th day of October, 1925. T. B. SLADE, JR., Trustee.
